

MORNING APPEAL

FRIDAY.....JULY 21

L. P. Fisher, newspapers advertising agents, 21 Merchants' Exchange, San Francisco, is our authorized agent. This paper is kept on file in his office.

WILL THEY DO IT?

It was only three years ago that the South reached out her arms to the new West, (as impudently as Lord Ullinn's daughter,) for aid against the passage by congress of the odious Lodge force bill. She got that aid; that help; the bill was sent to the grave of the Capulets; and the South, ever intending to be chivalrous, was rescued by that aid from the deepest sectional humiliation.

Now the new West is asking the chivalrous South to aid her in averting financial ruin and degrading bankruptcy, by aligning with her in defense of silver. It is a debt past due, unpaid, and owing, which it will not injure the South to pay, and which, if repudiated, will leave a stain too indelible for the waters of the Lethe to remove.

Will the South obey the calls of duty, or listen to a president who is dishonoring his high office to injure, not the new West alone, but all the laboring classes of the nation? We shall soon see.—Techapi Tribune.

NEW YORK AROUSED.

Will Send Delegates to the Chicago Convention.

The recent call for a meeting of the silver leagues of this State was given to the Associated Press, and it seems even the goldbug papers of New York published it in full, and as a consequence has aroused enthusiasm there, as the following letter from the chairman of the supreme council of the American Industrial Political Union will explain:

NEW YORK, July 12, 1893. CHAIRMAN SILVER PARTY, NEVADA.—Dear Sir: The workmen of New York and the East are with the producers of the West heart and soul on the question of free coinage of silver, and consider it an infamy that the industries of your State should be spurned by Congress and the President by order of the Shylocks of Wall or Lombard streets.

We will hold a meeting of our organization on Friday evening and elect delegates to the Chicago convention, and we hope that two or three will be able to spend the time and money to attend it. We could send 1,000 men from New York to the free silver men's meeting at Chicago July 1st if our men were bankers or members of the chamber of commerce, but as we are workmen, who are the victims of the financial system of robbery in New York as well, or more so, than you are in Nevada, we can scarcely earn enough to live on and to raise and care for our families.

If the mine owners, merchants and manufacturers of Nevada and Colorado were wise they would send a delegation of their best men East to hold meetings in our large cities and arouse the masses on this question and secure their aid and co operation. It is the East that needs education and organization.

If I had the means I would charter a train of 10 or 20 cars and take to Chicago a delegation of the leaders of the workmen and business men of New York, Boston, Philadelphia and other Eastern cities, representing a million workers and toilers, who, with bands and banners, stopping on the way to make speeches and take on delegates, would make such a demonstration that the whole East would be aroused, and the West and South so cheered and enthused that no enemy of the people would dare to pass a bill to repeal the purchase of silver or against free coinage.

Yours,  
W. A. A. CARSEY,  
Chairman.
