

THE "APPEAL" AND THE COMMISSIONERS.

The Wadsworth Dispatch says: All the good citizens of Carson ought to frown down the continued attempts of the Ormsby county commissioners...

We can inform the Dispatch that if the good citizens of Ormsby "frown down" the manner in which the Republican county commissioners have been for years trying to best the Appeal...

The Appeal has demonstrated by the County books that the Republican boards of commissioners have been looting the county for years, defying the taxpayers and enabling the rich to dodge their taxes at the expense of the poor...

If the decent, law-abiding people of Carson would stand in against this nefarious combine they would stamp it out, root and branch, in one election, but unfortunately Carson has a great many people in it who fear the power of the ring and dare not say their souls are their own.

Hardly a day passes that someone does not whisper to the editor of the Appeal: "Keep up your lick. You are doing good work for the people. I would like to advertise in your paper, but I'm doing a good deal of business with some of these people you are showing up and I fear it might hurt me."

It is by preying on the fears of such weak-backed people that the ring has held its grip on Carson. But not until Carson throws off this yoke will it ever make any progress as a town. If it can't be thrown off this Fall the people of Carson might as well make up their minds to wear the yoke forever and bow their necks to it with as good a grace as possible.

GOVERNOR JONES' RETURN.

The Enterprise having published a dispatch to the effect that Governor Jones would be compelled to return to Nevada or his office would become vacant, and the Calls publication to the effect that he must return under a constitutional provision or forfeit his office...

Mr. Hanford, the Governor's Private Secretary, asked Attorney General Beatty concerning the matter, and the latter gentleman, on Saturday last, wrote officially to the Governor that in his opinion there is no law regulating his return before he has recovered from his illness...

The Statute has been passed upon by our Supreme Court and in their opinion that Court decided that a forfeiture of office could not be worked except by impeachment, 5 Nevada, page 329.

The Salt Lake Tribune thinks that Tillman's oratorical raid on the gold bugs was coarse and brutal. Good, plain Anglo-Saxon appears to be needed just now in treating of Cleveland and the gold bug robbers. The only thing we thought lacking in Tillman's speech was a little good, South Carolina profanity thrown in where it would do the most good.

Pat McNulty the man reported as having died in the Nevada County Hospital from injuries received in Truckee is still missing. So far the Appeal has seen no card from the Superintendent of the hospital saying that he was discharged cured. There is still lots of mystery in this case.
