CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

"California Syrup of Figs" Can't Harm Tender Stomach or Bowels

A laxative to-day saves a sick child to-morrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour. Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company." Adv.

LADIES' BAZAAR

Ladies' New Fall Outergarments In a Special Four-Day Sale--Prices Cut Nearly a Half

Owing to the warm weather, we have sold up to this date just about two hundred less suits and coats than we would have sold with cooler weather conditions. It is necessary, therefore, that we reduce at once our stocks to a point where they should be at this time, and have accordingly taken off liberal slices from prices on all garments. If the women of Harrisburg who know values will heed the message given in this advertisement, we will have no trouble in reducing stocks by Saturday to a normal condition, for prices are down to what you would expect two months from now. It will pay you to investigate.

COFFEE CAUSES STOMACH TROUBLE AND OLD AGE

Physician Says It Interferes with Digestion and Hastens Death by Hardening Arteries

Among other physiological effects of coffee drinking it is found that this beverage with its drug, caffeine, is one of the causes of premature old age, according to Dr. J. H. Kellogg, of the Battle Creek Sanitarium. He says: "The evil effects of coffee on all persons of whatever age may be briefly summed up as follows: "First, the tannic acid in coffee interferes with digestion. "Second, the caffeine of coffee is a nerve poison. "Third, the effects produced are similar to those of alcohol. When long used, the result is damage to the poison destroying glands, particularly the thyroid gland, liver and the kidneys, as a result hardening of the arteries and premature old age. All medical authorities forbid the use of caffeine or coffee to persons whose arteries are hardened or who have high blood pressure. This condition is always present in elderly people. "Coffee is particularly bad for young children, because the thyroid gland and other poison-destroying glands are not yet well developed. Any intelligent parent would not permit a child to use coffee."

Palmer Answers Todd

Sunbury, Oct. 13.—A reply from A. Mitchell Palmer to the statement made in the newspapers by former Attorney General M. Hampton Todd, denouncing Congressman Penrose as a "relative" free trader and calling upon Pennsylvanians to support Senator Penrose as a protectionist, was made last night by the Democratic candidate for United States Senator.

Before an audience in the Twelfth Regiment Armory and several hundred persons left standing in the rear of the big hall, Congressman Palmer repudiated in vigorous terms the imputation that he was a free trader, and as in previous speeches pointed out how helpless Senator Penrose would be in a Democratic Senate to bring back a highly protective tariff, even if he should be re-elected.

Penrose's alleged influence in the Highway Department of Pennsylvania was taken up by Mr. Palmer, his charges against Penrose and Highway Commissioner Bigelow forming "count 32" in his arraignment of Senator Penrose.

"No matter how honest a Governor may be personally," said Vance G. McCormick in a denunciation of Republican machine methods, "if he has been handicapped by a political machine, or if he has not had political experience to teach him that he must be on his guard every moment against men who have private axes to grind, then he is useless as a servant of the people."

Other speakers were "Farmer" W. T. Green, candidate for Lieutenant Governor; William N. McNear, candidate for Secretary of Internal Affairs; and two of the party's nominees for Congressman-at-large, Robert S. Bright and Arthur B. Clark.

FOOTBALL'S FATAL TOLL

Milwaukee Player Succumbs to Injury Received in Game

Milwaukee, Oct. 13.—Milwaukee's first football fatality for the 1914 season occurred yesterday when Carroll Olson, aged 29, died in a local hospital of concussion of the brain, the result of injuries received in a game Saturday. The young man was injured early in the contest but resumed play and finished the game, collapsing afterward.
