Shot at the Plow.

Modesto, Cal., January 5.—Lafayette Steel, a farmer living about ten miles from here, was shot about dark last night while plowing about three-quarters of a mile from his house. Two of his sons, who were a short distance away, heard him scream and when they reached him he was dead.

The bullet which inflicted the fatal wound is from a 45-calibre pistol. It entered the middle of his heart, above the rib.

The Coroner will hold an inquest this afternoon. He was 42 years old and leaves a wife and eleven children. It is not known whether it was suicide or murder.

LATER—The mystery surrounding the killing of Lafayette Steele at his ranch while plowing on Tuesday afternoon has probably been cleared up. At the inquest Fred Reynolds, a neighboring farmer, testified that he, at about the time of the killing, had fired at a hawk in a tree, distant over half a mile, with a Winchester rifle and missed the mark. The bullet in Steele's heart and the one from the rifle corresponded in every particular. No arrest will probably be made.

A Startling Disclosure.

Sacramento, January 4.—The Evening News has just learned that Starkey, the night foreman of the railroad yard here, this morning made a confession in which he admits that Engineer George Jeffries two months ago made a proposition to him and a third party to go out to Brighton and kill Miss Ayers, the operator there, to whom he was united in bigamous marriage. The three went out, but Starkey backed out and would have nothing to do with it.

Jeffries is still in jail here, charged with the murder. This statement clears up the dark mystery surrounding the awful death of Miss Ayers last Thursday night.

Jeffries is the guilty man. His motive was probably to get rid of the woman, who had it in her power to send him to prison for bigamy or break up his domestic life.

The Bakersville Riot.

Johnson City, Tenn., Jan. 6.—Parties from Cranberry this morning say that Snipes was surely lynched, and that 22 men were killed in order to do it. Several others were fatally injured. It is reported that an attempt will be made to lynch the Wiseman brothers, under sentence of death for the murder of Kij Byrd several years ago.

A dispatch from a prominent citizen of Mitchell county pronounces the reported lynching a canard. If the lynching occurred it is greatly exaggerated. Many reported killed are unknown in that section.

Sharon and Ralston.

San Francisco, Jan. 5.—Mrs. Leonide Burling filled an action in the Superior Court yesterday against the Bank of California and the trustees and executors of the estates of Wm. Sharon and Wm. Ralston, deceased, and others.

Yesterday afternoon District Attorney McGowan, acting as ex-officio School Superintendent filled the vacancies in the School Board, by appointing Dr. Guinan and Hyman Oicovich the regular nominees of the Silver party.

They were notified of their appointment last evening and sworn in.

These appointments give the greatest satisfaction among Silver men and reflects credit on the good judgment of the District Attorney.

COMMISSIONERS MEETING.

Dr. Herrick Elected County Physician and J. Newham Janitor.

The County Commissioners had a special meeting at the Court House yesterday.

The District Attorney asked time to complete his brief on the question of the county printing contract. Granted.

A petition from citizens was presented asking for the appointment of J. R. Newham as janitor of the County Building.

Mr. Newham was appointed by a unanimous vote.

On motion of Commissioner Peterson, Dr. L. A. Herrick was appointed county physician, for the term of six months, at \$75 per month, he to furnish all medicines and attend to all indigent.

The vote was unanimous. Adjourned.

The Liliputians Coming.

You have been waiting for a novelty in the amusement line for a long time. Well, now, here it is, and it is, beyond a doubt, the greatest novelty now before the public. We refer to Mrs. General Tom Thumb's company of midget performers, which play at the Opera House Monday night, Jan. 9th. They are the smallest people in the world, with the smallest ponies and smallest carriage, with the smallest coachman, and supported throughout the play by the smallest actors; making in all the largest attraction on the stage today. This company has appeared before the nobility and crowned heads of Europe and is now on a tour around the world, which will positively be the final one for Mrs. General Tom Thumb, the most noted little lady that ever lived.

Cause to Complain.

A compositor on the APPEAL staff wishes the practice denounced of ladies holding their skirts too high when crossing a muddy street.

He says that there is a modest limit to the raising of the dress and that the edge of the skirt a few inches above the mud is enough. The reason of his feeling in the matter is that yesterday while watching a lady cross the street, who showed an exceptionally pretty ankle—and even more—he ran his face against a tree in front of the Capitol square and was nearly knocked senseless. The poor fellow certainly has just cause for indignation.

Shingling.

Leave orders at this office or the Brigg's Hotel, if you want your house shingled. We are ready to do anything in the repair line, and will guarantee good work. Give us a trial. j51m

Vale and Manney.

An Arizona paper suggests that a law be enacted compelling election committees of the several parties to give bonds for payment of their bills. Almost all newspapers suffer heavily from neglect of these bodies to redeem their obligations. The weaker papers suffer most because advantage is taken of their habitual leniency. They pay cash to employes for doing the work, and get paid in thanks and worthless pennies to a disastrous extent.
