SURROUNDED BY MYSTERY!

A Great Mistake.

A recent discovery is that headaches, dizziness, dullness, confusion of the mind, etc., are due to derangement of the nerve centers which supply the brain with nerve force; that indigestion, dyspepsia, neuralgia, wind in stomach, etc., arise from the derangement of the nerve centers supplying these organs with nerve fluid or force.

The white lines are the nerves which convey the nerve force from the nerve centers to every part of the body, just as the electric currents conveyed along the telegraph wires to every station, large or small.
