He Was Next.

HARRY'S CORRUGATED GALVANIZED STEEL TANKS AND CISTERNS.

are many times stronger than any plain Iron Tank, each corrugation forming an angle and bracing the Tank from bottom to top. Angle Iron is stronger than flat iron, and for that reason the Corrugated is stronger than any plain Tank. Take no chances, get the best, see that the name, Harry's is on it. We were the first to build Galvanized Steel Tanks. We still make the best. Thousands of our Tanks are in use in this and neighboring states, both above and underground. They have given universal satisfaction. They withstand the most severe freezing. They are the standard by which all other Tanks are judged, and you make no mistake when you buy Harry's Corrugated.

Since pure water means good health, every family in town and country should be provided with a cistern for household purposes. You will save the cost in your doctor bill.

The Woman's Club.

A most enjoyable meeting of the Woman's Club was held March 3 with Mrs. B. J. Pellerin as hostess. After the meeting was called to order and minutes of previous meeting read and approved, the president appointed Mrs. L. O. Clark as a member of the governing board. No further business to conduct the following program was rendered:

The Battle of Bosworth Field... Miss DeBlanc
A Resume of the Play... Mrs. Kelly
A History of The Woman's Club, of Lafayette, ... Mrs. Denbo
Roll-call: Quotations from King Richard III.

After which the Club adjourned and Mrs. Pellerin served a most delicious luncheon. The Club will meet March 10 with Mrs. Stephens, and the annual election of officers will be held.

Entertainment at the Industrial Institute.

Dr. Kohnke to Lecture.

Upon invitation from the City Council and Police Jury, Dr. Kohnke will deliver his illustrated lecture on the mosquito here on the 17th, unless something occurs to prevent. Two lectures will be given, one in the afternoon for the convenience of the country people, and one at night for town people.

Machinery Not Arrived.

The Good Roads demonstration has been delayed on account of the nonarrival of the machinery. As soon as it reaches here the work will begin, and it is hoped that that will not be long off.

Owing to the failure to raise the amount first decided on, the quantity of permanent road has had to be reduced about one half. While of course, a longer stretch of permanent road, which will be made of shells in this case, would have been much preferable for demonstration work, yet the amount that can be built with the funds available is considered sufficiently large to give a good object lesson in that kind of road construction.

Mrs. W. A. Legg will leave in a few days to join Mr. Legg in Beaumont, where they will make their home, Mr. Legg having made the change in the hope of benefiting his health. Mr. and Mrs. Legg both made quite a number of friends during their residence here, who regret the necessity which makes them go elsewhere.

Work Not Chief End of Life.

Someone has said that no man, day after day and year after year, lives up to the full measure of his capacities, no matter where he works. Manifestly this is true, and it is necessarily so. Work is not the chief end of life, and where some mistaken individual has tried to make it so he has marred his existence. Insanity, chronic invalidism and early dissolution have marked the careers of many of the type. Still others, living a ghastly, mercenary existence, are stalking specters of a diseased idea of existence.

Hungry, Too.

Champion Liniment for Rheumatism.
Chas. Drake, a mail carrier at Chapinville, Conn., says: "Chamberlain's Pain Balm is the champion of all liniments. The past year I was troubled a great deal with rheumatism in my shoulder. After trying several cures the storekeeper here recommended this remedy and it completely cured me." There is no use of anyone suffering from that painful ailment when this liniment can be obtained for a small sum. A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St., Chicago. "Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the Council." This remedy is for sale by all Druggists.
