## CAPAY VALLEY

The Earliest Fruit Land in California. Equal In All Respects to the Famous Vaca Valley Which it Adjoins.

UNPRECEDENTED TERMS:—Interest Only for Five Years at 7 per cent.

Capay Valley is situated in Yolo County, State of California, about 90 miles by rail from San Francisco, and is traversed in its entire length by the Woodland, Capay and Clear Lake Railroad, the distance from Esparto to Rumsey being 21 miles.

The Capay Valley Land Company is offering the most fertile lands in this beautiful valley upon terms that enable the purchaser to pay for the land out of its own product, viz: Interest only for five years at 7 per cent. The only condition imposed is, that a reasonable proportion of the land purchased shall be planted to fruit trees or vines. Land may be bought on this condition on payment of 20 per cent cash and the remaining 80 per cent at the end of five years, with interest annually in advance; at 7 per cent. The various tracts owned by the Capay Valley Land Company, have been subdivided into ten and twenty acre lots, which are for sale at prices varying from \$50 to \$150 per acre. Similar unimproved land in Vaca Valley has recently been sold at from \$400 to \$500 per acre.

The Capay valley lands are under the most favorable climatic conditions for the prosecution of profitable fruit growing; and the locality has proved itself to be one of the earliest in the State.

The railroad passes through all the tracts owned by the Capay Valley Land Company, thus insuring excellent shipping facilities; and the land may now be purchased in the immediate proximity of either the following stations: Capay, Cadenasso, Surrey, Guinda, Sautern, Cashmere or Rumsey.

At many of these places fine orchards of the choicest and earliest varieties of peaches and apricots may already be seen; and during the coming season considerable additional acreage will be planted out. One of the recent sales made by the company was that of Tanager Tract, containing 600 acres to a colony association. This tract has been subdivided into forty holdings, all of which will be planted to fruit trees this season.

The fine orchards on the Guinda Tract, where 800 acres have been sold, are especially worthy of mention; and it is a significant fact that already several of the blocks are owned by successful Vaca valley fruit-growers, who expect to make their earliest shipments from here.

Too much stress cannot be laid upon the great advantage to the fruit grower of being in an early locality. In most cases it makes the difference between success and failure. The industrious orchardist of Capay Valley may rest assured that he will derive all the

benefits gained by the first fruit shipments of the season, and that twenty acres of this rich land, when the trees are in bearing, will yield a handsome and assured income.

The Capay Valley Land Co. has an agent residing at Rumsey, whose duty it is to show the various tracts to and seekers. Four townsites have been laid out in different points in the valley, viz: Esparto, Cadenasso, Guinda and Rumsey. Town lots may now be purchased at reasonable prices and on easy terms. The enterprising and flourishing town of Esparto is situated at the lower end of the valley, and \$125,000 worth of substantial buildings have already been erected, including a fine four story brick hotel, two large brick blocks and water works, with pipes laid in the streets, besides extensive warehouses and numerous residences. The town also has a postoffice, schoolhouse and a weekly paper; and a fine railroad depot containing telegraph and express offices.

Postoffices have also been established at Guinda and Rumsey. This latter place situated at the head of the valley, is the present terminus of the railroad. The comfortable little hotel makes excellent quarters for hunters as well as land-seekers. The advantages enjoyed by the settler in Capay valley may be thus concisely summed up. A soil of great fertility, yielding bountifully every crop. A soil and climate which will ripen all kinds of fruit and vegetables earlier than anywhere else in the State. A climate especially adapted to the curing of raisins and the drying of fruits, without the aid of artificial evaporators. A location that is central and close to markets. Railroad communication which enables shipments to be made quickly and cheaply. Lands which are sold cheaper and on better terms than anywhere else in the State. Take a trip into Capay Valley and convince yourself of its many advantages. Change cars at Elmira and go through to Rumsey, where the agent will meet you, if you advised in time and drive you down the Valley. Wm. H. Mills Agent. Fourth and Townsend streets, San Francisco, Cal.
