

What "Marion Harland" Thinks of "Nature's Gift From The Sunny South"

New York, December 15, 1906

The N. K. Fairbank Company,

Dear Sirs:

Many years ago I discontinued the use of lard in my kitchen and substituted for it—as an experiment—COTTOLENE, then comparatively a new product.

Since my first trial of it I can truly say that it has given complete satisfaction, whether it is used alone, as "shortening", or in combination with butter in pastry, biscuits, etc., or in frying; it has never disappointed me.

I wish it were in my power to install this pure vegetable product in the esteem of my fellow housewives in place of the gross, and often diseased, animal fats.

I rarely recommend any proprietary article in print, however good I may think it, but after many years use has proved to my household and myself the excellence of COTTOLENE, I feel justified in departing from the self-imposed rule. I honestly believe it to be the very best thing of its kind ever offered to the American housekeeper, and I am glad of the opportunity to make my conviction public.

Yours truly,

Marion Harland

NOTE—"MARION HARLAND" is well known as one of the foremost cooking experts in the United States. She is the author of the famous "Marion Harland Cook Book," and her articles on culinary subjects are widely read and highly prized. Her high standing and long experience with COTTOLENE make this endorsement particularly strong and convincing, and it is doubly gratifying because of the fact that it came entirely unsolicited.

Widowhood in China.
According to the laws of good society in China, young widows should not remarry. Widowhood is, therefore, held in highest esteem, and the older the widow grows the more agreeable her position becomes. Should she reach fifty years she may, by applying to the emperor, get a sum of money with which to buy a tablet, on which her virtues are inscribed. The tablet is then placed over the door at the principal entrance of her house.

Limited Experience.
Gentleman (hiring valet): "Then I understand you to have some knowledge of barbering. You've cut hair, off and on?" Applicant: "Oh, sir, but never on."

Value of Biblical Shekel.
The Biblical shekel of silver was worth about 50 cents on present day values. A shekel of gold represented about \$10, a talent of silver was equivalent to \$2,000, a talent of gold was nearly \$30,000, a piece of silver, or a penny, was about eight and a half pence, a farthing was equal to one cent, a mite was still less than a farthing, and a gerah was three cents.

Relieving Rheumatism.

Rheumatism can often be relieved by application to the painful parts, of cloths wet in a weak solution of soda in water. If there is inflammation in the joints, the cure is very quick; the wash needs to be lukewarm.

Soap in History.

It is noteworthy that the Latin word for soap, *sapo*, is derived from the low German word *sepe*. The ancient Belgians had a sort of caustic soap or rouge that was probably the origin of the well-known old Dutch soap.
