THANKSGIVING.

The Way Jim Wiggins Will Entertain Visitors in Empire.

On the 29th and 30th of the present month Jim Wiggins will turn loose the biggest lot of sport ever seen in Empire.

TURKEY SHOOTING.

The distance will be 200 yards, with rifles, at 25 cents per shot, nobody barred. The above pictures represent the style of turkeys.

CHICKEN SHOOTING.

These pictures are not hens, exactly, but will suffice to show the breed he will put up. The distance will be 45 yards, one shot for 25 cents, nothing larger than No. 6 shot allowed.

TROWING AT DUCKS.

Ducks will also be put up for expert throwers to throw sticks at; ten cents per shot will be charged. You will also get a chance at chickens with their heads out of a box, 30 yards distant, with pea rifles (22 caliber), 2 shots for a quarter. An invitation is extended to the crack pigeon shots to try their luck at trap shooting. Matches and rules can be made on the grounds. Nobody barred in any of the above events.

MASQUERADE.

On Thanksgiving night there will be a masquerade at Wiggins' Hall, and costumes can be had at the hall. He has arranged to have a lot of new and attractive costumes on hand. Tickets one dollar, admitting gentleman and ladies. Mrs. Kohl will have a big spread ready for hungry people, and there will also be plenty of stable room for those who come by private conveyance. Jim Wiggins will spare no pains or expense to make this the grandest Thanksgiving Empire ever saw.

Kelly's German Boy.

A few days ago Charles Kelly's only son reached this city from Germany. He is five years old and has been in Germany so long that he only speaks in the tongue of the Iron Chancellor.

Kelly clasped his boy in his arms and began to call him pet names and the kid merely answered, "Spricken si Dutch."

This knocked the father out and he is unable to talk with his son without the aid of an Anglo-German dictionary.

Put Up or Shut Up.

If any of the goldbug voters or Demo-Republican sympathizers in this State feel so sure of the Republican party carrying Nevada at the next election they ought to be willing to back their judgment and to give them an opportunity, a reader of the Silver State has authorized us to announce that he has \$500 or any part of it to wager that the Republicans do not carry Nevada at the next election. Now put up or shut up.—Silver State.

Shipping Cattle.

The [Journal] says: Russell & Bradley have sold 650 head of beeves to the Barden Slaughter Yards, and the firm is having 500 head of steers shipped to Reno to fatten for the market. Mason & Bradley are also shipping 1,100 of beef cattle from their Elko ranch to Lovelock to fatten for the spring market. They have also sold twenty-seven carloads of beef cattle to the Baden Slaughter Yards.

NEVADA'S BIG SCOOP.

SHE CAPTURES 35 AWARDS AT THE WORLD'S FAIR.

She Swept the Field With Everything She Exhibited.

The people of Nevada as yet hardly realize the importance of the great score made by Nevada at the Columbian Exposition. It almost takes one's breath away to realize that Nevada, the little despised State that the East is calling on to get out of the Union, took first premium on everything she exhibited.

They simply had to stop awarding medals and premiums when there was nothing left to award on.

No other State in the Union, or country in the World can boast of such an unprecedented record.

Here are the awards:

DEPARTMENT A, AGRICULTURE.

First premium on flour, (from the Riverside Mills, Reno,) wheat, barley, millet, oats, timothy, alfalfa, bunch grass, seeds, sorghum, potatoes, honey, butter and cheese.

DEPARTMENT E, MINES AND MINING.

Sky blue marble, W E Lindsay. Sulphur, Alex Wise. Silica, Silcox Manufacturing Co. Refined borax, Nevada Salt & Borax Co.

Native rock salt, D Bonelli.

Mineral Exhibit, J Grandlemeyer. Mineral Exhibit, State of Nevada.

Native Tincal, Conn & Trude.

Borax Precipitate, Conn & Trude. Native carbonate of soda, Inyo Development Co.

Bi-carbonate of soda, Inyo Development Co.

Native soda crystals, Inyo Development Co.

Soda ash, Occidental Alkali Co.

Natural carbonate soda, Occidental Alkali Co.

Refined soda, Occidental Alkali Co.

DEPARTMENT B, HORTICULTURE.

There were 49 varieties of apples in this exhibit, contributed by Ross Lewers of Washoe, James Howard, W H Joy, from Reno shippers, and unknown shippers from Humboldt, Nye and Lincoln counties.

The Committee, finding that the Nevada apples were not on exhibition in the Horticultural Department, went outside the department to make the award, a thing only done in this one instance.

They said that the Nevada apples were so far in advance of the other pomological exhibits as to justify them in this action.

CHEMICAL TESTS.

In all the exhibits of minerals and primates, Mr. Yarrington insisted on accurate chemical tests. As a result Nevada swept the field again. The Nevada salt recorded 99.98, exhibited by D. Bonelli of Lincoln.

The exhibitors also sent the first grapes and figs to the World's Fair, arriving there in advance of any other state on June 17th.

Alexander Millet of Humboldt took first premium for sulphur. Its test showed 99.92, capturing the first prize for purity against the world. The Occidental Alkali Company captured the first award for natural carbonate of soda with a chemical analysis of 91.90.

The Silica Mining Company of Esmeralda had a big array of the polishing compounds of the Eastern companies against them. Heretofore the Aluminum Lustre Co. of New York has stood at the head of these companies, but it had to lower its colors to Nevada. Our native silicate assayed, silicate 92 per cent, aluminum, 6 per cent, magnesia 2 per cent. The aluminum gives it its high polishing power and the other companies could only show one half of one per cent of this. Hence the award to Nevada.

Nevada is already beginning to realize the benefits of the advertising these awards gave her, and orders from the East for apples have been coming in so fast during the last few weeks that every apple in Nevada will be purchased before January 1st. Last winter apples were a drug on the market here but had the big fair been held the year before, every apple would have been taken by Eastern consumers.

There is also a lively demand for potatoes and the chemicals that took the premiums in Chicago such as borax, salt, silicate, etc. Now if we all strike while the iron is hot and make a big Midwinter exhibit, the result will be of inestimable advantage to the State, if we can press the advantage already gained.

The prizes won by Nevada can be seen in the Governor's office where they are hung up for inspection.

Big Rush of Trout.

For the past six years Mr. Mills, the Nevada Fish Commissioner, has been putting young fish in the large reservoirs of the Carson Water Co. Every Fall when they are cleaned out, no fish are to be found, and it has been a great mystery as to what has become of them. The Water Co., have large 18 inch to 20 inch mains through the city, which are tapped with 1/2 or 3/4 inch pipes to supply the houses about town with water. This Fall Mr. Hunt of the California Fish Commission came over to get some spawn from Marlett Lake and fixed up a nice hatchery and got permission from Mr. Daugherty to tap the mains with a 4-inch pipe to get water for hatching purposes. Yesterday morning Mr. Hunt having over slept himself did not get to the hatchery until a few minutes before 7 in the morning. Imagine his surprise on opening the door to see all his boxes full of fish from 4 to 8 inches long, when the night before they only contained spawn. There were hundreds of fish from 1/2 to 2 pounds weight. He hastened to Mr. Daugherty's office for an explanation. Mr. Daugherty could only say that the lost fish of Mr. Mills must have been living in the water mains and found their way out through the 4 inch hole Mr. Hunt had cut in the pipe. Of course Mr. Hunt claims the fish, and there is a chance for a law suit between the Nevada and the California Commission, as the lot is very valuable. The two Commission have heretofore been on friendly terms, and it will be too bad to have a rupture on this account.

From Empire.

Empire, Nov. 29, 1893.

Wiggins' shooting match was a grand success, being liberally patronized by the sporting fraternity of Carson, Empire, Brunswick and Merrimack. The day was rather windy for good shooting, but the wind did not prevent Saffell, Cowing, Little and Will Bliss from getting turkeys for less than 20 cents per pound. The pigeon match was hotly contested by Hamilton, Blair and Hickey. Hamilton won, but the Empire shot gun brigade bagged more than the contestants—outside the lines. Captain Jack Lloyd lost his balance while crossing the razing Carson, and falling overboard had to swim ashore. The incident created much merriment, but Jack don't see that it was so very funny. First mate Baxter met with a similar accident. The match goes on tomorrow, and Jim has two tons of turkeys left, (more or less.)

NEIL MAHER.

Footie Coming.

Richard Foote, the famous actor, will play Monday and Tuesday of next week in Va. City, Wednesday and Thursday in Carson, Friday and Saturday in Reno. He will donate the net proceeds to the Nevada Fair Commissioners, and everybody ought to turn out and help the Nevada exhibit. Popular prices.
