IN ALL STAGES OF

## SECRET DISEASES,

*Scrophulous, Nervous Debility, Stricture, Gleet, Gravel, Rheumatism, Diseases of the Kidneys and Bladder, Menstrual Irregularities, Scrophulous Pains in the Bones and Joints, Diseases of the Lungs, Throat, Nose and Eyes, Discharge upon the Face, Leucorrhoea, Cancer, Dropsy, Epileptic Fits, St. Vitus's Dance, and all diseases arising from a derangement of the Sexual Organs.*

SUCH as Nervous Trembling, Loss of Memory, Loss of Power, General Weakness, Dimness of Vision with peculiar spots appearing before the eyes, Loss of Sight, Wakefulness, Dyspepsia, Liver Disease, Bruisings upon the face, Pain in the back and head, Female Irregularities and all improper discharges from both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted all their means of cure. The medicine is pleasant without odor, causing no sickness and free from mercury or balsam. During twenty years of practice, I have rescued from the jaws of Death many thousands, who, in the last stages of the above mentioned diseases had been given up to die by their physicians, which warrants me in promising to the afflicted, who may place themselves under my care, a perfect and most speedy cure. Secret Diseases are the greatest enemies to health, as they are the first cause of Consumption, Scrophulous and many other diseases, and should be a terror to the human family. As a permanent cure is scarcely ever effected, a majority of the cases falling into the hands of incompetent persons, who not only fail to cure the disease but ruin the constitution, filling the system with mercury, which, with the disease, hastens the sufferer into a rapid Consumption.

But should the disease and the treatment not prove death speedily and the victim survive, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in Scrophulous, Tetter, Ulcers, Eruptions and other affections of the skin, Eyes, Throat and Lungs, entailing upon them a brief existence of suffering and consigning them to an early grave.

SELF ABUSE is another formidable enemy to health, for nothing else in the dread catalogue of human diseases causes so destructive a drain upon the system, drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the Nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, society, business and all earthly happiness, and leaves the sufferer wracked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of Self-Abuse that a permanent and speedy cure can be effected, and with the abandonment of such practices as patients can be restored to robust vigorous health.

The afflicted are cautioned against the use of Patent Medicines, for there are so many ingenious swindlers in the columns of the public press to catch and rob the unwary sufferers that millions have their constitutions ruined by the vile compounds of quack doctors, or the equally poisonous nostrums vended as "Patent Medicines." I have carefully analyzed many of the so-called Patent Medicines and find that nearly all of them contain Corrosive Sublimates, which is one of the strongest preparations of mercury and a deadly poison, which instead of curing the disease dissolves the system for life.

Three-fourths of the patent nostrums now in use are put up by unprincipled and ignorant persons, who do not understand even the alphabet of the materia medica, and are equally as destitute of any knowledge of the human system having one object only in view, and that to make money regardless of consequences.

Irregularities and all diseases of males and females treated on principles established by twenty years of practice, and sanctioned by thousands of the most remarkable cures. Medicines with full directions sent to any part of the United States or Canada, by patients communicating their symptoms by letter—Business correspondence strictly confidential. Address

## RESOLUTION

Proposing Amendments to the Constitution of the Commonwealth.

RESOLVED by the Senate and House of Representatives in General Assembly met: That the following amendments be proposed to the constitution of the Commonwealth, in accordance with the provisions of the tenth article thereof.

**FIRST AMENDMENT.**  
There shall be an additional article to said constitution to be designated as article eleven, as follows:—

### ARTICLE XI. OF PUBLIC DEBTS.

SECTION 1. The state may contract debts, to supply casual deficits or failures in revenues, or to meet expenses not otherwise provided for; but the aggregate amount of such debts direct and contingent, whether contracted by virtue of one or more acts of the general assembly, or at different periods of time, shall never exceed seven hundred and fifty thousand dollars, and the money arising from the creation of such debts, shall be applied to the purpose for which it was obtained, or to repay the debts so contracted, and to no other purpose whatever.

SECTION 2. In addition to the above limited power the state may contract debts to repel invasion, suppress insurrection, defend the state in war, or to redeem the present outstanding indebtedness of the state; but the money arising from the contracting of such debts, shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

SECTION 3. Except the debts above specified, in sections one and two of this article, no debt whatever shall be created by, or on behalf of the state.

SECTION 4. To provide for the payment of the present debt, and any additional debt contracted as aforesaid, the legislature shall, at its first session, after the adoption of this amendment, create a sinking fund, which shall be sufficient to pay the accruing interest on such debt, and annually to reduce the principal thereof by a sum not less than two hundred and fifty thousand dollars; which sinking fund shall consist of the net annual income of the public works, from time to time owned by the state, or the proceeds of the sale of the same, or any part thereof, and of the income or proceeds of sale of stocks owned by the state, together with other funds, or resources, that may be designated by law. The said sinking fund may be increased, from time to time, by assigning to it any part of the taxes, or other revenues of the state, not required for the ordinary and current expenses of government, and unless in case of war, invasion or insurrection, no part of the said sinking fund shall be used or applied otherwise than in extinguishment of the public debt, until the amount of such debt is reduced below the sum of five millions of dollars.

SECTION 5. The credit of the Commonwealth shall not in any manner, or event, be pledged, or loaned to, any individual, company, corporation, or association; nor shall the Commonwealth hereafter become a joint owner, or stockholder, in any company, association, or corporation.

SECTION 6. The Commonwealth shall not assume the debt, or any part thereof, of any county, city, borough, or township; or of any corporation, or association; unless such debt shall have been contracted to enable the state to repel invasion, suppress domestic insurrection, defend itself in time of war, or to assist in the discharge of any portion of its present indebtedness.

SECTION 7. The legislature shall not authorize any county, city, borough, township, or incorporated district, by virtue of a vote of its citizens, or otherwise, to become a stockholder, or to obtain money for, or loan its credit to, any corporation, association, institution, or party.

### SECOND AMENDMENT.

There shall be an additional article to said constitution, to be designated as article XII, as follows:

### ARTICLE XII. OF NEW COUNTIES.

No county shall be divided by a line cutting off over one-tenth of its population, (either to form a new county or otherwise,) without the express assent of such county, by a vote of the electors thereof; nor shall any new county be established, containing less than four hundred square miles.

### THIRD AMENDMENT.

From section two of the first article of the constitution, strike out the words, "of the city of Philadelphia, and of each county respectively;" from section five, same article, strike out the words, "of Philadelphia and of the several counties;" from section seven, same article, strike out the words, "either the city of Philadelphia or any county;" and insert in the words, "and no county," and strike out "section four, same article," and in lieu thereof insert the following:

"SECTION 4. In the year one thousand eight hundred and sixty-four, and in every seventh year thereafter, representatives to the number of one hundred, shall be apportioned and distributed equally, throughout the state, by districts, in proportion to the number of taxable inhabitants in the several parts thereof; except that any county containing at least three thousand five hundred taxable, may be allowed a separate representation; but no more than three counties shall be joined, and no county shall be divided in the formation of a district. Any city containing a sufficient number of taxable to entitle it to at least two representatives, shall have a separate representation assigned it, and shall be divided into convenient districts of contiguous territory, of equal taxable population as near as may be, each of which districts shall elect one representative."

At the end of section seven, same article, insert these words, "the city of Philadelphia shall be divided into single electoral districts, of contiguous territory as nearly equal in taxable population as possible; but no ward shall be divided in the formation thereof."

The legislature, at its first session, after the adoption of this amendment, shall divide the city of Philadelphia into senatorial and representative districts, in the manner above provided; such districts to remain unchanged until the apportionment in the year one thousand eight hundred and sixty-four.

### FOURTH AMENDMENT.

There shall be an additional section to the first article of said constitution, which shall be numbered and read as follows:

SECTION 26. The legislature shall have the power to alter, revoke, or annul, any charter of incorporation hereafter conferred by, or under any special, or general law, whenever in their opinion it may be injurious to the citizens of the Commonwealth; in such manner, however, that no injustice shall be done to the incorporators.
