ROM this date no act of any kird will be recorded that is handed into the Records of soldier, unless the fee for recording as der's Office, unless the fee for recording accompany the same. A great many have handed in deeds with the promise to pay in a day or two and it has been a year or two and no pay yet. It is true that the amount is small, but one dollar each from 500 people is some rooney. It is easier for any one to raise from one to five dollars than for me to do without \$500 or more, and necessity forces me to this plan. So from this date no act will be recorded until the Recorder's fee is ar ranged.
