

THE KANSAS MATTER.

Governor Leavelle has given the Associated Press an official statement in writing in regard to the late unpleasantness. He says the Republicans boast of having carried the fight. The fact is that the Populists never lost sight of the central idea in the contest, the preservation of the Populist House. It was to destroy this House that the Republicans made their fight. Had they succeeded, it would have thwarted all reform legislation. They know that the laws passed by it are valid, and that to declare otherwise the Supreme Court would have to revise all respectable precedents at partisan demand and face a wave of public indignation unparalleled since the notorious Judge Trescolian was followed to the scaffold by an outraged people who exulted at his just but shocking execution. Corporate greed determined to prevent the enactment of any reform measures by the Populists.

The Government then goes on to enumerate the acts of the Republican House intended to extinguish the House of the Populists, beginning with the attempted arrest of its chief clerk and to be followed by the arrest of enough Populist members to break the quorum. This, he adds, did not succeed, and though the Republicans succeeded by a compromise in driving the Populists from the hall, their organization is still intact. Even this was only brought about through the disloyalty of the State militia and the county sheriff. He declares that the militia had been recruited and doctored up to this end for two years. Unmasking Republican treason, perjury and lawlessness compensates the Populists for all indignities suffered, however.

AFTER THE PRISON.

Washoe Lobbyists Here in Force.

Yesterday a lot of Washoe lobbyists were up here trying to persuade the legislators that the State Prison could be picked up and carted down to Reno for \$20,000. They did not make much headway and were told by a good many of the members that the people of the State would not stand the big tax that the prison removal would saddle on the people. The Washoites had a meeting the other night at Reno.

Assemblyman Pike announced that he had a matter of great importance for the people to discuss, which was the moving of the State Prison to Reno. He said he had no doubt it could be done, for Warden Bell had shown the investigating committee the deplorable condition of the prison and had satisfied them it would require between five and ten thousand dollars to make it habitable. He therefore believed the Legislature would vote for its removal if the expense were not to exceed \$20,000. The fact that the shoe business has proven a failure and that the quarry can no longer be run at a profit are arguments that will have a great leverage on the members of the Legislature.

General Powning said it would not cost over \$25,000 to make the removal with convict labor. He therefore moved that Washoe stand all expenditure for removal over \$20,000. Dr. Hogan and J. B. McCoullough objected to Powning's motion on the ground that they believed the removal would cost \$100,000 or more, under which circumstances it would not be right to bond the people of Washoe to the payment of so large a sum. Senator Foley said that Senators LaGrave and Cameron had stated they would take the contract for its removal for \$25,000.

After considerable more discussion on the matter, during which it was shown that it would be of great advantage to the State to have the Prison located on the Truckee, it was finally decided to guarantee one half of the required expense for removal, which half was not to exceed \$20,000.

The following committee was then appointed to go to Carson as representatives from Reno in the interests of the bill: Messrs. Martin, Powning, Thompson, Alt, Leete, Ryland, Bender, Ward, Evens, and Novacovich.

It is now deemed impossible to finish up the legislative work properly in 40 days. The Governor says that the members should not leave their work until it is properly done.
