

HOW'S YOUR BLOOD?

Pimples and Eruptions
Mean Bad Blood

People who have impure or impoverished blood should be careful to take only a temperance remedy made of wild roots and barks such as Dr. Pierce's Golden Medical Discovery is and has been for nearly 50 years. Ingredients printed on wrapper.

The first day you start to take this reliable medicine, impure germs and accumulation begin to separate in the blood and are then expelled through the eliminative organs.

In place of the impurities, the arteries and veins gradually get fresh vitalized blood and the action of this good blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and all skin blemishes will disappear. Then you must remember that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache.

Get Dr. Pierce's Golden Medical Discovery to-day at any medicine dealers, in tablet or liquid form, or send 10c for trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

San Angelo, Texas—"Dr. Pierce's proprietary remedies have been entirely satisfactory to me in the truest sense of the word. I consider them as being very high-class remedies and the safest that I know of on the market. Myself and family have used them as a tonic after the La Grippe, with good results. During the last score of years when we needed a tonic we have used the 'Golden Medical Discovery' always with satisfactory results, also the 'Pleasant Pellets.' My thanks to Dr. Pierce prompts me to write my truthful sentiments."—O. R. Wilson.

D. C. Cole, prop. racket store, Main St., Bastrop, Tex., says: "I was told I was fast developing Bright's disease. My kidneys were weak and too free in action both day and night. I used different kidney medicines, but it remained for Doan's Kidney Pills to cure me."

SIR THOMAS LIPTON COMES WITH MIDDLE WEST MEN

RETURNING THE "EYES" BORROWED FOR THE NAVY

When the navy department called for more "eyes" for the navy, 52,000 patriots responded by lending their field glasses, 32,000 of which were accepted. This photograph shows war workers packing the field glasses in cartons and returning them to the owners. The glasses proved to be of great value to submarine chasers and destroyers during the war.

NEW UNIFORM FOR NAVY

On the left is Commander John Higgins, U. S. N., wearing the new regulation uniform adopted by the navy department, and on the right Ensign Milton MacDonald, wearing the old type. The coat of the new uniform is similar to that worn by British naval officers, having a low collar and open front. There is no insignia on the collar of the new coat, but the insignia on the sleeve remains the same.

Human Nature.
"So you came in from Honey Shuck this morning?" we asked. "Tell us, what kind of a place is it?"
"The prettiest, neatest, most up-to-the-minute little town you ever saw," he enthusiastically replied, "inhabited by as fine and progressive set of people as can be found anywhere."
"Indeed," we returned. "We perceive that you do not live there, but merely stopped over, possibly for a day. No resident of a small town ever comes to the city and fails to apologize for his home village and reiterate how dead slow and abysmally dreary life is there."—Kansas City Star.

Theaters in Ocean Liners.
A favorite project of the late Charles Frohman, which he did not live to see fulfilled, the establishment of theaters in ocean liners, is being revived as an outcome of entertainments given to soldiers in troopships. The New York officials of the Cunard line have resuscitated the scheme. They are reported to be considering plans for the construction of stages in the saloons of their Atlantic vessels with complete sets of scenery. In addition, every ship is to carry a stock company and a director to produce plays selected from the latest London and New York successes.

FIGHTING THE INFLUENZA IN ENGLAND

Owing to the flu epidemic in England, the Litchfield authorities have closed the schools. The headmaster of the King Edward VI grammar school got permission to carry on his school with out-of-door games, parades, drills, etc., to fight the flu. One of the methods taken was to have the boys inhale disinfectant through their nostrils after each exercise was completed.

KIDNEYS WEAKENING?
BETTER LOOK OUT!

Kidney and bladder troubles don't disappear of themselves. They grow upon you, slowly but steadily, undermining your health with deadly certainty, until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you feel that you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1696 the government of the Netherlands granted a special charter authorizing its sale.

The good housewife of Holland would almost as soon be without food, as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. Their use restores strength and is responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

Very Possible.
"I dearly love rich and costly things," remarked Mrs. Gablot, boastfully, to her friend in the street car. "They seem to satisfy my sense of the beautiful and the esthetic. For examples, I am wearing my new hat, which cost me \$35. I find a keen delight in knowing that people have so far appreciated my taste as to turn around and gaze after me. I knew they were inwardly commenting on how very becoming it was."
"Perhaps that is the reason," responded her friend, "but I am inclined to think it was because there is a \$2.98 price mark still hanging to it."

The Hum of the Mill.
He was a lad from the backwoods of Arkansas where sawmills are numerous. Going into the army and overseas he arrived at Camp Codford, England. While here he saw and heard his first airplane. The aviator was flying low and the buzz of the engines could be distinctly heard. Turning to a buddy he says: "Where is that sawmill I hear?"

Not He.
Alice—"How would you lead up to a proposal?" Young Lieutenant—"Personally I wouldn't."
