

STRIKE NEAR MASONIC

New Ground, Found Three Miles South of First Strike.

Word was received in this city yesterday of an important strike that has been made near Masonic. Rock that assays over three hundred dollars a ton has been uncovered in a ledge three miles this side of the original find. The discovery was made by the Compton boys, who know every inch of the territory.

The finding of high grade ore on the hills this side of Masonic practically opens up a new district, as many ledges crop out there and it is outside the bounds of the original strike, which will give the prospectors plenty of ground to look over, each float has been picked up on each side of the Walker River and it will not be surprising to see such old camps as Clinton and Star City come to the front again this summer, and with all the indications of a ledge some one of the hustling prospectors will surely uncover the source.

All mineral finds in the Masonic and Sweetwater regions are good news to this city as it is the nearest station and base of supplies. The big mineral belt to the south of Carson is bound to come out before another summer passes.

Has His License.

Dr. Joseph A. Murray of Reno was arrested yesterday morning for not having a city license, which was paid and the doctor now has every privilege of any physicians in the State. The doctor who was called here on a case and did not know of the city license and on this account did not pay it.

As for his not having a license to practice this is false report. He is a registered physician on the list of those who are entitled to practice within this State, as can be seen by examining the list published by the State Board of Medical Examiners. The doctor has had a number of cases in this city and is thoroughly eligible as far as the State laws are concerned.

Selby Works May Shut Down

A press dispatch says on account of law suits brought by farmers of Benicia and Glenn districts aggregating \$100,000, for damages caused by poisonous gases from Selby's smelting works, alleged to be fatal to livestock, the works may be closed down. The Southern Pacific company has closed a contract with the Guggenheim Smelter Trust to ship the latter ores from Nevada and Mexico over the Southern Pacific lines to Port Costa, from which point they will be loaded on vessels and taken to the refinery at Tacoma, Washington.

University Students in Demand

E. J. Eriksson, '03, was recently appointed acting secretary of the Midway Mining Company of Tonopah. J. H. Price, '04, holds the position of assayer under the same company. S. H. McClintock, '03, has been appointed consulting engineer of the Durango Mines Development Company of Durango Mexico. C. R. Fitzmaurice has secured a position as chemist for the Western Gold Limited Company of London. The company's mines are located at Ocampo, Chihuahua, Mexico.

Still in Land of Living.

Lloyd Ivory, a former employe of the V. & T. railway shops of this city and whose death was reported last month, is alive and well and employed in the Tonopah shops. This will be good news to his many friends in this city.

On His Way to Washington.

Hon. C. D. Van Duzer, congressman from Nevada, passed through Reno Saturday evening. Mr. Van Duzer was on his way from San Francisco to Washington. He has been spending several weeks on the Pacific Coast on Committee work and is returning to the National capital to present data and work for legislation beneficial to Nevada and other sections of the West.

W. P. Gets Franchise.

OAKLAND, Jan. 23.—The city of Oakland today granted a local franchise to the Western Pacific Railway Company.

Wood at Reasonable Rates.

Wood, in any length, can be obtained at Petersen & Springmeyer's hay and wood yard, south Carson St.

ANOTHER RAILWAY.

San Pedro Surveys Into the Searchlight Section.

The S. P. L. A. & S. L. Railroad company has a corps of engineers in the camp of Crescent, Nev., surveying a route for the proposed new branch line to Searchlight. It is expected the new line will go up what is known as the Leger wash, a quarter of a mile to the north of Crescent, says The Herald's camp correspondent.

The building of this branch will have a stimulating effect not in Searchlight alone, but in Crescent as well, and there are a number of along the proposed route that even in the present state of development can ship a carload of ore every few days.

The Nippeno Mining Company, the first in the district, is now unloading a new hoisting plant at Nippeno Station and hauling it to the mine two miles east of Crescent, where they expect to have it raising ore within a month. Some of the richest ore yet reported as being found in the camp has been taken from this company's property. Some fine specimens of gold quartz run away up into the thousands of dollars per ton. The company has several carloads of high-grade ore in the cars and on the dump.

The company expects to build a mill on the property in the near future for the treatment of the second-class ores.

The old Turquoise mines on the southern slope of recent peak are at present being worked under the direction of Mr. Monkey, who was sent here from New York by the Woods jewelry firm of Tiffany Lane N. Y., who are the owners of this valuable property, the present owners having acquired the property from the late George Simmons at a cost of a quarter of a million dollars.—Salt Lake Herald.

Is Improving.

ELY, Jan. 23.—Ex-Governor Reinhold Sadler is still living at the hotel in this city in a serious condition. His wife and son have arrived from Reno after sleighing from Eureka to this place, a distance of ninety miles. Mr. Sadler is not yet sixty years of age, but he has always been a hard worker and by neglecting his own health has seriously impaired his strength. He is aged greatly and it is feared that even if he recovers from his illness he will never be strong again.

Don't Fail to Attend.

The ladies of the Degree of Honor have the reputation of giving the most enjoyable parties and furnishing the most delectable refreshments that it is one's privilege to enjoy. Their party Friday night will be no exception, so don't forget to go.

Overall Joe, the peg leg Indian, who has numerous of his tribesmen's scalps to his credit and is a terror to Reno Piutes, is to be taken to the Pyramid Reservation for sake keeping.

No teams have passed over the Geiger grade wagon road since the beginning of the recent storm on January 12th.

LAST PAYMENT ON HAYWOOD.

Quinn Heirs Receive Final Payment of \$15,000 From Purchaser.

Captain Davis of the Nevada Reduction Works at Dayton, was on the Comstock yesterday and made the final payment of \$15,000 on the Haywood mine in Silver City. The total price paid for the property was \$30,000, the first half of which was paid over several months ago.

The Haywood belonged to the late Colonel Quinn and was a constant bullion producer from 1886 until the time of his death last year. There is a vast body of low grade ore exposed in the Haywood that can be worked at a profit where the owner, like in this case is the proprietor of a reduction plant. Captain Davis will operate the Haywood on up-to-date methods.

He owns sixteen other claims in Silver City, Devil's Gate and Chinatown districts, acquired by purchase and is the sole proprietor of the Nevada Reduction Works at Dayton. The works include the Rock Point mill of twenty stamps equipped with amalgamating pans and a cyanide plant. The works are operated by water power supplied by the Carson river flow and have an ore handling capacity of seventy tons per day.

The plant is now running on Tonopah and Goldfield ore shipments of fifty tons being delivered daily by rail. The ore, after being crushed is put through the amalgamating and cyanide processes and the bullion returns average \$45 per ton gold value, silver largely predominating in the ore.—Chronicle.

Lost Drivers Located.

ELKO, Jan. 23.—Word has reached here that the relief parties who were out breaking the trail between this place and Tuscarora in an effort to rescue Bullard and Tucker, two stage drivers, had at last reached Tuscarora and that both men had been saved. Bullard was found at Sixteen-Mile House and Tucker was found between that station and Elko, having left Sixteen-Mile three days before in a desperate effort to reach Elko. Both men were completely exhausted, having been snowbound for seven days, nearly all of which time they were hitting the trail. Their horses had also suffered frightfully.

Suffering From Rheumatism.

Miss Hazel Hofer is still very ill with inflammatory rheumatism. She will be taken to San Francisco for treatment in a few days if she can stand the journey.

Jesse Moore whiskey, Sautsones, Asti Tempo Chianti, and full line of fancy wines and liquors for the holidays at Meyers Merc. Co.

The San Francisco Chronicle has filed articles of incorporation in Nevada, with a capital stock of \$500,000. M. H. DeYoung will continue to

Eastern men purchased the John G. Harding sheep and ranges in Humboldt county Saturday for \$100,000.

Manhattan miners have formed a union and fixed the wage scale at \$5 per day for underground and \$5.50 for shaft work.

THE INNOCENT MAIDS

They Will be in This City Tonight. Don't Miss Them.

T. W. Dinkins' Innocent Maids, two spectacular burlesques called "A Night at Newport", and "The Diamond Palace", in conjunction with a large olio of specialties, will be the attraction at the Carson opera house this evening. While the name Innocent Maids is a familiar to most burlesque lovers the company itself is entirely new, and the entertainment full of fresh features and everything calculated to amuse. John F. Burke plays the leading comedy parts in the burlesques which are pronounced by every one the brightest on the road this season. Mr. Burke, formerly of the Burke Brothers and "Wise Mike", is one of the most popular comedians in the country. Manager Dinkins has surrounded Mr. Burke with an excellent company and nothing was left undone to make the show the best in the wheel.

LEAVES NEVADA.

Goldfield Banker Has Enough of Sagebrush Ways.

J. E. Young, president of the defunct Goldfield Bank, accompanied by Mrs. Young passed through Reno last evening from Hawthorne. They were on their way to San Francisco to reside.

"I am not surprised at the outcome of my trial at Hawthorne," said Mr. Young last night. He is a well appearing man, quite gray, but despite his 65 years he is firm of step and his face is the picture of health. He does not seem the least worried because of the notoriety his sensational arrest and trials brought upon him.

"I believe my acquittal was nothing but a triumph of justice," he continued. "My first conviction, I believe was caused by the judge's instruction to the jury. My attorneys at the first trial, Huskey & Lewers of Reno, placed my case in a convincing manner and I have much praise for them. To Judge Bartine who represented me at my second trial, I am also grateful. I am going to leave Nevada now, and perhaps will never return. We will live in San Francisco.—Journal.

China New Years.

The China New Year is in force throughout this State and the house wife who has her washing home considers herself lucky. The Chinamen are celebrating to the full extent of the purse and will continue to do so until the revenues are exhausted. Many of the towns people are visiting the orientals in their quarters and receive the best of treatment.

The lacking member to make China New Year a remembrance to the white brethren is the Sacred Little, and but very few have been received this year. Even the Chinamen are without the ornament as the supply from China was a failure. China nuts and candies seem to be a scarce article.

A Sad Death.

Miss Lena Adams, a former resident of this city, died in San Francisco Sunday. The young lady spent her school days in this city and after the death of her father, removed with the family to California, where they have resided. Her death came as a great shock and surprise to the many friends here, as she was well and attending her duties at Ayers Business College but a week ago.

Funeral services were held in San Francisco, but interment will take place in this city this morning upon the arrival of the train from the West. The body will be conveyed to the family plot at the cemetery. Deceased leaves a mother Mrs. J. F. Adams and one sister, Miss Ida. The sympathy of the many friends is extended to the mother who has borne more than her share of grief.

Call up Meyers' Mercantile Company for ripe and green olives in bulk, imported English marmalade, Eastern, Swiss, Holland and Limberger cheese, Extra Bloater Mess Mackerel, Croutarty Bloaters, Holland Herring, Finnan Haddies. Our Leaders—Our Taste ham, Golden Gate Coffee. Try them once and you will use no other.

hold a controlling interest in the paper. Superintendent Woodbury shipped a bar of bullion to San Francisco Sunday night, extracted from Silver Hill ore, valued at \$8,800.

Frank Drake of Goldfield, a graduate of the University School of Mines has been appointed a West Point cadet by Senator Newlands.
