

SCIENCE AND SPIRITUALISM.

About a year ago at a spiritualistic seance in New York, the prediction was made that there would shortly be a manifestation of unseen powers which would receive the approval of scientific endorsement.

When found she was an ironer in a laundry, quite poor and uneducated. In the presence of a number of scientists she held her hand over a table in the light and caused it to rise from the floor.

This is, we believe the first time that spiritualistic manifestations ever received approval from scientists of such high repute.

The report is signed by Giovanni Schiaparelli, director of the Astronomical Observatory, Milan; Carl du Prel, doctor of philosophy, Munich; Angelo Brofferio, professor of physics in the Royal School of Agriculture, Portico; G. B. Ermaecora, doctor of physics; Giorgio Finzi, doctor of physics.

At some of the sittings were present, Charles Richet, professor of medicine and editor of the Revue Scientifique, and Cesare Lombroso, professor of medicine, Turin.

THE TRESPASS ACT

Following is the text of Senate bill No. 15, which has received the approval of the Governor:

Section 1. It shall be unlawful for any person or persons to herd or graze any live stock upon the lands of another without first having obtained the consent of the owner or owners of the lands so to do; provided that the person claiming to be the owner of said lands has the legal title thereto, or an application to purchase the same, with first payment made thereon.

Sec. 2. The live stock which is herded or grazed upon the lands of another contrary to the provisions of the first section of this Act, shall be liable to all damages done by said live stock being unlawfully herded or grazed on the lands of another, as aforesaid, together with cost of suit and reasonable counsel fees, to be fixed by the court trying an action therefor, and said live stock may be seized and held by writ of attachment issued in the same manner as provided by the general laws of the State of Nevada, as security of the payment of any judgment which may be recovered by the owner or owners of lands for damages incurred by reason of a violation of any of the provisions of this Act, and the claim and lien of a judgment or attachment in such an action shall be superior to any claim or demand which arose subsequent to the commencement of said action.

Sec. 3. This act shall not apply to any live stock running at large on the ranges or commons.

Sec. 4. An Act entitled "An Act to prevent trespass upon real estate by live stock, and other matters relating thereto," approved March 15, 1889, is hereby repealed.

Harrison signed the uniform car coupler bill. The slaughter and maiming of trainmen is to continue for five years more, or longer, at the discretion of the interstate commerce commission. Two years would have afforded ample time for introducing uniform car couplings.

The California Legislature attempted to make the farmers give full weight to the 2 lb. butter rolls of the Golden State. The bill fared the same fate as the attempt to make Nevada wood dealers give 128 cubic feet to the cord.

The other day a Carson sport palmed off one of the new postage stamps on a Chinaman for a two-dollar bill.
