The Quality of Lime

is a very essential factor to be considered by builders, and for that reason alone it will pay you to consider your source of supply, and when the question of quality comes up our claims for superiority are paramount, because we can and do furnish the best grades at the lowest prices.

A DRAUGH HORSE

is a useful animal, but like man, needs proper tools when at work. The first requisite for getting best service out of a laboring horse is a good set of **WORKING HARNESS**, and here's the place to get it. Examine and price our "working harness." If you do, we have no fears about your buying, as that will take care of itself.

J. J. MARSH.
