OFFICIAL JOURNAL OF THE PARISH OF ST. JOHN THE BAPTIST.

VOL. 69.

LUCY (PARISH OF ST. JOHN THE BAPTIST), LOUISIANA, SATURDAY, APRIL 15, 1922.

NO. 15.

Without waiting for manufacturing and labor costs to come down, the Lalley Light Corporation have arbitrarily reduced the price of their Model H Lalley Light and Home Electric Power Plant from \$625 to \$485 (F.O.B. Detroit), or a saving to you of \$140.

This sweeping reduction—which actually puts the price of the Model H Lalley below the pre-war basis, power and efficiency considered—is made for the month of May only, and cannot be maintained at that low figure unless increased sales come in sufficient volume to keep the Lalley factories working at full speed, in which case volume production will absorb the loss the Lalley Light Corporation is now taking.

While the new low price of \$485 will prevail through the month of May, it will all depend on May sales whether or not it will be continued, and if the sales do not warrant this great reduction the price will be advanced June 1st, as it is absolutely impossible for the Lalley Light Corporation to continue to stand a loss such as this new price represents.

This is your opportunity to get this highly refined Model H Lalley Light and Home Electric Power Plant at less than actual cost of manufacture—the same high grade Lalley that has seen eleven years of actual use in thousands of farm homes; the bigger, better, more powerful Lalley, the plant that "Does More and Does It Better." It carries the standard one year's guarantee.

Come in and see this wonderful plant, or phone or write for full particulars. Remember this low price of \$485 may have to be raised after May 31st.

Ford

THE UNIVERSAL CAR

The Ford Sedan, with electric self-starting and lighting system and demountable rims with 3 1/2 inch tires front and rear, for every day in the year has no equal as a family car. Just as popular on the farm as it is in the city. In fact, it fits the family demands in every vocation of life. Large, roomy seats, finely upholstered, plate glass windows make it an open car in pleasant weather, while in rainy and inclement weather it becomes a closed car, dust-proof and rain-proof. It is not only comfortable, but really cozy, and above all, economical in operation and maintenance, and has all the Ford merits of strength and durability.

Baby as Luggage.
The latest style of baby carriages was seen in the Union depot recently. It is a simple affair—the baby, a board and several straps. At first glance the baby might be mistaken for a bunch of clothing bound together in an old fashioned shawl strap, but on looking closer you see that on the child's back a board was placed, and three stout straps bound the youngster to it. A leather added to its convenience.—Chicago Inter Ocean.
