

THE MORNING APPEAL.

The Official Paper of Ormsby County
TUESDAY, APRIL 16

ALL SORTS.

Prof. Zimmer has composed a Keckey march.

J. Wilkes Booth is said to be alive in South America.

Ex Lieutenant Governor Poujade will practice law in this city.

Ex-State Controller Hobart of this State died in Vermont last week.

The Raymond Hotel at Pasadena, Cal., was destroyed yesterday by fire. Loss \$1,000,000.

Examinations for the railway mail and Indian services will be held at Reno, Nev., on April 26, 1895.

All the churches were handsomely decorated on Easter and there was special music and children's exercises.

Miss Hazel Fox, with the assistance of a large number of friends, celebrated her sixth birthday Friday evening.

A man named Hubet was arrested in Reno for catching fish out of season, the object being to test the new fish law.

J. N. Kirk, of Butte, Mont., is again here after a very pleasant visit to the flower carnival, hills and valleys of California.

Hon. J. H. McMillan formerly of the Winnemucca bar, but now of Ogden, Utah, is in attendance at the present session of the Supreme Court.

Hon. George S. Sawyer, late candidate on the Populist ticket for Attorney General, is in from Pioche and engaged in business before the Supreme Court.

Mr. and Mrs. E. L. Buckingham left for San Francisco on Sunday evening. They will make their future residence there. The Buckinghams are old residents of Nevada and they will be missed by their large circle of friends.

The signal service flag says we may look for warmer weather. Although the flag sometimes predicts the wrong weather indications, it would be well for everyone to prepare for Spring weather by looking at Will Day's new stock of Spring and Summer clothes and straw hats.

A capitalist named Thomas fell from the roof of a two story house at Oakland a few days ago and the only injury was to create a sensation among his near relations. Had he been a poor man with a house full of children and no insurance on his life he would have been killed.

McKinley says that he does not believe that any number of Republicans are in favor of free coinage. If Bill McKinley don't know anything about the Republican party, there is no Republican that does, says the Idaho News-Miner. It is because he does know and has said so that McKinley is now the subject of adverse criticism by the Republicans for "giving them away" at this early stage of the game.

In the Supreme Court yesterday, by consent, the case of the State vs. Wong Fun, in which the defendant, a Chinaman, was convicted of murder in the first degree and is now under sentence of death in White Pine county, was temporarily postponed in order to give precedence to a civil case, out of accommodation to J. H. McMillan of Ogden and Geo. S. Sawyer of Pioche, who are here in attendance as attorneys in the case.

A Serious Accident

About 5 o'clock yesterday afternoon while Josie Duffy's little girl was playing around the yard John Meders youngest son fired a pea rifle at her the ball hitting her just above the right eye, the ball must have penetrated the brain as Dr. Lee has failed to locate it. The sight of the eye is thought to have been destroyed and the little ones life is considered in danger. It is said that the shoot was purely accidental and the accident happened in play.

WANTED.

A lady wishes a situation to do any kind of house work, city or country. Inquire at the Ormsby House.

When Baby was sick,
We gave her Castoria.
When she was a Child,
She cried for Castoria.
When she became Miss,

When she had Children,
She gave them Castoria.

STRIKING DOUBLE TRAGEDY.

SAN FRANCISCO EXCITED OVER THE MURDER OF TWO GIRLS.

On Sunday all the papers got out extras announcing that Blanche Lamont had been found dead in the belfry of the Baptist Emanuel Church, where Minnie Williams was murdered. The lady had been lying there more than a week and decomposition had already set in.

It was stripped of nearly all her clothing and mutilated with cuts and stabs like the other. While parties were searching the Church for evidence of the murder of Minnie Williams, they were attracted to the belfry by the sickening odor of mortifying flesh, and found Miss Lamont's body in the belfry. It was evident that Durant the murderer had killed the girl in the belfry soon after her disappearance and that Minnie Williams in some way knew of the affair, and he then enticed her to the Church and there killed her to put her beyond the power of testifying against him.

Durant house was surrounded by the police, but he saw them and being fleet of foot got away on Saturday night, but was caught on Sunday.

He was arrested finally at Mt. Diablo. His face bore scars of nail marks where his last victim had resisted him. There is talk of lynching and the excitement runs so high there is talk of burning the church. Miss Ella Forsythe also a member of the church is missing and it is feared she has been foully dealt with.

Mrs. Heney Arrives.

Mrs. Heney, wife of one of the Mint suspects arrived yesterday morning. She got off at Lake View and was driven to town by private conveyance. It was generally expected that her husband would arrive but she reached the city alone. She stopped with her mother, Mrs. Barnes, and sent for Mr. Woodburn the attorney, who is associated with W. W. Foote in the defense of her husband.

What transpired further no one knows as she will talk with no one but Mr. Woodburn. The intentions of her husband are also unknown to anyone. Some claim that he will be in Carson in a few days and others claim that he is beyond the reach of the officials and has gone to Mexico.

Mrs. Heney filed with the County Recorder in the afternoon a general power of attorney from James Heney to Mary Heney, giving her the power to act in all legal matters in his name. The acknowledgment was made in Los Angeles and dated April 21.

Across Nevada.

The following are two of the connecting routes spoken of for the San Joaquin Valley railroad after leaving California. Following are the surveys of the Salt Lake, Los Angeles, and Pacific railroad, the route runs through Resting Springs, thence to forty-nine canyon to Crystal Springs.

Nevada being crossed, the line will enter Iron County Utah, and according to one plan, reach Eastern connections at Denver. According to another proposition, however, the road will run to Millford, and thence by an extension of the Utah Souther to Salt Lake City and Ogden, where all Eastern connections may be obtained.

The Salt Lake City route will probably be followed, as the Mormons are in possession of rights of way and terminal facilities through all their country, and better terms may be made with them than by the Denver people.

A Serious Hoax.

London, April 15.—A dispatch from Shanghai to the News sent here says that a proclamation, bearing the Emperors name, has been issued, describing the Empire as finished and that he is unable to govern any longer; and that the officials he trusted are corrupt. It is added that the proclamation has caused great excitement and there are signs of rebellion. The document, however, is said to be the work of secret societies.

Thrown by Her Sex.

A pathetic story is told of a Miss Carter, who was a candidate in a Massachusetts city for the office of School Commissioner. Miss Carter was well qualified for the position, and was considered certain of election until a handsome young doctor announced himself as a candidate. When the votes came to be counted it was found that the women voters had gone over almost in a body to the male candidate.

Alvey-Wagner.

Married at Empire City April 15th, 1895, at the residence of the bride, by Rev. Geo. R. Davis, Richard D. Alvey of Washoe Valley to Mrs. Anna Christina Wagner of Empire. It was a private affair only the select friends of the couple being invited.

Orlando Still on Deck.

"The Delights of Drunkenness" will be graphically described by Orlando E. Jones at Pythian Castle on Saturday evening of next week. Orlando is a printer, and conducted the Bodie Miner, a city roaster, which suspended business after being burned out itself. He was also a clown in Dan Costello's circus. Having been a printer, an editor and a clown, he must be pre-eminently qualified by experience to treat of the subject chosen by him.—See.

Attempted Train Wrecking.

The East bound train on the S. P. had a narrow escape yesterday morning. It was stopped by three tramps who had built a fire on the track. They explained that the spikes and fish plates had been removed from an outside rail on a sharp curve that was just ahead. Their prompt action probably saved the lives of all on board, as the curve was over a 75 foot embankment.

Easter at the Prison.

Easter services at the Prison were accompanied by special musical features. Mrs. Wall sang the solos accompanied by the organ and a choir, and there was also duets on the guitar and mandolin. The singing and the instrumental music was loudly encored by the prisoners and after a short service Easter flowers were distributed by Chaplain Davis.

Baptismal Services.

At 3 o'clock on Sunday there was a special baptismal service at St. Peter's Church.

T. N. Stone Deputy State Controller and Mrs. Geo. McLaughlin were baptised, also five of her children. Mrs. Robert Mudd's infant child and the infant child of Jasen Burlingame, also received the rite. The services were conducted by Rev. Hyslop.

They Got the Eggs.

Little Sadie, daughter of Warden Henderson, whose birthday was on Easter Sunday, being asked by her mother what she would like for her customary birthday present said:

"Oh I'd like lots of things, but if Papa will give each of the convicts two fresh eggs to eat on Easter I'll do without anything."

The convicts got the eggs.

Can She Collect.

The following case is bothering one of the insurance companies: A man had an accident policy, and his wife caught him kissing the hired girl. He received a blow on the head from a rolling pin which laid him up for two weeks, and he then died of brain fever. Can the widow collect the insurance.

In the Supreme Court yesterday, a decision was handed down in the case of Ah Tone vs. M. McGarry on appeal from the District Court of Eureka County, by which the decision of the lower Court is affirmed. The action is one for money had and received, in which plaintiff, who is a Chinaman, obtained judgment for the full amount of his claim. Hon. Thos. Wren and F. X. Murphy were attys. for the defendant and Peter Breen for plaintiff. The opinion is by Chief Justice Bigelow with Justices Belknap and Bonfield concurring.

Twelve ladies belonging to the Kings Daughters organization left for the Valley yesterday to give a series of entertainments for the benefit of persons desiring to complete a Church now being built at Smiths Valley. The ladies played last night at Millerville, and as all the tickets were sold in advance they doubtless had a full house. They play in Wellington, Wednesday and Yerington, Thursday night.

The case of the State vs. Mrs. Alice M. Hartley, on appeal from an order overruling defendant's motion for new trial, will be heard in the Supreme Court to-morrow. Gen'l. Clarke and E. B. Dodge will appear for Mrs. Hartley, and Atty. General Beatty and Hon. W. E. F. Deal for the State.
