The bald man's motto: "There is room at the top." This top may be supplied with a good crop of fine hair by using Hall's Hair Renewer. Try it.

Our Spring gardens are beginning to show up pretty lively, and early (?) vegetables are appearing on the market.

Why suffer! Preston's "Hed-Ake" will cure you.

Our friend Jules Guidry, merchant and postmaster at Scott, dropped in Tuesday to return the call we paid him two weeks before. He is very jubilant over the fine crop prospects of his section.

Messrs. Gus. Godchaux, Solomon Wise and Jacob Isaacs, of Abbeville, were in town Sunday.

Mr. A. L. Rowe, with the New Iberia National Bank says he has tried Preston's "Hed-Ake" and got relief in thirty minutes.

The forest magnolia are in bloom, the woods now look pretty and inviting, and fish bite well. This is the pleasantest season of the year for picnics.

Read the "extraordinary ad." of Leon Plonsky, on this page. He has just received a large shipment of new styles.

Improvements are still going on East of the railroad in McCoin's addition. A very neat cottage is being erected on the corner West of Henry Church's residence. We understand that it is the property of Mary Sonnier, a colored woman, at present residing in New Orleans.

Mrs. M. F. Rigues has found it necessary to enlarge still further the accommodations of her well known and popular hotel on Lincoln avenue, and is erecting a handsome and commodious room onto the West end. The work is rapidly progressing under the skillful supervision of Mr. Fred. Mouton.

Our friend and recent conferee, Mr. Geo. K. Bradford, of Rayne, paid our town a flying trip upon business of importance. We regret that his limited time debarred him from invading our sanctum, where he will always be cordially welcomed.

Monday we enjoyed a visit from our old friend Jos. H. Wise, formerly a resident of our town, now a prosperous merchant of New Iberia. He is as jovial and as full of humor as ever. Time has dealt gently with Joseph.

Last week we had a pleasant visit from Mr. J. P. Gueydan, of Shell Beach. He owns the well known "St. Bonnet Lands," comprising 36,000 acres in a body. He is offering to dispose of these lands in suitable tracts to farmers for homesteads.

The steamer "Mary Rose" was busily engaged during the week clearing out obstructions in Bayou Vermilion between Abbeville and Pin Hook. The chances are that next week we will have a boat making regular trips between the above named points.

If you have headache try Preston's "Hed-Ake."

Tuesday our esteemed old friend, Mr. Alex. Delhomme, called at our office on his way to Royville to spend a few days with his nephew, Dr. Geo. W. Scranon, and mingle with his many friends there. We are glad to note that he has recovered from his recent severe illness, but he is still weak and needs rest and recreation.

We would suggest that it would be a very public spirited and timely action on the part of the young people who entertained our people a short time ago with "The Tramp's Adventure" to give, at as early a date as convenient, a similar performance in aid of an extension of the plank walk to the post office. We are sure their efforts in such a cause would be highly appreciated, and they would meet with success.

Mrs. D. A. Charwin, of Houma, says that Preston's "Hed-Ake" is a wonderful remedy. Before she had tried everything for a periodical headache without success, but one dose of this medicine cures her every time.

Monday we had a pleasant call from our handsome young friend A. R. Trahan, who has earned the good fortune of an appointment as resident student at the Charity Hospital, and returned to New Orleans Monday to resume the study of medicine. His position affords him innumerable advantages in fitting himself for his chosen profession.

Cures while you wait—Preston's "Hed-Ake."

The New Orleans Christian Advocate acknowledges the receipt of \$18.95 from Thos. B. Hopkins, being the amount received here by him and forwarded as Mr. Foust's donation for the relief of the Mc Foust, of Oak Ridge, Morehead parish, La., who lost both legs in Confederate army, and is now physically afflicted. Well done, Lafayette!

Dr. Davis' Compound Syrup of Wild Cherry and Tar has made a name and reputation in the past fifty years that is envied by thousands of people having tried it for coughs, colds, croup, whooping cough, bronchitis and consumption, now fatal, and would not be without it. Why? Because it cures where other remedies fail. We recommend it for children subjected to croup and whooping cough. It will give relief, and cause speedy cure. The medical profession recognize it, and physicians frequently prescribe it for lung troubles. These facts have pushed Davis' Wild Cherry and Tar to the front rank. It is the best remedy for coughs, colds, all throat and lung affections, and no family should be without it. One dollar bottles hold two and a half times as much as a 50c. bottle.

Mrs. Ed. Pellerin has returned from her visit to New Orleans.

Mrs. Edmond Mouton, of St. Martinville, is the guest of Mrs. Ed. E. Mouton.

Mrs. Sam Perkins, of Opelousas, is the guest of Mr. and Mrs. Peffercorn.

Miss Leonora Bisland, an accomplished Orange, Texas, belle, is on a visit to her aunt, Mrs. Judge Clegg.

Mrs. Kate McGuire, of Algiers, is spending some time with her father, Mr. Gregory.

Miss Bertha and Mr. George Henderson, of Avery's Island, are the guests of Mr. and Mrs. W. Tanner.

Mrs. Bergeron, of Thibodaux, is spending a few days with Mr. and Mrs. A. T. Coillout.

Miss Ida Mouton, one of the charming young ladies of Lake Arthur, is the guest of Mr. and Mrs. H. Monnier.

Mr. Wm. Clegg departed for New Orleans last Tuesday on a business trip. He will add to his large stock of drugs, groceries, etc.

Miss Kate Higgin, of Mobile, Alabama, who spent some time here as the guest of Mr. and Mrs. Wm. Bowen, left last week for her home.

Mr. Ben. Donlan, of New Iberia, has moved with his family to Lafayette. He has taken Mr. Tom Coleman's place on the switch engine here. Tom is now engineer on the Salt Mine branch.

Through the kindness of Mr. J. J. Davidson we will hereafter furnish our readers with an official report of the weather and temperature.

Wednesday night Sheriff Broussard arrested and lodged in jail a negro named Jones, who had burglarized the residence of T. Pigeon, in Fretown, and stolen a lot of clothing and other articles.

If it fails, money refunded; Preston's "Hed-Ake."

We return our thanks to our friends Mr. J. E. Martin and Mr. O. C. Mouton for kindly remembrance. While enjoying the fruits of their pet crayfish, they did not forget to send us a fine lot of these delicious crustacea, as Ocheron calls them.

Mr. Joseph Denton, of Franklin, has accepted a place in Mr. C. C. Higginbotham's barber shop. He is an experienced and skillful workman.

We understand that our spirited and energetic young friend, James A. Moss, now a student at the Louisiana State Military Institute, Baton Rouge, will be a competitor in the examination for admission into the U. S. Naval Academy at West Point, to be held at New Iberia on April 25th.

Monday Mr. L. A. Lawrence, the very efficient gentleman who has been chosen organizer for the Farmers' Union for, we believe, four contiguous parishes, paid us an agreeable visit. He was on his way home, in Abbeville, after having delivered an address to the Lafayette Farmers' Union at Scott last Saturday. Mr. Lawrence is an earnest enthusiast in the cause, and expresses himself as encouraged by the prospect in Lafayette parish.

The former, of all classes, is the one most deserving of fair and considerate treatment at the hands of his fellow man, for is not the world indebted to this patient and persevering son of the soil for all its good things and earthly comforts? No one is more fully impressed with the justness of this statement than the proprietor of the Red Star Store, the leading mercantile establishment of Southwest Louisiana. Read advertisement in this issue.

IF YOUR BACK ACHES
Or you are all worn out, really good for nothing. It is general remedy. Try **HEADACHE BRICK**. It will cure you, and give a good appetite. Sold by all dealers in medicine.

Monday night the hospitable residence of Mr. Richard Coffey was a scene of mirth and festivity. In honor of the anniversary of his birthday Richard's estimable and affectionate wife had arranged the agreeable surprise of a birthday party, and a large concourse of our belles and beaux had gathered there to offer their congratulations. Everything had been perfectly planned to afford her guests the height of enjoyment, and Mrs. Coffey had called to her assistance as hostess her graceful and accomplished cousins Misses Alix and Louise Judice. Under such auspices it is needless to say that the evening was spent most delightfully, and will long be remembered by the participants as one of the most heartily enjoyable social events of the season. Right here we will speak a word of caution to Mr. Richard. Because he is a handsome fellow, and happened to be the hon. of the occasion, was no justification for his cutting out some of the young beaux, thereby causing jealousy and heartburnings. Happily Mrs. C. was busily engaged in hospitable duties, or else—Among the guests were Misses Martha Mouton, Stella and Haydeé Trahan, Minnie Bailey, Minnie Corray, Nella Bailey, Zerelda Bailey, Mrs. Franklin, and Messrs. J. J. Davis, H. Jagon, G. Merchant, L. W. Merchant, T. Graham, R. Palmer, Geo. B. Petty, E. W. Cayard, B. Royster, F. D. Cayard, L. Neveu, J. Comeau, A. H. Mouton, Ned Mouton, F. Girard, F. Corray. Mr. and Mrs. Ed. Mayfield.

Immediate relief by using Preston's "Hed-Ake."

The Crescent B. B. Club has reorganized for the season of 1890, and are now ready to play any club in this or adjoining parishes, for the sport to be derived from the game, or, to make it still more interesting, for a small stake. The Crescents played their first game of the season Sunday, having for opponents the Camellias, of this place. Score—Camellias 11, Crescents 17. In justice to the Camellias we must state that they did not have out their full nine, three of their best men being absent. The Camellias have developed a splendid line of young players, and is fast becoming "a tough one to handle." Now that we have two good clubs in town, why not have a series of games between them for the championship of Lafayette? These games would afford our citizens amusement and pleasure, besides being the very best practice for the boys; so that (when the projected Park is finished this summer) both clubs will be in condition to guarantee such a game as would be a drawing card for the park. Of course the park will have as one of its attractions a symmetrical ball ground, and will reserve the right to exact police regulations upon the same; consequently things will be carried on quietly and orderly, and base ball may become as deservedly popular here. Manager Bowen, of the Crescents, has expressed a desire for such a contest, and we trust the manager of the Camellias will respond favorably for a match series.

CARENCO NOTES.

Tuesday morning we started off on another jaunt to the country, and stopped in the town of Carencro at the store of Messrs. Brown Bros., whom we found hard at work. They have quite an extensive establishment on Main street, and are doing a large business. Messrs. A. C. Guilbeau & Bro., also have a large store on Main street, near the Church property, and are doing a splendid business. Mr. Gus Schmulen, on the same street, has a neat general store, and certainly exhibits every evidence of prosperity. Opposite Schmulen's is the neat and tastefully arranged drug store of Mr. P. D. Roussel. Mr. Maurice Francoz is the proprietor of a first-class saloon and billiard room. Mr. Gaston Plot also dispenses refreshments at his orderly and popular resort. Near the depot Mr. A. C. Guilbeau has another business establishment adjoining his large hall; besides, he has a cotton gin near by, and the past season gained 800 bales of cotton over 200 pounds each. Mr. Henri Crouchet is doing a fine business at his general store near the depot. He is also the very efficient postmaster at Carencro. We visited the depot buildings and there met that clever gentleman Mr. D. A. Dimitry, the railroad agent at that place. We visited our old friends and former residents of Lafayette, Mr. and Mrs. J. Micaud, who keep a hotel near the depot, where the weary and hungry traveler will always be accommodated in the most hospitable manner. Carencro has two resident physicians, Drs. J. P. Francoz and F. W. Courtney. We visited the Church property and were hospitably received by Rev. Father Weill, the pastor. The Catholic Church, though too small for the congregation, is a very symmetrical and attractive edifice. Within everything is bright and cheerful, and without the building has recently received a fresh coat of paint. Father Weill informed us that he intends building a larger church, and the present one will be converted into a first-class school. We next visited the splendid farm of Mr. C. C. Brown, about one mile from the town, and were most hospitably and delightfully entertained by Mrs. Brown at their handsome and beautifully appointed mansion. No one who has not visited Carencro for several years but would be impressed by the solid advancement of the town and the many evidences of growing prosperity which encompass it.

On our return we stopped at the large and well stocked general store of Bernard & Cayre, which is on the Opelousas public road, half way between Lafayette and Carencro. Here we found our old-time friend, Ernest Bernard behind the counter waiting on friends.

Our entire drive was through a succession of well tilled farms, luxuriant with fast growing crops, and presenting a scene most delightful for the eye to rest upon. The farmers here have magnificent prospects, and the Carencro region is a veritable garden spot.

It cures headache only—Preston's "Hed-Ake."

Races will be run at Carencro, on J. D. Breaux's race course, Saturday and Sunday, April 20th and 21st. First race between "Blizzard," belonging to Felix R. Welsh, of Calcasieu, and "Hed-Ake," belonging to D. D. Carter. Distance, 5 arpents. Purse, \$300.00. Second race (Sunday) between "Dora," belonging to Dr. Francoz, and "Commodore," belonging to Alexis Voorhies. Distance, 7 arpents. Purse, \$100.00.

Mr. J. F. Masters, Cashier of Emmitt & Co.'s Bank at Waverly, Ohio, says: "I consider Chamberlain's Cough Remedy the best I ever used. After using several other kinds, without benefit, I tried it and it quickly cured me, after years of suffering with an obstinate cough and throat trouble." 50 cent bottles for sale at Moss Pharmacy.

BREAUX BRIDGE RACES.

A great many of our citizens attended the races at Breaux Bridge Sunday, and found a very large assemblage there. Of course, among our people the interest centered on the races between horses from this parish. The following time of the races was given to us by some who were present:

Begnaud's sorrel horse "Counter" with Veazey's roan horse "Billy"—3 miles stretch. "Counter" won in 1:44.

Girard's bay horse "George" with Domengeaux's gray horse "Chief"—1 mile stretch. "Chief" won in 3:45.

Girard's bay horse "George" with Higginbotham's sorrel mare "Dora"—3 miles stretch. "George" won in 1:55.

There were other races, and plenty of refreshments and amusements on the grounds. Everyone enjoyed the trip and came home with the conviction that the Breaux Bridge Course is a great institution, and impressed with the necessity for such an enterprise here.

"COMFORTING THE MOURNERS."

A meeting of prominent citizens of the Hebrew faith met in the town of Lafayette last Sunday evening to discuss important matters concerning the welfare of their religion and principally their burial grounds, situated at the Southeast corner of town, which was some years ago given to the Jews by the late Gov.
