LOCAL MATTERS.

The gears hold on distressingly long.

Reed's Gilt Edge Tonic cures Dyspepsia. Blackberries are ripe and quite plentiful.

Reed's Gilt Edge Tonic prevents Malaria.

Fishing has been the order of the day this week.

The weather has been quite warm this week.

The thermometer in our office went up to 24 degrees on Thursday.

Business is very dull, but not more so than is usual at this time of year.

The price of the BEACON and Detroit Free Press combined is \$5.55.

If your Horse has a spavin, use Kendall's Spavin Cure. See their advertisement.

Attention every one! Have you heard of Kendall's Spavin Cure? See advertisement.

Some of our plowmen are getting in the grass, but the weather is very favorable for getting clear of it.

The man interfered with a fish-fry last Tuesday, but did not prevent the catching of a fine lot of fish.

"WINE OF CARDUI" cures irregular, painful, or difficult menstruation.

For sale by Dr. D. R. Peut, Rayville, La.

Capt. W. P. Power, who had his Franklin Sun leased for some time has bought the establishment, and is now sole proprietor and editor.

The people of Rayville should buy a spot of ground for a cemetery, enclose and beautify it. We have no place now in which to bury our dead.

We learn that the trains will commence running through, from Delta to Monroe, to-day. Everybody is anxious to see business resume on the road!

The weather has been quite favorable for the growing crops this week—warm and showery. The corn crop is nearly made and cotton is growing finely.

"BLACK-DRAUGHT" cures costiveness and Sick-Headache.

For sale by Dr. D. R. Peut, Rayville, La.

Rev. L. C. Willis, Pastor of the Baptist Church, will preach at this place on Tuesday night, June 21st, and administer the ordinance of baptism on the following day, June 22d.

Lame back, lumbago, sciatica, and all diseases of the kidneys, bladder, and urinary organs are positively and permanently cured by the wonderful new remedy, Prof. Gimenez's Liver Pad.

Those who wish to see the moon in total eclipse, can get a sight of the exhibition by sitting up until half past one o'clock to-night. The total eclipse will occur at 13 minutes past 12 o'clock.

We acknowledge the receipt of an invitation to the commencement exercises and ball of the Louisiana State University and Agricultural and Mechanical College, July 1st-5th, which we would like very much to attend were it possible for us to do so, but it is not.

"BLACK-DRAUGHT" cures dyspepsia, indigestion and heartburn.

Dr. D. R. Peut's Rayville La.

S. A. Owen is fully authorized to transact business for the BEACON at Delhi and elsewhere where it may be convenient for our patrons to transact business with him. Any one wishing to subscribe for the paper can order through him.

There were four accessions to the Baptist Church at Rayville last Sunday—three by letter and one by experience. The pastor preached three sermons that were full of spirituality and zeal which were found to have found a lodgement in the hearts of his audience.

Mr. Carson, of Monroe, has submitted a beautiful drawing, plan and specification for the building of our new court house for the consideration of our Police Jury. We do not know what his bid is, as that is sealed and will not be opened until the Police Jury is ready to consider the bids.

PATRICK'S MAGAZINE for July is on sale, table, ahead of all others, as usual. We have gotten space of this judge book, in one of the *sharpest* and best, that all we can to new sets to reiterate that opinion. The present number is peculiarly rich in embellishments. The steel plate, "The First Team," is a charming illustration. The colored steel-tinted plate is, as yet, "theatrical," as it is a lady at our show says. There is a profusely illustrated article on "Ancient and Modern Gardens," and a pretty musical tale story, by Agnes James, "Plates and Diamonds." In this number, we have the first chapters of a historical novel, "The News From Yorktown," which is also illustrated, and which is particularly appropriate as this is the Yorktown "Centenary Year." In addition to this, there are two series of designs, work-table designs, etc., besides a beautiful colored pattern for a photographic frame, in diverses or single views, above worth the price of the number. Every lady ought to be a subscriber to this magazine. The terms are but two dollars a year, with great reductions to clubs, and handsome premiums to the person sending in the cash. *Now is the time* to subscribe. A new volume begins with the July number, for back numbers to January inclusive can always be supplied, if wished. Specimens are sent gratis, if written for to get up proofs. Address, Mrs. J. Patterson, 10 Chestnut Street, Philadelphia.

Rev. L. E. Hall, an able and zealous evangelist of Mississippian, will be at Rayville to-day for the purpose of assisting the pastor of the Baptist Church at this place in holding a protracted meeting, and will preach to-night.

The meeting will perhaps continue two weeks, if it is thought advisable to postpone it that long.

We hope to see all our people, not only of Rayville but the surrounding country, attend the meeting and that it will result in great good to the community. Come out to-night and hear the preaching, and come up praying and praying that you may be benefited by it.

Obituary.

Milton Latourette, being Oliver, son of Major W. T. and M. F. Oliver, was born February 2d, 1829, and died May 10th, 1851. His name bore witness to his being the last of the household, but his Saxon name is a mark. He took him from his parents' grave to be buried in such little company, natural green, but that grief is screened by the reflection that they have been removed from the earth and placed in a better home.

The writer of this intended to have mentioned this bereavement at the time of its occurrence, but failed to obtain the age and name of the child until now, which he wished to mention in noting its death.

The hope of again meeting the little one is founded upon a firm belief in the resurrection of the dead.

In Memoriam.

Died at her residence, on Wynn Island, on Friday, May 26th, 1851, Mrs. Mary E. Wynn.

Mrs. Wynn was born in Putnam county, Georgia, March 10th, 1837, and was a child of J. M. & M. A. Sanders, late of that parish.

From an early age she was destined to Mrs. Wynn's service, as an orphan, as evidenced in every name and emblem within her power.

The greatest of all the three great virtues, charity, she possessed to no inhuman extent, and sadly will our Island miss her. Her gentle and genial hospitality were familiar to every one, and we have met with a loss that can never be replaced. But we hardly bow and say: "They will not make no more?" We are fully satisfied that Mrs. Wynn has taken that narrow path that leads to the regions of the blest.

There is a path no leads to God,

All others are astray.

Narrow but pleasant is the road,

And Christians save the way.

Mrs. Wynn leaves a husband and little girl to mourn their loss. The writer of this has known her from her girlhood and mind and gladness she has always marked her life.

We drop a tear and pass her over to the care of Shepherd's care, who death all things will.

Thus I may safely venture through,

Behind my Shepherd's care;

She kept the gate of heaven in view,

And now has entered there.

Reed's Gilt Edge Tonic restores the appetite.

Forty years tried has proved "BLACK-

DRAUGHT" the best liver medicine in the world.

For sale by Dr. D. R. Peut, Rayville, La.

An organization of ex-Confederate soldiers has been effected at Chattanooga, Tenn., with a view to the reception of those who may attend the reunion of the Army of the Cumberland, which is to take place in that city next September.

Thousands have been cured of diseases, agues, disorders, jumbins, dyspepsia and all diseases of the liver, kidneys, and stomach, when all other remedies have failed, by using Prof. Gimenez's French Liver Pad, which is a quick and permanent cure for these disorders. Ask your druggist for the great remedy, and take no other, and if he does not keep it send \$1.00 in a letter to the French Pad Co., Toledo, O., and receive one by mail post.

Mr. Frank Hatch, of the 7th ward, sent us a contour leaf this week with a worm upon it, which had eaten portion of the leaf, but he did not inform us as to whether he had found others or not. The worm is not of the right color, but his actions like the genuine cotton worm. If the worm appears this early it will certainly destroy the crop if not exterminated.
