Benjamin Reed, charged with selling whisky to Indians, was cleared in the U. S. Court yesterday. This is the first case at this term where the defendant was cleared. There are but two cases left.

A Splendid Showing

When the last city election took place the parties who were making such a frantic effort to re-elect the old board of City Trustees, scattered circulars over the town making the charge that the ticket headed by George Meyers should be defeated because it was placed in the field and backed by the APPEAL. The answer of the people at the polls next day was the triumphant election of the present board. The ticket was placed in the field by the citizens and taxpayers of the city who wanted reform and economy and business sense exhibited in the management of municipal affairs.

At that time the old board had illegally dipped into the sinking fund provided for the payment of the Sewer Bonds, and were in addition to that in debt about \$2,600. After the election of a new board the leaks were stopped and the Trustees set themselves to the task of liquidating the debt. Their administration has been so successful that they have wiped out the debt and start the next year with a clean balance sheet, and cash in the Treasury. This is because they went into office determined to do their whole duty by the taxpayers, and not be at the disposal of any clique or faction.

The only thing that has run the present board has been the law and their official oaths. If there is any blame coming to the APPEAL for suggesting and supporting such men we are willing to accept our rightful share of it.

Messrs Meyers, Wagner, James, Kitzmeyer and Keith deserve credit for their work.

Will Have Lights

Last evening the City Trustees held a special meeting to consider the proposition of lighting the city by electric lights. Mr. Williams, president of the company, offered to furnish eight lights for \$100 which is a reduction of \$85 from the price of the old company. The Trustees will make a personal visit about this city today and decide on the proper places to have lights.

This is done so that with a limited number of lights the town throughout will receive an equal benefit. It is thought that the lights will be in operation by the first of the year. The vote on the adoption of lights was unanimous.

New S. P. Sign Boards

The Southern Pacific company has added a great improvement to the old sign boards that have been in use on the road for a number of years past. Heretofore they only gave the distance to San Francisco, which was a great inconvenience to people traveling east. Now the distance to Ogden is added. Workmen were at work placing the new signs on the depot yesterday.

The distance to Ogden is 589 1-10 miles; to San Francisco 244 3-10; elevation, 1,998 feet.—Journal.

Ely proposes to work prisoners sent to the county jail and at its last meeting there the Board of County Commissioners ordered that hereafter all prisoners sentenced to a term in the county jail by the Judge of the District Court or by the Justice of the Peace, be kept at labor on the public work at least six hours a day for six days of the week when the weather permits, and in case any prisoner refuses to work the Sheriff is to inflict the statutory punishment.

Preston A. Blake, a railway mail clerk on the route between Los Angeles and San Francisco, was arrested Saturday on the charge of taking money from the special delivery letters. When he was arrested Blake broke down and acknowledged his peculations, which he said amounted to several hundred dollars.

Indian Frank, the murderer of Mrs. Del Grosse in Lander county, still maintains stoical indifference as to his fate. He is to be hanged on the 26th proximo, and doesn't appear to be half as much worried about it as the officer who is to conduct the suspension ceremonies.

At the drug store of F. J. Steinmetz, opposite the Postoffice, may be found a large stock of goods suitable for holiday gifts, comprising novelties in celluloid, leather goods, dressing cases, glove and handkerchief cases, traveling sets, decorated ware, Eastman kodaks and fine perfumes.

W. A. Hall, representing a Boston mining company located at Denver, visited the Logan and Hully property in Como last Sunday. He seemed to be well pleased with what he saw.—Dayton Times.

At the Emporium drawing last evening coupon No. 19607 won the handsome glass fruit dishes. Holder of same please call and receive present.

The First Assistant Postmaster General has decided that when a female postoffice clerk marries it will be necessary for her to resign from the service.

Dr. Franklin and T. N. Hansen of Genoa spent yesterday in Carson.

Plate Surgery

The Plate doctors have left the camp across the river from this place and the two patients who were suffering with pneumonia are well. Jack is able to talk about and Johnny soon will be. In the case of the latter quite a delicate piece of surgery was performed. Johnny was very ill, and treatment that cured Jack failed to relieve him. As a last resort the Plate doctors punched a hole in each one of Johnny's lungs, sucked the phlegm therefrom, and inserting bamboo tubes, kept the man's chest free from this matter until he got better. Johnny will be around as soon as the holes in his lungs heal up, if they ever do.

Funeral of James Morris.

The funeral of the late James Morris took place yesterday afternoon from Masonic Hall. After the Masonic service the hall was crowded with sorrowing friends and relatives who wished to do honor to the dead. After the services at the hall the remains were escorted to the depot where a special train conducted the body to Empire where interment took place. The Masonic Lodge and many friends escorted the body to the last resting place.

Consulting Engineer

Leon M. Hall, the well known electrical engineer of Oakland, has been appointed consulting engineer by the various Comstock mining companies to make arrangements for the removal of the steam plants from the different mines and the substitution of electrical power therefor. Mr. Hall is a native Comstocker, being a son of the late Dr. J. U. Hall of Gold Hill.—Report.

They Are Off

Last evening, as per schedule, the Nevada State Band departed for San Jose where they will participate in the Golden Jubilee. The boys were all at the train, likewise a large circle of friends, and before leaving the boys piped a lively tune. As the train pulled out they were cheered and the boys answered with three cheers. May they have a grand time.
