

"TWAS I, BENJAMIN."

Harrison now charges his defeat to the mismanagement and treachery of the Republican leaders.

"I am the cause of the downfall of the Republican party. Me, the overly ambitious Benjamin, grandson of his excellency, Harrison the I. The people would not stand the coarse work of the millionaires who tried to jam me down their throats, and for the wrecking of the g. o. p. blame me alone."

It is very bad form for a politician, after his defeat, to abuse all his friends and acquaintances because he was not elected to some fat, lucrative job of four years standing.

The Fair Remains Open.

The World's Fair will be open on Sunday. It has been so decided by the directors. This is right. If an open fair on Sunday is an evil an open saloon is far worse.

It is no derogation of the religious prerogatives of any sect or creed when men and women seek rational diversion on the Sabbath, and in the matter of keeping the fair open on Sunday it is a positive benefit to religion and religious feeling and observance, for it provides a place of assembly for a vast number that would otherwise drift into a vicious environment.

EDITORIAL NOTES.

The man who tries to be the kind of a Christian that everybody wants him to be will go to hell, sure; and the editor who tries to please everybody will be sired by nobody and damned by everybody.

The Puget sound oysters are the largest known, being sometimes two feet across and weighing, inclusive of the shell, as much as sixty pounds.

It is interesting to note that of the 328,000 divorces granted in the United States during the last twenty years, 316,000 were granted at the request of wives. 227,000 of these wives sneaked off after the divorce and married the man who broke up the family.

Gen. Sherman's residence is to be sold at auction soon. Perhaps he is aware that the people are dropping out his attitude of hatred for American industries and intends to go to England, a country he has always voted for while in the United States Senate.

Margaret Mather has again taken a husband into her cast of characters, and he has signed papers to stay with the combination for life but if he monkeys around the stage too much and flirts with the chorus girls he is likely to be bounced. His name is Pabst, but he can't play a Dutch comedy part.

The holidays are almost ready to break out and break everybody and everything else. The boys are making preparations to shake the girls and the girls are laying wires to retain the boys. As it is things are almost even and the wholesale demolishing of savings bank accounts will go on as before.

The adoption of men's saddles and divided skirts by English ladies who follow the hounds is a sensible innovation which ought to have received public sanction years ago.

The verdict of the people is favorable to the new ballot law. There was less confusion than was anticipated, voting progressed expeditiously and the absence of ticket peddlers and heelers about the polls was gratifying.
