

General News

Col. Fremont is about to sail for California to look after his Mariposa claim.

Notwithstanding the proverb that "poverty is no crime," yet a man without money is invariably set down by the world as devoid of principle.

The heart of the Queen of Westphalia, the second wife of Prince Jerome Bonaparte, the mother of Prince Napoleon and the Princess Mathilde, has been deposited in the tomb of the Emperor Napoleon, at the Invalides.

A writer says of girls, "lovely, pure, innocent, ingenious, unsuspecting, full of kindness to brothers, babies, and everything, what a pity they should ever become women, flirts, and heartless coquettes!" We say so too.

We are told that a hen in Salem has laid twelve eggs in seven days; and a sow in New Sharon, Me. has produced five calves within the last thirteen months. Total weight of the calves 321 pounds. Rather tough—calves we mean.

A woman dressed in a rich brocade dress, silk hat and flowers, lace collar and black silk mitts, with neatly set-off hair, was arrested in Patterson, N. J., the other night for being drunk, and was sent to jail for four days.

Yellow fever in New York.—The Tribune of Saturday says: Yellow fever is at our very doors; it is at the Quarantine, and an infected ship is at the Atlantic Docks. We do not know that there are any cases of sickness in the city; but we know that sailors from infected vessels have got here.

Gen. Stewart, of Maryland, one of the railway guests, took with him a favorite slave, who had been with him through the Mexican War. He openly expressed defiance of any efforts to persuade him to leave, but he was mistaken. At Chillicothe some of the directors of the "underground" railroad were successful in persuading the slave to make himself a freeman.

Mr. Buchanan and the Widows.—The Reading Journal, speaking of the removals made by Mr. Buchanan's administration, of the few women who were appointed Postmasters, and by this means earned a few pennies for their own support and that of their children, thus accounts for the President's hostility to the widows:

"Mr. B. has probably been jilted sometime by a widow, and feels like revenging himself by allowing none of them to hold office under him. It is a mean and small business though, to be turning widows from petty little offices, to make room for lubberly Loofcocks who are too lazy to work."

To Supervisors.

An Act, relative to the sale of lands for the non payment of taxes.

Sec. 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same, That in all public sales of land hereafter made by the treasurer or commissioners of the several counties of this commonwealth in pursuance of the laws of this Commonwealth, the rule of caveat emptor shall apply, except in cases of double assessment, or where the taxes on which the sale is made shall have been previously paid, or where the lands do not lie within the county; and neither said treasurer nor commissioners shall be required to refund the purchase money, costs or taxes paid upon any tract or tracts of lands so sold as aforesaid.

Sec. 2. That from and after the passage of this act, assessors, supervisors, and collectors of road and school taxes be and they are hereby required to make their returns for the collection of all taxes on unreturned lands on or before the first day of January in each and every year, and if not so made by said assessors and collectors, such returns shall not thereafter be received, nor shall such taxes be a lien on real estate: Provided, that this section shall not be construed to exempt any such assessors and collectors and their bail, from liability for not making their returns according to law.

Sec. 3. That it shall be the duty of supervisors and collectors of road taxes, and of all collectors of any other taxes whatever, to make return to the county commissioners of any exonerations claimed by them, on or before the first day of January in each year; and it shall not be lawful for the said commissioners to grant any exonerations after that time, nor for the county treasurer to sell any lands which shall have been returned and taxes exonerated, after the said time.

Sec. 4. That it shall not be lawful after the first day of January, Anno Domini one thousand eight hundred and fifty-seven, for the county treasurer of any county of this commonwealth to charge and receive any fee for advertising any land for sale for non-payment of taxes, when the owner or owners thereof shall pay said taxes on or before the first day of March previous to the day of sale for taxes, in the year in which such sale shall be advertised.

RICHARDSON L. WRIGHT, Speaker of House of Representatives.

WM. M. PLATT, Speaker of the Senate.

APPROVED.—The twenty-first day of April, Anno Domini one thousand eight hundred and fifty-six.

JAMES POLLOCK.

The Minnesota Election.

[From the Minnesota of the 13th inst.] We have now received nearly all the returns, enough to warrant us in saying that the Republicans have carried the Territory beyond a question.

The Fourth district, which, it was reported, had gone Democratic, is all right, as will be seen by the following returns received by Mr. Moore yesterday. We give the aggregate of the vote in Goodhue, Dodge, and Freeborn counties.

Table with columns REP. and DEM. listing candidates and vote counts for various districts.

By this table it will be seen that this district sends five Republicans and one Democrat to the Convention.

The relative strength of the parties can be gleaned from the following table, and we may add that probably the Republicans will have at least half of those in the "doubtful" column.

Pembina left out—excluded by the North and South line.

Fanny Fern's Cure for Blues.

And you have "the blues" hey! Well, I pity you! No I don't either; there's no need of it. If one friend proves a Judas, never mind! plenty of warm, generous, nice hearts for the winning. If you are poor and have to sell your free agency for a sixpence a week to some penurious relative, or be everlastingly thankful for the gift of an old garment that won't hang together till you get it home! just go to work like ten thousand evil spirits, and make yourself independent! and see with what a different pair of spectacles you'll get looked at! Nothing like it, my dear! you can have every thing on earth you want when you don't need anything.

Don't the Bible say, "to him that hath shall be given?" no mistake, you see. When the wheel turns round with you on the top, saints and angels! you can do anything you like, play any sort of a prank, pout or smile, be grave or gay, saucy or courteous, it will pass muster! you never need trouble yourself—can't do anything wrong if you try. At most it will only be such an "eccentricity!" But you need never be such a fool as to expect any one will find out you are a diamond till you get a showy setting! you'll get knocked and cuffed around, and roughly handled, with paste and tinsel, and rubbish, till that auspicious moment arrives. Then! won't all the sheaves bow down to your sheaf?—not one rebellious straggler left in the field! But stay a little.

In your adversity, found you one faithful heart that stood firmly by your side and shared your tears, when skies were dark, and your pathway thorny and steep, and summer friends fell off like autumn leaves? By all that's noble in a woman's heart, give that one the first place in it now. Let the world see one heart proof against the sunshine of prosperity. You can't repay such a friend—all the mines of Golconda could not do it. But in a thousand delicate ways, prompted by a woman's unerring tact, let your heart come forth gratefully, generously, lovingly. Pray heaven be on the shady side of fortune, that your heart and hand may have a wider field for gratitude to show itself. Extract every thorn from his pathway, chase away every cloud of sorrow, brighten his lonely hours, smooth the pillow of sickness, and press lovingly his hand in death.

GREAT EXCITEMENT! TREMENDOUS RUSH!

Another Cargo of Goods at THE OLD REGULATOR.

YOU might as well undertake to dam up the waters of the Niagara with bulrushes, as to try to convince the multitude that there is any other place in town where they can get such great bargains in the line of GROCERIES & PROVISIONS,

as at the Old Regulator which has so long been the Great Emporium of Trade in this flourishing Metropolis. Now we have come to the conclusion that there is only one way to sell Goods, and that is to let the people know we have them to sell, and sell them at prices which will be an inducement to those in want to buy of us; and for this purpose we have chartered a column in the Journal where we intend to keep the people posted as to what may be found at our establishment. Every body knows, (or at least ought to know) where the Old Regulator is; and for the benefit of those who don't know, and who wish to know, we will just inform them that it is located right on the

RAILROAD.

only a few rods from the Depot, and is always open for customers and all who wish to save 25 per cent. in purchasing the necessities of life; for it is the only place in town where you can expect to have a little change left after purchasing your necessary supplies, notwithstanding the common assertion of every one that they sell cheaper than their neighbors. We don't boast of selling goods at or below cost, but we have adopted as our standard "Live and Let Live," and to sell as cheap as the cheapest; for when people advertise to sell below cost, you may easily conclude that they are only "throwing out bait." In order that the people may know what we keep to sell, we will enumerate a few of the most important articles.

GROCERIES.

Any one examining our stock of Groceries, we are confident will at once come to the conclusion that a better and more complete assortment cannot be found in this section, consisting of SUGAR, TEA, COFFEE, MOLASSES, SYRUPS, PEPPER, SPICE, GINGER, CLOVES,

Mustard, Saleratus, Cinnamon, Pepper-Sauce, Catsup, Yeast and Soap Powders, Vinegar, Oil, Camphene, Fluid, Chewing and Smoking Tobacco, Saus, Segars, Candy, Nuts, Raisins, Crackers, Herring, Soap, Candles, and an endless variety of other articles which it is unnecessary to mention, may be found in this department, and which will be sold at a trifling advance from cost to ready pay.

PROVISIONS.

Just take a look at our large stock of Provisions, and see if we have not got the where-with to relieve the numerous wants of the needy, and enough to keep you all from starving through the long and dreary winter. It is impossible for us to enumerate one half the articles we keep, in a single advertisement, but we will mention a few of the most important, which may be found in abundance and in great variety, consisting of

- PORK, HAMS, BUTTER, CHEESE, LARD, CORNED BEEF, DRIED BEEF, SHOULDERS, FLOUR, CORN MEAL, BUCKWHEAT FLOUR, DRIED APPLES, DRIED PLUMS, POTATOES, OATS, BEANS, SALT, and a host of other articles in the line of provisions. Also kept constantly on hand a good assortment of WOODEN AND WILLOW WARE such as Brooms, Washtubs and Boards, Mops, Dinner Boxes, Brushes, &c., together with a general assortment of Stone Ware, which we will sell very cheap for cash. A general invitation is extended to all, and to the people of Potter County in particular to call at the Old Regulator before purchasing elsewhere.

GREAT REVOLUTION IN MEDICAL SCIENCE.

The best Therapeutic Agent ever Introduced.

DR. DICKINSON'S MAGNETO-ELECTRIC MACHINE

is exciting the absorbing attention of the Medical Profession and a large portion of the intelligent men of the land. It is now clearly demonstrated that the lancet, mercury, and all other internal "drug medication" may be laid aside with perfect safety to the patient, and affording benefit to posterity. Wherever these machines have been introduced, they excite the highest wonder and praise. The apparatus is adapted to prevent, relieve and cure every disease incident to humanity,—more particularly all those painful and formidable diseases which have for centuries baffled the profoundest learning and skill of physicians.

From whatever cause there may be an excess or deficiency of the nervous fluid—producing an excess or deficiency of the acids and alkaline secretions—the magnetic principles of the system are deranged, and can only be safely restored to their normal condition by an application of magneto-electricity, by means of DR. DICKINSON'S MAGNETO-ELECTRIC MACHINE. This apparatus will positively prevent, and speedily relieve and cure Consumption, Scrophula, Rheumatism, Palsies, Neuralgia, Spinal Diseases, and all other painful maladies, however hopeless and of long standing. They are eminently useful in all sexual and urinary disorders, particularly where the Constitution has been broken down and ruined by unnatural solitary habits to which too many of the young of both sexes are so lamentably prone.

DR. DICKINSON'S MAGNETO-ELECTRIC MACHINE is without the dangerous complications of batteries and acids—which fact alone renders it superior to all others on the score of neatness, cleanliness, safety and utility.—It is, in fact, a handsome parlor ornament; may be applied by a child; and will last a life-time, to the great saving of Doctor's bills, &c.

PRICE OF THE MACHINE \$10. It will be safely packed and sent to any part of the United States. Sold wholesale and retail at the Medical Office, No. 38 NORTH SEVENTH Street, Philadelphia. Address, A. C. DICKINSON, M.D.

AYER'S PILLS.

FOR ALL THE PURPOSES OF A FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and is an extensive trial of its virtues has been conscientiously shown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels, or dangerous in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient, they afford prompt and sure relief in Constipation, Piles, Colic, Dysentery, Humors, Scrophulous and Scurvy Colic, and in all cases of the bowels, Ulcers and impurity of the blood; in short, any and every case where a purgative is regularly required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach, and gives a healthy action, and restores the appetite and vigor. They purify the blood, and by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, and a physio is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. What their virtues are none know, the public will no longer doubt what remedy to employ when in need of a cathartic medicine. Being sugar-wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity. For minute directions see wrapper on the Box.

PREPARED BY JAMES C. AYER, Practical and Analytical Chemist, LOWELL, MASS. Price 25 Cents per Box. Five Boxes for \$1.

AYER'S CHERRY PECTORAL.

For the rapid Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

This remedy has won for itself such notoriety from its cures of every variety of pulmonary disease that it is entirely unnecessary to recount the evidences of its virtues in any community where, as has been the case, so wide is the field of its usefulness, and so numerous the cases of its cure, that almost every section of the country abounds in persons publicly known, who have been restored to some alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues
