

THIEVES AND BURGARS ABOUT.—We are informed that during last night, (Wednesday,) the Shoe-shop of Mr. A. H. Butterworth, in this place, was entered by burglars, and about \$14 worth of Boots and Shoes and leather stolen therefrom. A number of shirts and other articles were stolen from the clothes-line of Mrs. A. B. Goodsell. No trace of the thieves has been obtained.

ACCIDENT.—A son of Mr. Orange Strong, of Euhalia township, aged about 10 years, had his leg broken a few days since, by a tree, which he was chopping down, falling upon it. Dr. Ellison set the bones, and we learn that the boy is doing well.

We have received copies of the "Annual Report of the Board of Managers of the Penna. Institution for deaf and dumb, for 1856" and the "Twenty-ninth Annual Report of the Board of Managers of the Philadelphia House of refuge." We have not yet had time to examine them.

In the General Appropriation Bill, recently passed by the Legislature, it is provided that the State Tax, this year, shall be two and a half mills in the dollar, instead of three, as formerly. This is a good beginning, in the right direction.

By reference to our advertising columns, it will be seen that the Borough Council have amended the Side-walk Ordinance, and also passed one prohibiting butchering within certain limits.

We have an interesting letter from a friend in the west, which we have not room for this week, but will give it in our next edition. We hope "H" will favor us with more of the same sort.

We invite the attention of everybody to the many New Advertisements in this week's paper. We have not room to particularize them.

The late rains have swelled the water in the Allegheny considerably, and we begin to think there is a June flood on the tapis.

CABBAGE.—Those who have tried, say that no crop can be more advantageously raised, for feeding to stock than cabbage. 18,000 heads have been raised, from two-and-a-half acres in Massaparquets. The ground should be rich and well worked. The seed should be sown in rows sufficiently wide apart to admit a cultivator between. The plants are thinned out when of proper size, and afterwards kept free from weeds and worms.

DR. DICKINSON'S MAGNETO-ELECTRIC MACHINE is exceeding the absorbing attention of the Medical Profession and a large portion of the intelligent laymen of the land. It is now clearly demonstrated that the lancet, mercury, and all other internal "drug medication" may be laid aside with perfect safety to the patient and abiding benefit to posterity. Wherever these machines have been introduced, they excite the highest wonder and praise. The apparatus is adapted to prevent, relieve and cure every disease incident to humanity—more particularly all those painful and formidable diseases which have for centuries baffled the profoundest learning and skill of physicians. From whatever cause there may be an excess or deficiency of the nervous fluid—producing an excess or deficiency of the acids and alkaline secretions—the magnetic principles of the system are deranged, and can only be safely restored to their normal condition by an application of magneto-electricity, by means of DR. DICKINSON'S MAGNETO-ELECTRIC MACHINE. This apparatus will positively prevent, and speedily relieve and cure Consumption, Scrofula, Rheumatism, Palsies, Neuralgia, Spinal Diseases, and all other painful maladies, however hopeless and of long standing. They are eminently useful in all sexual and urinary disorders, particularly where the Constitution has been broken down and ruined by unnatural solitary habits to which too many of the young of both sexes are so lamentably prone.

DR. DICKINSON'S MAGNETO-ELECTRIC MACHINE is without the dangerous complications of batteries and acids—which fact alone renders it superior to all others on the score of neatness, cleanliness, safety and utility.—It is, in fact, a handsome parlor ornament; may be applied by a child; and will last a life-time, to the great saving of Doctor's bills, &c. PRICE OF THE MACHINE \$10. It will be safely packed and sent to any part of the United States. Sold wholesale and retail at the Medical Office, No. 38 NORTH SEVENTH Street, Philadelphia. Address, A. C. DICKINSON, M.D. 10-1-ly.
