PLANTATION BITTERS

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits.

Wherever it is introduced it becomes a standard article--a medicinal staple. It is to-day the best and purest tonic, and the most popular medicine in the civilized world--be sure and get the genuine. Sold by all Druggists, Grocers and Country Stores.
