Todhunter Second.

On Monday last Todhunter, a Nevada raised horse and owned in Carson, ran in a five furlong selling race at the Bay District track.

Jim Newlands, who was looking after the interests of the horse for the Carson owners, wired Harry Brown that he ran second losing the race by a nose. The track was very heavy, and while the race showed that he was not a mud horse, but the fact that he had thirteen horses behind him shows to his favor.

SENATOR TILLMAN'S SPEECH.

IT IS ENDORSED BY THE VIRGINIA MINERS' UNION.

Strong Compliments for Jones Stewart and Newlands.

At a regular meeting of the Virginia City Miners' Union, held on the evening of January 31, 1896, the following preamble and resolutions were read, and on motion were unanimously adopted by the Union:

Whereas, The junior Senator from South Carolina, Hon. B. R. Tillman, having had the manhood and courage to stand up in his place in the Senate of the United States in behalf of the citizens of this great republic and denounce the administration of Grover Cleveland, President of the United States, and his Secretary, Carlisle,—of the Treasury, for the unwarrantable part these public servants have played in betraying the trust reposed in them by the people in turning the finances of the nation over to the merciless Shylocks of London, giving to the soulless renegade plutocracy the entire control of the monetary resources of the country, depleting the national treasury through the instrumentality of the gold-silver bug ring, by this means silver is kept demonetized, the committee of the nation lies prostrate and paralyzed and the tolling millions of the land degraded to a state of semi-slavery. Yet our nation is still with all the natural resources which the benign hand of Providence has bestowed upon any people to make them free, prosperous and happy had they been blessed by a wise and equitable Executive holding the prerogative power of Chief Magistrate.

Resolved, That the Virginia City Miners' Union extend to the citizens of South Carolina its hearty congratulations and gratitude for those words of wisdom and truth so eloquently uttered in defense of the rights and liberties of the people of the United States and the rights of the States and re-echoed in the hearts of the tolling millions of this mighty nation.

Resolved, That the Virginia City Miners' Union extends to the citizens of South Carolina its hearty greetings and congratulations in sending such a noble and patriotic son as Senator Tillman to represent them in the Senate of the United States. Should all the States of the Union send such men as Tillman to the Senate the gold bug plutocracy would soon be decried and an honest Government established in its stead.

Resolved, That a copy of this preamble and resolutions be engrossed and that the Secretary be instructed to forward a copy to Senator Tillman of South Carolina and that a copy of the same be spread upon the minutes of this meeting.

In witness whereof we have hereunto placed our hand and caused the seal of the Virginia City Miners' Union to be attached this 31st day of January, 1896.

P. F. BRANNAN, Vice President. JOHN F. McDONELL, Secretary.

At the same meeting the following resolutions were also adopted:

Whereas, The Hon. John P. Jones and Hon. Wm. M. Stewart, representatives of Nevada in the Senate of the United States, and Hon. Francis G. Newlands, representing Nevada in the House of Representatives of the United States, having at all times in their respective official places faithfully stood by and fearlessly and eloquently advocated such measures as was calculated for the best interests of Nevada and the United States as a nation, the Virginia City Miners' Union, one of the leading labor organizations of Nevada, by this preamble and resolutions, do hereby endorse the action of Nevada's representatives in our National Congress.

Resolved, That the Virginia City Miners' Union, appreciating the eminent public services rendered to our national legislation by Hon. J. P. Jones, Hon. Wm. Stewart and Hon. Francis G. Newlands in their untiring advocacy of the free and unlimited coinage of silver at a ratio of 16 to 1, by the enactment of such a law by Congress the silver miners of Nevada would be materially benefited by obtaining a market for their home production, silver bullion; and the financial status of the nation placed upon a just and equitable basis, by which means the whole people of the United States could be made more prosperous and happy, take this opportunity to offer to each representative of Nevada in our national Congress a vote of confidence and to extend to each one individually the sincere thanks of this Union.

Resolved, That the Secretary be instructed to send a copy of this preamble and resolutions to Hon. J. P. Jones, Hon. William M. Stewart and Hon. Francis G. Newlands to their respective addresses in the city of

Washington, D. C. and that a copy of the same be spread on the minutes of this meeting.

In witness whereof we have hereunto placed our hands and caused the seal of the Virginia City Miners' Union to be attached this 31st day of January, 1896.

P. F. BRANNAN, Vice President. JOHN F. McDONELL, Secretary.

"Distinctly on the Map."

For some time past Gracie Plaisted has signed her name "Distinctly on the Map," Gracie Plaisted. No woman in her line has been more distinctly on the Pacific Coast map than the little lady who appears tomorrow evening.

Ever since she went on the stage she has been enshrined in the hearts of the patrons. For years she was the leading soprano of the Tivoli and its success was hers.

She had many brilliant offers to star, but she refused them all until the stage manager and the Tivoli got into litigation and feeling that the stage manager, who was her personal friend, had been unjustly treated, she sent in her resignation. A number of the leading spirits of the community followed suit and this was the nucleus of a strong combination that is now on the road in different directions.

The little woman is about the size of a pint of cider that someone had carelessly taken a good drink of and all demonstrates better than anything what a small woman can do who is brim full of mischief, talent and good song.

Such is the feather weight of light opera, but outclasses all who have ever tried to compete with her. Like Sarah Bernhardt, she never grows old and on the stage is a spirit without of music and melodrama such as nobody ever before saw embodied into one person. This charming little singer for will appear at the Opera House tomorrow evening.

Death of M. C. Tilden.

M. C. Tilden the lawyer, formerly of San Francisco City died last Thursday in San Francisco.

Tilden, when in his prime, was regarded as a very good lawyer and an efficient officer. He had an altercation with the judge Clinton L. White in the Court House of Sacramento corridor some months ago and he brought suit against White for \$10,000 damages alleged to have been sustained by the choking and forcible pressure of the back of his head against the wood work, which he claimed to have received, and which, he alleged, brought on a train of serious disorders, among which was the failure to connect his ideas, necessitating his withdrawal from the practice of law.

The jury, however, returned a verdict awarding him but \$1 damages. By the terms of the verdict Tilden was obliged to pay some \$90 jury fees, as well as his counsel fees, and the by no means inconsiderable costs of Court. It is thought that this defeat hastened his death.

The Governor Still Improving.

The following was received from the Governor's physician yesterday by Secretary Hasford:

San Francisco, Feb. 2.—The Governor is still on the improve. For the 24 hours ending at 10 a. m. today he had 9 hours sleep. This morning he had mush and milk for breakfast. Toast with a little cheese and Bass' ale for lunch. In the afternoon some scraped beef and bread and ale.

He is gaining strength every day. Tomorrow we will allow him to put on his clothes and walk around the room for awhile.

Yours truly A. T. Cook, M. D.

CHEAP CUSTOM WORK A DECEPTION.

A style of tailoring is rapidly gaining headway which is but an imposition upon the consumer and a detriment to the workman. The cheap custom work or what is called "special order work," is a shrewd dodge for the purpose of deceiving the customer into the belief that he is obtaining custom work at ready made prices. The real worth of custom work lies in the exactness of the fit, and the thoroughness in which it is made. Cheap custom work is therefore inferior to ready made work.

Large concerns, some also engaged in ready made work have grown up of late and depend for patronage upon retail stores, and have numerous agents scattered everywhere soliciting orders and gain trade because of the strikingly cheap prices offered for goods made to order. As a rule these agents seldom obtain an order twice from the same person.

It is about time that this scheme was exposed to the people and ABE COHN of the EMPORIUM shows up the fraud. If you want clothes that fit and are tried on as often as is necessary call at the EMPORIUM Court House Building, Carson City, Nevada.
