

**THE CORVELL RESOLUTION.**

The Democratic Leaders Place Their Opponents on the Defensive.

The debate over the Corvell resolution in the house yesterday afternoon attracted a large crowd. The resolution provided that the U. S. Senator from Nevada should stand with Theodore Roosevelt in all matters connected with his fight against the corporations in extending the powers of the Inter State Commerce Commission. The resolution also required a specific pledge from the U. S. Senatorial candidates before the election. The debate had not gone far before it was evident that the Republicans were fighting to side step pledging their candidate. The Democrats were led by Henderson, Williams and Corvell and they pressed their opponents to the ropes. They called attention to the fact that all through the campaign the Republicans had called upon the voters to rally to the standard of Roosevelt and had promised that if he were elected that the people would reap the benefits of his fight against the corporations. We were going to have lower fares and lower freights and things would be in such a shape that wholesale business houses would be established in Nevada. Lured by this rosy picture the people have given Roosevelt over 1600 majority and now the Democrats appreciating the justice of his fight and the courage and wisdom and honesty of the man, had come to the Legislature to assist their Republican friends in backing up his righteous cause. To their surprise they find that the Republicans were fighting their well intended efforts and were repudiating Roosevelt. Was the man they proposed to elect to the U. S. Senate a bigger man than Roosevelt or was there a feeling among the Republicans that the President was not in earnest. The democrats came in good faith to support the President and the people of the State having endorsed him so thoroughly should have their representatives stand by him in his great struggle.

The Republicans dodged and squirmed and fought the proposition but were perfectly willing to have the matter disposed of on Thursday (after the election of the U. S. Senator.)

The vote was finally taken and the friends of the President seem to have it but when a roll was demanded the Republicans voted to postpone the Resolution by strict party vote of 24 to 15.

The result was an astonisher to the rank and file of the Republicans for they had not looked for such a result. They have now begun to rub and pinch themselves to see if they are really awake.

Nevada for Roosevelt by 1600 majority and the Republican legislature unanimous against the President on the first vote taken. A Republican who heard the result said: "When we took Nixon into our camp we didn't know he was loaded."

Bert Crawford, the erstwhile silverite populist editor who jumped the political fence into the Republican fold two years ago because he was not elected sergeant-at-arms of the assembly was a candidate for the same position this year and was again defeated by his new political associates. He will probably flop out of the Republican camp.—Independent

Bert should study politics with Mr Nixon and he would soon learn the way to make flops profitable.

**Enforce the Law.**

There is a saloon in this city where boys under age and as young as twelve and fourteen years congregate at night to drink and gamble. This place should be closed up by the authorities or the proprietor made to comply with the law. It has already made worthless several boys whose parents don't know where they spend their evenings. Such a place is a blot upon the city of Carson and if the authorities don't know where it is they can ascertain its locality by calling at this office.

Adjourned until today at 11 a. m. Assembly.

The House held a short session yesterday and after a few pleasantries regarding the furnishing of stationery to the members, calling forth a request for information from Dodge of Washoe, Staunton of Humboldt introduced a motion to make the election of United States Senator a special order for 12 m. Tuesday, Jan. 24, 1905. Motion carried and House took a recess until 2 p. m.

**Afternoon Session.**

Promptly at 2 o'clock p. m. the House was called to order and Assembly Concurrent Resolution N. 2, relative to pledging the U. S. Senator from Nevada (to be elected tomorrow) to uphold President Roosevelt in his action towards trusts and corporations.

Coryell of Elko moved the adoption of this resolution and the motion was seconded by Williams of Lincoln. Dodge asked for reasons for offering the resolution. Coryell explained that his reason for offering this is that he is a friend of President Roosevelt and wishes to uphold him in his good work regarding freights and fares and other railroad matters in Nevada. He then added an amendment to the resolution, advising the present representatives from Nevada in Congress to support the President in his action. Dodge stated that former records do not show any such resolution. Moved to postpone action until Thursday afternoon at 2 o'clock. Motion was debated by Coryell and Henderson of Elko and Williams of Lincoln against postponement. Coryell, Craze and McCourt called for the ayes and noes and the result was 24 votes in favor of postponement, 15 votes against; motion carried.

A. B. No. 1, returned from Senate for correction, and then taken from file for re-enactment.

S. B. No. 4. Regarding appropriation of \$200 for furnishing water to Grand Army cemetery. Passed.

Report of election committee received. Adjourned.

**NYE'S FIGHT.**

Why Tonopah Wants the County Seat.

It is not to gain the meagre revenue in a business way that Tonopah asks to be made the county seat of Nye county. It is because the town of Belmont is so far away and inaccessible from the center of the population and wealth which is at Tonopah. Tonopah is the only railroad point and is the only highway between the great interior of Nye county by which the outside world may be reached or communicated with. It is not from any ambition to be a political center, but purely because the present location of the county seat is where the people having business there cannot get it. It is easier to travel to San Francisco than it is to Belmont and takes very little longer. By reason of telegraph and mail facilities Tonopah would be better off with San Francisco as its county seat, if such a thing was possible than to have it at Belmont.

During the campaign the voters were asked by the Sun to elect men to the Legislature who would labor and vote for Tonopah to be made the county seat. Two such men were elected in Senator Oddie and Assemblyman Cole. The other two members elected agreed to abide by the result of a certain petition. The petition was ignored outside of Tonopah and the Sun is informed that there were just six signatures against the county seat removal. The result should be binding on Assemblymen McCann and Cushing to labor with all their energies and their votes for the removal. They promised that with the petition favorable they would so labor and vote and it is now up to the people who elected them to find out where they stand and if favorable to give them all the moral assistance possible.

However, Tonopah should take no chances. Not knowing for certain just how zealous these two members will be, other efforts should be put forth to secure for Tonopah that which should be her own for the asking. Men should go to Carson to labor with the Democratic members and others, to help convince the Republicans. If any citizens are willing to volunteer these services and to pay their own expenses they will loose nothing in the end and will certainly earn the gratitude of every citizen.

Here is the argument to use: Tonopah has come to the rescue of Nevada; now let Nevada come to Tonopah's aid. This is an argument that no honest Nevadan can get away from. The State was in a bad way before Tonopah put it on its feet and made it as it now is, the great boom center of the United States. If Nevada has a quarter or a half million people in the next two or three years, it can thank Tonopah for bringing them. By placing this construction on Tonopah's cause it cannot be possible that loyal Nevadans at Carson will refuse to grant the just and reasonable prayer of the city which has made the State what it is today and what it will become through the finding of Tonopah's and Nevada's greatest mines.—Tonopah Sun.
