CLIP THIS AND PIN ON WIFE'S DRESSER

Cincinnati man tells how to shrivel up corns or callouses so they lift off with fingers.

Ouch ! ! ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.

He says freezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezone tell him to order a small bottle for you.

Baby as Luggage.

The latest style of baby carriage was seen in the Union depot recently. It is a simple affair—the baby, a board and several straps. At first glance the baby might be mistaken for a bunch of clothing bound together in an old fashioned shawl strap, but on looking closer you can see that on the child's back a board was placed, and then some straps bound the young man to it. A leather sheet to the conveniences.—Chicago Inter Ocean.

It has both Protestant and Catholic Churches, schools, hotel, 6 passenger trains daily, flowing wells, etc. Each of these 10-acre tracts is on a public road, within a half mile to 3 miles of Livingston and the lands when cleared are especially fine for strawberries and early vegetables for the northern markets, as can be seen by the gardens at Livingston.

As there are only about 60 of these FREE 10-acre tracts, and some are more desirable than others, come to Livingston at once and we will show you the land, or send for circular and plat of lands, but no applications for lands will be considered until the applicant has examined the property, as we desire to give this land only to those who will promptly cultivate it, and thereby enhance the value of our remaining lands.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts your liver without making you sick and can not salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel.

YES! LIFT A CORN OFF WITHOUT PAIN!

Cincinnati Authority tells how to dry up a corn or callus so it lifts off with fingers.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain.

A small bottle of freezone cost very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any freezone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.
