Elko is to have a first-class flour mill. Frank Terry, the mill-right who put up the new mill at Lovelock, is now engaged in tearing down and remodeling the old Elko mill. The new structure is to be three stories high with a basement, and will be fitted with the latest machinery.

There is always a class of people in every town who make a specialty of kicking at the local papers, proclaiming to admiring crowds what hidden talent they possess in the line of running a small journal. They are non-subscribers and only manage to see the paper in some other man's house.

A girl 15 years old who resides on the Comstock, and whose name the Chronicle fails to state, ran away from home Sunday. The police found her at the home of a young man who has been paying her attention and took her home. Yesterday she took a dose of carbolic acid with suicidal intent. The Doctors pumped her out and it is thought she will recover.

### Left The Mint.

John T. Jones, Assistant Melter and Refiner of the Carson Mint, severed his connection with that institution at noon yesterday.

No reason is assigned for his leaving, and it is not known whether he was discharged by his principal on account of the investigation in the department or whether he resigned.

It is said that Charles Gabriel of Virginia City is booked as his successor.

### The Overland Flyer.

The Chicago, Union Pacific, and Northwestern Railways form the only line running Pullman drawing-room sleepers and dining cars daily from San Francisco to Chicago without change. Time to Chicago only three and one-half days, and to New York four and one-half days.

Select tourist excursions to Chicago daily without change in Pullman up holstered tourist cars.

It is a powerful remedy and for rheumatism is the king of the world. Aches knocked out in short order. No horseman should be without a bottle. Benton's Liniment is for sale at all drug stores.

## EUREKA CORRESPONDENCE.

### Notes on Mr. Allen and other Base Range Politics.

Eureka, Nevada.

April 3, 1895.

#### EDITOR MORNING APPEAL:

The people of this little city were somewhat surprised last Monday morning on reading the APPEAL, to see such a correct account of the reception (?) tendered Mr. Allen by some of his personal friends.

Whoever worked up that meeting knew what he was about, even though the Carson Tribune don't like it.

The Tribune had a great deal to say about Mr. Allen's honesty, and further said he must have felt very lonesome in the late Legislature. Evidently the Tribune's pencil pusher does not know that Mr. Allen went around the town of Eureka as a Silver Party man securing signatures to his petition of nomination, knowing as he did that Eureka was strongly in favor of the Silver Party. In the meantime quite a Populist sentiment sprang up and Mr. Allen became a howling Populist. If this be honest politics, why then Mr. Allen is entitled to great credit for honesty and the Tribune hasn't given him half the credit due him.

The County Central Committee of the Silver Party of Nevada, will hold a meeting in a few evenings, the object of which will be to remove Mr. Sadler, (the political contortionist of the Base Range) from the Chairmanship of that Committee, and at the same time request that the Silver Party banner be placed in some public building where the citizens can occasionally see it. It must be remembered that the Silver party voters of Eureka County won that and not any one particular faction.

The charge of embezzlement against Mr. Sadler was dismissed after a two days examination.

Mr. Sadler has commenced suit against Mr. Doyle, the man who had him arrested, for the paltry sum of twenty thousand dollars. Mr. Sadler alleges that his reputation as a business man and politician has been injured to that amount.

Mr. Doyle is willing to compromise matters. He says that if Sadler will let him have a few thousand dollars until he, Sadler, is again elected to a public office in the State, that he will give him a judgment for the full amount. Sadler is nobody's fool and doesn't intend to let his money out for such an indefinite period. In case such a compromise cannot be made and Sadler should get a judgment for the amount, Doyle will have no trouble in raising the money, as any of our business men could advance him the amount without any trouble.

Some of our local financiers claim that the recent raise in silver is due to the fact that this judgment will have to be paid in silver.

We are anxiously awaiting a letter from Hon. Thomas Wren, telling the honest and intelligent voters how they must act.

This is the same gentleman who but a couple of months before the last election, in a speech delivered in the Eureka Court House, advised the voters of Eureka County to take any money that the old parties might give them for their votes and put it in their pockets, and vote the way it suited themselves.

Any man who takes money for his vote, no matter how he does vote, is a party to a dishonest transaction. How any man can advocate such a measure before election and then come out after election in newspaper articles telling how the railroad collar is placed around the necks of the different Assessors, Commissioners, and members of the Legislature, and allude to them as being dishonest, is more than any one can understand. It's simply a case of advocating dishonesty before election and crying it down after election.

J. W. Lambert and I. C. C. Whitmore, two of our most prominent merchants, have gone into co-partnership under the firm name of J. W. Lambert & Co. They will conduct their business at the old Remington, Johnson Co's stand on Main street. Mr. Luther Clark, our new postmaster, took the office on the 1st inst. If Mr. Clark will give as general satisfaction as did his predecessor, Mr. W. J. Smith, no one will have cause to complain.

Mr. Anthony Culton, who for the past four years has been our genial deputy P. M. and telegraph operator, leaves for his home in San Francisco next Friday. Mr. Culton leaves for good and his leaving is regretted by the entire community.

The Kopp Bros. are fixing up some big teams to haul the ore from the Diamond mine. They will have steady hauling all Summer, as there is lots of ore in the ore houses, and rumor has it that the mine is looking better than it has for many months. Sam Morris (Tybo Sam) the stage

driver has been adjudged insane and will be sent to the asylum Friday morning. Sheriff George Clarke will accompany the unfortunate man to Reno.

Yours, "Index."

### Herminie.

There was a good house last evening to witness Herminie. It is a powerful melo drama of the Franco-Prussian war and full of stirring scenes and good dramatic situations. The two stars of the troupe are Mr. Smith and Miss Lieb. Their dramatic work is of the first class, both being very painstaking and competent artists.

The support is also excellent. Miss Aneta Bridges made a very charming stage picture in the ingenue role of Estella Duval making it a very sweet and attractive character. Miss Margaret Reid had a thankless role to portray in the character of Germaine Beauferrand, but she played it to its full capacity and with good judgment. The rest of the cast was very satisfactory, and there is every promise of a large house this evening to witness the production of "Infatuation" with a very strong cast.

### Differing Opinions.

The Enterprise insists that Mr. Sadler was arrested in Eureka by Silver men because he had deserted the party.

The Eureka Sentinel however, a paper published on the ground, says:

The examination of Lieutenant Governor Sadler last week on the charge of embezzlement instituted against him by J. D. Doyle, a creditor of Mr. Sadler's, resulted in Mr. Sadler's acquittal. There has been bad blood between the parties for a long time over business affairs. Mr. Sadler has commenced suit against Doyle for malicious prosecution, laying his damages at \$20,000. The prosecution was not in the remotest degree the result of Mr. Sadler's political action.

### Silver the Issue.

George T. Rives, who returned from St. Louis last evening, says that there is a wonderful change in the sentiment of Eastern people regarding the silver question. A work entitled "Coins Financial School," is being generally circulated. It is published in Chicago, and Mr. Rives says that no matter where you go this work is before you. Eastern people are showing a wonderful interest, and "Free Coinage of Silver" is heard from every side, and Mr. Rives says that there is no doubt that silver will be the issue of the next campaign and without question will win.—Journal.

### The Shortage.

It is now ascertained that the shortage goes back to Sam Wright's administration.

The San Francisco Chronicle states that three bars of Carson Mint bullion have been traced to the Selby Smelting works and that the men are known to the detectives. There are supposed to be five men connected with the shortage, two in San Francisco and three here. The examination will probably be over this week.

J. T. Jones and Ernest Harris were suspended yesterday. They have been employed in the Melter and Refiners Department. Jones was indefinitely suspended, but Harris was merely laid off a day or two for some trifling infringement of Mint regulations.

### The Infamous Wilde Case.

London, April 8.—There is not the slightest ground for a report that Oscar Wilde attempted to commit suicide, and it is not even that a rumor to this effect was current. Further startling revelations in connection with the Wilde case are hinted at. It is said that Alfred Taylor has determined to drag Wilde down with him. If this is the case this will involve many men in England who have been freely whispered about in connection with the scandal.
