What will future generations think of the civilization of our present day that tolerated a money stringency for months, years, with \$100,000,000 of gold and 12,000 tons of silver locked in the treasury?

Why do you not hear of any panics and bank failures in France? Because the bank of France pays out gold or silver to suit its own convenience, and there is no appreciation of gold nor depreciation of silver.

Wonderful Jerusalem.

Jerusalem! What a world of thought is awakened by a single word spoken. Jerusalem—the loved, the hated, the idolized, the despised; destroyed and rebuilt again and again; the scene of the Savior's tragic death. The cradle of the Christian faith; the inspiration of humanity. How wonderful is thy history! What a theme for the poet and the painter. Every hill and valley so rich in tender associations, the very nerve center of religious history. Fortunately the ancient city and all the surrounding country has been reproduced by the painters' art in a great Cyclorama, showing the city in its glory under Herod, and at the time of the Crucifixion of the Savior. The view upon Calvary is a triumph of religious conception and artistic painting. The whole scene is bathed in a weird twilight atmosphere that adds greatly to the intense realism of the whole. In connection with this great Cyclorama is the famous painting, Christ's Triumphant Entry into Jerusalem. These two superb historic works are on exhibition at the corner of Wabash Ave. and Hubbard Court, Chicago, just two blocks south of the Auditorium. No advance of price, we are informed, will be made during the World's Fair and one ticket admits to both exhibitions. Intending visitors to Chicago should make note of them

Central Committee Meeting.

At a special meeting of the County Central Committee of the Ormsby County Silver Party held last evening, the following resolutions were adopted:

Whereas, It has come to the knowledge of the members of the Central Committee of the Silver Party of Ormsby County, that the School Trustees of Carson District contemplate making necessary changes in the Public Schools;

Resolved, That we, representing the Silver Party of Ormsby County, are opposed to carrying politics into the Public Schools, and we unqualifiedly condemn such action as a repudiation of the pledges made to the taxpayers during the campaign.

We furthermore call the attention of Messrs. Guinan and Olcovich to the fact that such a course would be not only a departure from the principles of the party, but also a violation of a distinct pledge made by them to the Central Committee at the time of their appointment.

Rich Gravel Diggings.

On the Jefferson ridge leading up from Nevada City, California, are situated several prominent gravel gold mines, some of which pay regular dividends. A rich strike of pay gravel, recently made in the Lupin mine, yielding over \$17 to the carload, as well as another in the San Jose mine, showing a goodly amount of coarse, heavy gold are creating quite a lively sensation in that quarter. Both mines adjoin the famous Centennial on the West and South, and are doubtless developing the same big gravel channel. Some Carsonites and several Comstockers are the principal owners of the Centennial.

School Exercises.

Everyone who is interested in the future of the Carson High School, should have a seat reserved for the coming entertainment on Saturday night, July 1. The members of the Debating Society are very anxious to have a good piano placed in the public school, hence they ask an admission of 25 cents. In order to make the evening as entertaining as possible, the members have engaged talent outside of those connected with the school. No one should fail to purchase a ticket, even if not able to be present at the exercises. The box-sheet is now open at the City Drug Store. No extra charge to reserve seats.

BEAUTY CONTEST.

NAME:

Guiteau's Sweeping Curse.

Guiteau's skull was kept in the Army Medical museum which collapsed in Washington last week, killing and maiming so many people. It is probably buried in the ruins and ground into powder. Before his execution Guiteau issued a dragnet curse which included every one who had anything to do with his conviction and mankind in general. Superstitious people may connect the presence of Guiteau's skull in the building in some mysterious way with the terrible catastrophe.

McDonald's Methods.

Some years ago McDonald, of vinegar bitters notoriety, and President of the Pacific Bank, sent a half column adv. to the APPEAL with a note saying that if we run the adv. a year, the Bank would then determine by the increase in its business how much it owed us.

This struck us as more cold gall than ever seen even from a bank. Since the collapse of the institution, the managers must be able to figure out by this time how much money the newspapers owe them.

Tin Wedding.

Last Sunday Mr. and Mrs. James Howard celebrated their tin wedding at their ranch near Franktown.

Parson Davis of this city, officiated at the ceremony in the presence of a number of invited guests. A banquet followed and the guests enjoyed themselves to such an extent, that Howard remarked that it was a bigger affair than his original marriage. The APPEAL acknowledges the receipt of the usual cake and wine.

Homicide at Darwin.

Neil McLean shot and killed a man named McFotridge, alias "Three Finger Jack" at Darwin, Inyo county last Saturday. After the shooting McLean drove to Keeler and gave himself up. It is claimed that the killing was justifiable.

Capt. J. A. Todman has extended a cordial invitation to the Truckee Drum Corps to enjoy a free ride around Tahoe on his steamer. He will make them welcome at any time but prefers they would come some Saturday in July.

As silver goes down the scale, wheat, cotton, tobacco and sugar are trying to keep pace with it. It is these object lessons that are causing the farmers of the Southern and Middle States to turn their eyes toward the Populist Party and free coinage.

Owing to the county teachers' examination, the date of the graduating ball has been changed from the 7th to the 12th. Tickets hold good, of course. The affair is for the purpose of raising funds for the purchase of a piano for Prof. Howe's room.

Western bred horses continue to win the big races. What has become of those vaunted Kentucky horses from the blue grass region? Blue grass whisky is taking a back seat along with the bang-tails of that State.

The Carson Guards will have a street parade Thursday night. Every member should appear as the Guards should make a fine appearance on the Fourth.

The Clearance Sale.

M. Cohn's clearance sale is still a drawing card, and the goods sink lower and lower in price every day. You had better be there early or it will be too late.
