PITILESS WOMEN.

Not a single woman in all Fall River extended a single word of sympathy to Lizzie Borden during her trial. Not a spray of green or a single flower to gladden her, when she came in, day after day, from her cold cell to face the scorn of the mob or the pitiless cross questioning of the attorneys.

Instead was an array of her own sex who were there to see her writhe under the torture of the judicial proceedings, and who smiled and nudged each other every time the lash of testimony fell across her.

Were it a man being tried, those same women would have covered his table with flowers and filled his cell with them. A jury of petticoated sympathizers would have been turning heaven and earth to save him.

Of all the cold, steel-hearted creatures in the range of the animal kingdom, a woman stands at the head, when her own sex is the under dog.

The Lander County Ring.

Lander county like Ormsby, has been saddled with a county ring.

The Reese River Reveille contains a communication from a taxpayer asking why the law is not enforced in the matter of preventing Commissioners from letting contracts to themselves.

A letter is addressed to the District Attorney, and when the question is asked he admits that the law has been violated over a hundred times and that it is an indictable affair. Yet he takes no steps to do anything toward remedying the evil.

In this county the Silver Party has stopped the fraudulent contract system, and the case is still pending an appeal to the District Court. When Rising sits here again, the matter will be decided.

Other counties throughout the State that have been looted by this lawless method, are anxiously watching for a decision.

It is plain enough on the statute books, but everybody seems to want its indorsement from the Court.

Austin Coming to the Front.

The Reveille has the following encouraging news:

The Austin Mining Company have a force of men at work repairing the track of the street railroad. In several weeks more the motor will "climb the hills up" as in "days of yore." The track is to be extended to the Union mine, the Clifton tunnel and other places where work is to be done.

If silver was worth anything like a fair price the Austin Mining Company would make Austin one of the best camps on the coast, and as it is they are doing nobly. May their good work go on.

The Carson APPEAL shows by figures from the Auditor's books that the silver party ran Ormsby county \$2,750, cheaper the first five months of 1893 than the Republican party did in the corresponding months of 1892.—Journal.

The lesson taught by these figures does not prevent our blinded contemporaries from shouting against the Silver Party and accusing it of looting the treasury.

Facts and figures are not required in an argument by our Republican contemporaries. The public however recognize their value and the taxpayers have sense enough to know what they mean.

The Truckee Republican says in digging a ditch for the new water pipe in Truckee a safe was unearthed which had been rolled out of a burning building 23 years ago, and which had been buried in the debris and long ago forgotten. It is surprising that the Truckeeites did not advertise the find as a relic of prehistoric times.

The S. n Francisco Spirit of the Times has commenced the thirty-ninth year of its publication. It has during all that time been under the editorial control of its present proprietor, who is now the oldest editor in the State, and not to know Marcus—Marcus D. Boruck—is to argue one's self unknow...
