Nursing Syrup!

For Diarrhoea, Dysentery, Cholera, Cholera Morbus, Cholera Infantum, Fits from Worms, Spasms, Wind in the Stomach and Bowels, &c., &c., but

PARTICULARLY For Children when Teething, AND TO PRODUCE SLEEP.

I wish to call your attention to the above medicine as being superior to any ever before offered the public for the purposes for which we recommend it. Very many children from their mothers

IRRITABLE, NERVOUS, RESTLESS AND SLEEPLESS. They live in a state of nervous excitement, their cries and moans denote some functional derangement of the system, which requires but the least exciting cause, and they fall a prey to disease.

THE PERIOD OF TEETHING Is the most critical of any during the life of the child; and more children die during this period than at all other combined. According to statistics which are well authenticated

Seventy-five out of every hundred that die under two years of age, die from diseases caused by teething.

For producing a quiet, natural, and refreshing sleep, and from which the child will awaken feeling refreshed and glad.

The Nursing Syrup has no Equal.

For the benefit of mothers and nurses, we would advise you, when the child is restless, feverish, thirsty, head hot, face flushed, tongue coated, pulse quickened, to give a warm bath, followed by appropriate doses of the Nursing Syrup, and

ITS MAGICAL EFFECTS WILL GLADDEN YOUR HEARTS. All we ask is for you to try one bottle, and if you are not fully satisfied after using half of it, return it to the agent and get your money. Try it when your children are teething, and you will find this Syrup par excellence. It renders that process easy and causes the teeth to penetrate the gums, without producing those constitutional and oftentimes fatal symptoms so often witnessed in children. It is a nervous wakefulness and irritable child. On it can be given to the most delicate infant with perfect safety. Ask for the most delicate infant with perfect safety. in the village of Friendship, where they keep on hand an extensive assortment of

Melodeons, Organs, and Pianos,

as can be found in any Music Store in New York or

There is scarcely anything in which there is so much good as in the manufacture of these instruments. The outside is the work of Cabinet-makers. Any one who will reflect how much different twenty-five dollars will make in the appearance of a bureau or table, can readily understand how a few dollars expense may improve the outside of an instrument, while the inside may be utterly worthless. Any one can judge of the outside appearance, but only experienced judges can decide the value of the inside.

The great advantage which the subscribers offer to buy an Organ, or Melodeon, or a Piano, is that every instrument they have on hand is very carefully selected from the best makers, by

ONE OF THE PROFESSORS

OF THE

thus rendering it certain that the instrument is perfect. They want every instrument and will exchange or refund the money for every instrument that proves defective. They can also sell at low prices their City Music Stores as they do not have to pay the enormous city rents.

Our firm is composed of those who own the

Allegany Academy of Music.

As this Institution is permanently established in Friendship, those wishing to purchase Melodeons, Organs, or Pianos, will readily understand the value of purchasing from a responsible house located near them.

RUSS' PATENT KNIFE SHARPENER

For Table and Carving Knives only. All who prefer a Sharp Knife to a dull one for

cutting the blade at once. This is the only implement on the Dinner Table a great convenience.

All steel knife-sharpener heretofore made have proved failures, because they aim to cut away both sides of the blade at once. This is the only Knife Sharpener made on the correct principle of cutting upon one side of the blade at a time.

It is the only one using it, and who could not be persuaded to do without it.

RUSS' PATENT SCISSORS SHARPENER.

From Report of American Institute Farmers' Club in the N. Y. Tribune.

"A little implement, invented by J. J. Russ, is the best and most convenient I have seen for sharpening saws. It does not occupy more space than a lady's watch, but is formed of a piece of Black Walnut cut into an ornamental shape, upon one side of which is screwed a Steel Disc of a size which some of our young readers will not recognize, for we shall compare it to a silver quarter dollar. There is also a metal gear to the blade of the saw, so that it will cut the exact proper position. The disc has eight cutting faces, and is not, therefore, likely to wear out in any one lady's life-time. We commend this pretty, useful implement to the attention of every housewife."

Sold in Coudersport by P. A. Stebbins & Co., and by Ellison & Thompson.

GROVSTEEN & CO.,

Piano-Forte Manufacturers.

499 Broadway, New York.

THE attention of the public and the trade is invited to our New Seven Octave Rosewood Piano-Fortes, which for volume and purity of tone are unrivalled by any hitherto offered in this market.

They contain all the modern improvements, French grand action, warp pedal, iron frame, over-strung base, etc., and each instrument being made under the personal supervision of Mr. J. H. Grovsteen, who has had a practical experience of over thirty years in their manufacture, is fully warranted in every particular.

THE "GROVSTEEN PIANO-FORTE" Received the highest award of merit over all others at the Celebrated World's Fair!

Where were exhibited instruments from the best makers of London, Paris, Gernany, Philadelphia, Baltimore, Boston, and New York; and also at the American Institute for five successive years, the gold and silver medals from both of which can be seen at our ware-room.

By the introduction of improvements we make a still more perfect Piano-Forte, and by manufacturing largely, with a strictly cash system, are enabled to offer these instruments at a price which will preclude competition.
