THE BRIGHTER SIDE

Isn't it heart-warming to see how the American people are pouring out their money their personal services and their sympathy in the great emergency?

Isn't it worth all it costs to know that the human race and the American nation in particular are glad to rally to the help of the unfortunate thousands in California? Doesn't the universal response to the call for help belie the pessimism of those misanthropes who have been telling us that the higher qualities of humanity in their pursuit of wealth?

Like all great crises the San Francisco calamity has brought out the best in mankind; it has restored faith in the goodness of this old world of ours, and has brightened the gloom that followed the news of the devastation wrought by earthquake and fire in San Francisco?

So long as the nation can forget all else in the desire to alleviate suffering so long as men are willing to sacrifice their time, their money and their energy to doing good, just so long is there a certainty that the people possess the elements of national strength that will bring redemption from any temporary deviation from high ideals and noble purposes. And therein lies one of the hopeful features of the situation that redeems it from utterly hopeless horror.

If you have already given to the relief fund, get ready to repeat the contribution pretty soon; it will be needed by the other fellows worse than you need it now.

New Station

Within a few days a station on the new Clark road will be established on the side of Indian Creek, contiguous to the Johnnie country.

The repairs having been made on the main line of the Clark system, the work of construction of the Bullfrog branch has been resumed with accustomed vigor.

The rails on Tuesday last were laid 60 miles out from Vegas, or to a point 66 miles from Bullfrog. The graders are 13 miles ahead of the tracklaying crew.—Bullfrog Miner.

Lost Three Sisters

EUREKA, Nev., Apr. 24.—The wife of Dr. W. F. Burnett of Eureka, formerly of Reno, lost three sisters in the fearful disaster at Santa Rosa. When the paper of Thursday arrived here she was horrified to learn that her three sisters, Misses Louise and Willie Reid and Mrs. Moke, had been killed by the collapse of a three story stone building on Fourth street.

Will Walsh, was an arrival from San Francisco on yesterday's late passenger.

Though he purposed to return to Zion as Moses, Mr. Dowie has taken the precaution to get an injunction to restrain any evil-disposed persons from interfering with his earthly prerogatives.—Journal.

People You Like to Meet.

Are found on the through trains of the Santa Fe Route. First-class travel is attracted to first class roads. The Santa Fe Route is a first-class road.

It is one of the three largest railway systems in the world. Present mileage, 7,734 miles.

It extends from Lake Michigan to the Pacific Ocean and Gulf of Mexico, reaching with its own rails Chicago, Kansas City, Denver, Fort Worth, Galveston, El Paso, Los Angeles and San Francisco.

It runs the finest and fastest trans-continental train, the California Limited.

Its meal service, managed by Mr. Fred Harvey, is the best in the world. Its track is rock ballasted and laid throughout with heavy steel rails.

On such a road as this long distance records are frequently shattered, the latest being that of the "Scotty Sneel" Los Angeles to Chicago, 2,265 miles in less than 45 hours.

Every comfort and luxury desired by modern travelers.

May we sell you a ticket over the Santa Fe.
