

MUSIC WITH THE FOOD AT EXHIBIT

Orchestra Will Mix Selections From "High Jinks" With Domestic Science Talk

"GREETINGS FROM HUNGARY," ALSO

More Persons at Pure Food Show Last Night Than at Any Previous Time

Listening to the Updegrave orchestra at the manufacturers' pure food exhibition has proven such a delight to the many visitors at the show that the managers have arranged a special program for to-night, the music beginning at 7 o'clock.

The show continues to hit the high cost of living right in the eye which will halt it momentarily or until such time as the samples and bargains run out, housewives and husbands for that matter, can be seen any hour of the evening with a well-filled cart on the way home.

New menus for the evening meal when the family gather around the board are possible and it is a safe prediction that some new dishes will take the place of the homely foods that have been staples for generations.

INSPECT READING ICE PLANT

Directors of Merchants' Ice Company of Harrisburg View Machinery

The directors of the Merchants' Ice Company, of Harrisburg, were the guests recently of the York Manufacturing Company, on a trip of inspection to Reading, where the York company has a 200-ton plant in operation.

First the engine rooms were inspected. There three York vertical single acting ammonia compressors are installed, two of them being steam driven by two 150-horse power Corliss engines. The third unit is driven by a 400-horse power electric motor.

Inspection was made of the freezing tank room where 1,400,000 pounds of ice are used in making ice required for this plant. It takes 48 hours for one 300-pound cake to freeze. The can is submerged in brine having a temperature of about 14 degrees.

In a large distilling room all the water used in making ice is purified by special distilling apparatus. The boiler room contains two 150-horse power horizontal boilers which produce all steam required for this plant. All water is pumped from deep wells by means of air which brings the water to a large cistern at the ground level. From this cistern it is pumped by means of a special motor-driven pump to all apparatus requiring it, the consumption being about 500 gallons a minute.

Provision has been made for storage of 10,000 tons of ice which is made during the winter or off season. Ice is sold at the factory platform for \$2 a ton to stockholders only. A great many small ice dealers are stockholders and getting their ice for \$2 a ton can afford to deliver it to the housewife at a reasonable figure. Pieces cut to be sold in Reading for five cents compare in size to pieces retailed here for 15 cents, said a director of the company.

As all the products of this company are sold on the platform it requires a very small office force and no outfit for horses and wagons. The Reading company has paid an 8 per cent. dividend for the last four years and has a surplus or sinking fund close to \$7,000.

The company being formed here on similar lines promises to reduce the price of ice to all ice users in Harrisburg.

EMPEROR WILLIAM MOVES FARTHER INTO FRANCE, IS BERLIN WIRELESS REPORT

Berlin, Oct. 15, via Wireless to Sayville, L. I.—Information concerning the war was given out in Berlin today as follows:

German troops in Belgium are now marching in part toward Ostend and in part in a northerly direction toward the French frontier. The headquarters of Emperor William have been moved farther into France.

The Russian armored cruiser Palada, 8,000 tons, built in 1906, has been torpedoed by a German submarine at the entrance to the Gulf of Finland. The torpedo launched by the submarine caused an explosion on board the cruiser and the Russian vessel with her entire crew of 600 men went straight to the bottom. There has been heavy fighting in France east of Soissons and the Argonne. The French official reports about successes in the Woerthe district are untrue. The Germans now here have lost ground. Etain (12 miles to the east of Verdun) is in German hands. French attacks against our position near St. Mihiel have been repulsed.

Antwerp War Booty Unknown The war booty secured in Antwerp cannot yet be estimated. Twenty-six thousand Belgians and 2,000 Englishmen have been interned in Holland. In the harbor of Antwerp we found 32 German steamers, the boilers of which apparently had been disabled.

Russian reports have been defeated near Schirwindt, (in East Prussia) 19 miles to the east of Gumbinnen, with a loss of 1,500 prisoners and twenty cannon. German troops have repulsed the Russians south of Warsaw and hold Southern Poland as far as the Vistula river.

Emperor William, acting on a petition handed him by Cardinal Harman, of Cologne, has ordered that French Catholic priests among the prisoners in Germany who entered the French ranks as common soldiers, shall be treated in Germany in the same manner as are French officers.

It is reported here from Stettin that German torpedo boat destroyers discovered six vessels of Norwegian, Swedish and Danish nationality loaded with goods and provisions destined for London, and provisions and also for Russia. All were taken into Swinemunde.

HEAVY CANNONADING HEARD OFF KUSTENDJE, BLACK SEA

London, Oct. 15, 6.20 A. M.—A dispatch from the Exchange Telegraph from Bucharest, coming by way of Rome, says:

Heavy cannonading has been heard the past day of Kustendje (in Rumania on the Black sea). It is believed that the former German cruisers Goeben and Breslau, which now fly the Turkish flag and which yesterday undertook to escort from Sulina (an arm of the Danube traversing the district of Dobruja, Rumania) several transports laden with munitions, have either attacked or been attacked by the Russian fleet.

Mrs. Bryan to Aid Red Cross

Washington, Oct. 15.—That division of the Red Cross which has for its object the making of thousands of garments each week for the wounded soldiers of Europe received substantial approval yesterday, when Mrs. William Jennings Bryan assumed responsibility for the Cabinet matrons in forming what is to be known as the Cabinet Unit. This means that 100 garments, pajamas, bathrobes or wrappers, will be turned in every Wednesday to the relief department as the work of the Cabinet ladies.

Forced to Build Fortifications

Venice, via Paris, Oct. 15, 1.59 A. M.—It is reported from Trieste, Austria, that all able-bodied men in Austria are being forcibly compelled to assist in constructing fortifications. Any man refusing to do this work is arrested. The people are expressing indignation because of this.

German Soldiers Entered Holland Last Friday

London, Oct. 15, 3.15 A. M.—The "Daily News" says that on Friday last German soldiers entered Holland near Rosendaal. The officer in command refused to submit to internment and a fight ensued, a dozen Germans being killed or wounded.

Two German Steamers Seized

London, Oct. 15, 5.02 A. M.—Athens newspapers assert that the Russian fleet in the Black sea has seized two German steamers loaded with cereals bound from Galitz for Kustendje, Rumania.

200 German Cyclists at Bruges

London, Oct. 15, 5.59 A. M.—The "Daily Mail's" Flushing correspondent, telegraphing Wednesday, says that 200 German cyclists arrived at Bruges at 1 o'clock Wednesday afternoon.

LANDSLIDE IN CULEBRA CUT

All Traffic Completely Interrupted Through the Panama Canal—Examination by Col. Goethals

By Associated Press.

Panama, Oct. 15.—A serious landslide in the Culebra cut at a late hour last night interrupted completely all traffic through the Panama canal. Several ships in the canal have been unable to complete their passage. The reports indicate that there were earth movements on both sides into the channel from the slopes of Gold and Contractors hills, which are virtually opposite each other.

Colonel Goethals and other officials are making extensive examinations this morning. It is said traffic through the canal probably will be interrupted for some time.

Washington, Oct. 15.—News of the landslide into Culebra cut caused no alarm at the Isthmian canal commission offices. While regretting the temporary closure of the canal, the officials say this slide will have its compensations from an engineering point of view, because it will hasten the final subsidence of the mobile material in the cut, thereby insuring the permanence of the waterway.

GERMANS ARE MARCHING TOWARD THE WEST, SAYS FRENCH OFFICIAL REPORT

Paris, Oct. 15, 2.46 P. M.—The official communication given out by the French War Office this afternoon is as follows:

In Belgium German troops coming from Antwerp are marching toward the west and the evening of October 14 they reached the region of Bruges and Thielt (fifteen miles southeast of Bruges).

First—On our left wing the enemy has evacuated the left bank of the Lys. Between the Lys and the canal of La Bassée, the situation shows no change. In the region of Lens and between Arras and Albert our progress has been marked. Between the Somme and the Oise there has been no change. The Germans have abandoned our line without, however, delivering any infantry attacks.

Several German Trenches Taken Second—On the center between the Oise and the Meuse we have advanced in the direction of Craonne. To the northeast of the highway from Berry-au-Bac to Rheims and to the north of Prunay, in the direction of Baine, several German trenches have been taken. Between the Meuse and the Moselle, after having repulsed during the night of October 13-14, certain attacks to the southeast of Verdun our troops advanced on the 14th to the south of the highway from Verdun to Metz.

Third—On our right wing, the partial offensive movement undertaken by the Germans in the Ban de Supt, to the north of Saint Die, has been definitely checked.

In Russia the fighting continues along the front beginning in the vicinity of Warsaw, stretching along the Vistula and the San as far as Przemyśl and further in a southerly direction as far as the Dniester. There has been no change in East Prussia.

WAR SCARE RESOLUTION IS INTRODUCED IN THE HOUSE

Washington, Oct. 15.—Inquiry as to the preparedness of the United States for war, "offensive or defensive," by a national security commission was proposed in a joint resolution introduced in the House to-day by Representative Gardner, of Massachusetts, who recently returned from the war zone in Europe.

"I have introduced this resolution to investigate the military status of the United States," said Mr. Gardner in a statement, "because I know that a public search will open the eyes of Americans to the situation which is being concealed from them. The United States is totally unprepared for a war, defensive or offensive, against a real power. In my opinion, the effect of the vast sums of money spent by Carnegie in his peace propaganda has been to blind Americans to the fact that our national security from the military point of view is undetermined."

TALK OF FUSION AT AN END

Democratic State Committee Meeting To-morrow Thus Robbed of Interest

A good deal of the significance of the meeting of the Democratic State Executive Committee, to be held in headquarters in this city to-morrow, was lost last evening when it was learned that all further overtures looking toward fusion with the Washington party on the State ticket has been abandoned, and that the session will be devoted to filling vacancies in legislative districts where there have been withdrawals and to arranging for fusion in other legislative districts in which all parties at present have candidates.

The rumor that a plan for the withdrawal of Congressman Palmer as a candidate for United States Senator in favor of Gifford Pinchot, the Washington party candidate, would be considered at to-morrow's meeting had gained wide circulation, and it was said yesterday that the mission of William Flinn to Philadelphia, in the interests of Pinchot, would certainly be successful. However, Mr. Palmer's statement at Muncy that under no consideration will he withdraw put a quietus on the proposition, and the semi-official announcement was made last night that all further negotiations for fusion on State candidates was off.

Democratic State Chairman Morris will arrive here this evening to look over campaign matters and will meet the executive committee to-morrow morning, when a secret session will be held. None of the State candidates is expected to be present.

Dr. Mann Withdraws for Fusion

Lancaster, Pa., Oct. 15.—Dr. J. S. Mann, Columbia, yesterday announced his withdrawal from the Democratic ticket as a candidate for Congress in the Ninth District. He intimated that his action is taken in order to permit fusion of the Democratic and Bull Moose parties by the name of the Bull Moose congressional candidate, John N. Hetrick, Lancaster, being put on the Democratic ticket.

END OF AUDIT IS IN SIGHT

Member of County Board Says Report Will Be Ready November 1

When asked to-day to state when the Dauphin county auditors will finish their work and make a report to the Court, Fred W. Huston, the only Democratic member of the board, said he believed the report will be ready not later than November 1.

The formal audit, as required by law, of the accounts of County Treasurer A. H. Bailey was begun on the morning of July 27, last, about seventy working days ago. Mr. Huston said these accounts, all small ones, have yet to be examined, and then the work of verifying the audit will be begun. County officials, before the audit started, said the report should be ready within thirty or forty working days.

Chamber of Commerce to Elect

The board of directors of the Harrisburg Chamber of Commerce met this afternoon at 4 o'clock in the Harrisburg Club to organize and elect officers for the coming year. Five new members of the board were elected at the recent annual meeting of the chamber. Henderson Gilbert and David Kaufman have been mentioned for the place.

TELLS TEACHERS TO WORK FOR LOVE OF THE CALLING

County Superintendent Shambaugh Says It is Lamentable So Many Are Merely Time-servers Seeking the Remuneration

Professor Frank E. Shambaugh, superintendent of the public schools of Dauphin county, except those in Harrisburg, Steelton and Middletown, has fixed December 4 as Patrons' Day and in a letter sent out to the 330 or more school teachers to-day suggested plans for observing the day and entertaining the parents and friends of the pupils. Simultaneously with the issuance of the letter Professor Shambaugh announced that Mrs. Walter Leroy Smith, chairman of the National Parent-Teacher Association, will come to Harrisburg during the first week of November, immediately preceding the teachers' county institute, which opens in this city on November 9, and address several meetings, telling of the aims of the society which she is heading. Mrs. Smith has been instrumental in organizing more than a hundred Parent-Teacher Associations throughout the State. The county superintendent will entertain requests from districts desiring Mrs. Smith's services in forming similar organizations in this locality.

In proclaiming December 4 as Patrons' Day, Professor Shambaugh suggests that in the rural school districts the day be recognized as "Agricultural and Rural Life Day." He suggests further that the teachers arrange a display of the fruits of the farm and stimulate a friendly rivalry among the pupils in the matter of making the best display. The superintendent adds:

"I hope you will realize the importance of the work in which you are engaged. You will to a certain degree direct the destiny of our country through the boys and girls—our future citizens—whom you have in your charge. It is yours to make or mar the young lives entrusted to you. A love for your work, a broad sympathy and a perfect understanding of child life are all very essential if you hope to be successful. It is a lamentable fact that so many who are engaged in teaching are merely time-servers and are not in the work from a sense of service, but for the remuneration it offers."

COURT HOUSE

CONTRACTING COMPANY SUED

Stucker Brothers Construction Company Defendant in \$1,318.84 Action

The Stucker Brothers' Construction Company was to-day made the defendant in a suit to recover \$1,318.84, an amount which the Mack Manufacturing Company, the plaintiff, alleges is due for alleged failure to fulfill a contract. The bill represents the plaintiff's charge for a lot of paving brick, which it is alleged were furnished the defendant company at the time it was working on the contract to pave Main street and the public square of Waynesboro, Franklin county.

One Girl in Juvenile

Juvenile court to be conducted by Judge McCarroll to-morrow is made up of twenty separate cases, and although forty-one defendants will be called to make answer to alleged violations of the law, there is but one girl charged with a crime. She is a girl, 15 years old, whom Chief of Police Joseph B. Hutchison charges with "street walking and being an inmate of a disorderly house. The charges against the other minor defendants include larceny, felonious entry and incorrigibility.

Contractors Paid

The Stucker Brothers' Construction Company was to-day paid \$21,739.11 for work on the sewer protective wall and Frank M. Skeen, the contractor erecting the river dam, was paid \$3,778.16.

Forgot His Bride

After George Keefe, colored, 1124 Cumberland street, this city, an applicant for a marriage license this morning had responded to all the questions the marriage license clerk gave him the once over and said:

"You have forgotten something and I cannot give you the license yet."

"What's the matter, man?" queried the puzzled keeper.

"Where is your bride?" asked the clerk.

"Oh, she lives in Harrisburg, she's home."

"You must bring her here."

Keefe hurriedly left the office and an hour later returned and he was given a license to wed Anna Adley.

Other licenses issued were: Flemus C. Hamaker, West Fairview, and Mary E. Miller, Cumberland county.

Chester Wright, Newport, and Mabel Stahl, Middletown, As he was being taken from the patrol on Sunday he tried to escape from Policeman Bush, but was caught.

Last night, after Constable Smith had arrested Madison on Market square and was taking him to Alderman Hilton's office for a hearing, he tried to escape from the constable on Walnut street by slipping his coat, but Smith was too quick for him. Alderman Hilton held him for court under \$2,000 bail.

The police say Madison went to the home of his sweetheart, Anna Brisco, 1216 North Seventh street, on the night of September 24 and there discovered he had a rival. It is alleged he returned to get revenge early the next morning and set fire to the Brisco house. The prompt arrival of the firemen was all that saved the house.

The police also claim that Madison called at the Brisco home early Sunday and threatened to shoot his rival.

Public to Inspect Y. W. C. A. Hundreds of persons have asked permission to go through the new Y. W. C. A. building at Fourth and Walnut streets, and on Thursday, October 22, the public will be welcomed to inspect it. Immediately after the public inspection the Rainbow campaign for new members will begin. The organization needs 2,500 members, who will pay at least \$1 a year. That will make them members of the institution, give them the privileges of the building and also allow them to attend the Current event class conducted by Mrs. Mabel Cronise Jones. Members may enroll for this class either by calling personally at the Y. W. C. A. or by telephoning their names.

BIRDS IDENTICAL AS SEASON OPENS

Commissioner Kalbfus Says Squirrels Particularly Are Numerous in State

The open season for killing squirrels, grouse, ring-necked pheasants and Hungarian quail started to-day and almost 300,000 persons who have taken out hunters' licenses throughout the State are at liberty to hunt this kind of game—if they can find it and if the land-owners have not plastered their hunting grounds with trespass notices.

NATIVE QUAIL ALONE SCARCE

Rush to Get Hunters' Licenses in This County So Great That Treasurers' Office Will Be Open at Night Dozen Women Only

The season for native quail or partridge and rabbits will not open in this State until November 1. Last year 305,000 hunters took out licenses to shoot in Pennsylvania, but this year the number will fall short by a few thousands, especially in the western counties. Allegheny reports a falling off of 20,000 in the number of licenses taken out thus far. The State Game Commission, at the request of land-owners, has appointed a number of special game protectors, who serve without pay and are qualified to arrest violators of the game laws.

Commissioner Kalbfus says that, with the exception of native quail, game birds are plentiful. Reports show that squirrels in the forest counties are very plentiful and many have been seen during the last few weeks. In the grouse-breeding sections these birds are reported to be even more numerous than last year. The hard winter had no effect in reducing their numbers, as they feed from trees and bushes and not on the ground.

There are very few ring-necked pheasants to be found, and those in the woods have been bred when in captivity and turned loose to be hunted by members of clubs. The birds of this breed that escape the gunners generally die off during the winter. This also is the case with Hungarian quail, many of which after being turned into the fields by the breeders are tracked by vermin and killed, as they do not fly and their scent is easily found on the ground by weasels and other destroying vermin. The deer in the woods are very numerous and good hunting is promised the hunters when the season opens.

The rush for hunters' licenses at the office of Dauphin County Treasurer A. H. Bailey was equally as large to-day as yesterday, although the hunters in many cases did not appear in person. Justices of the peace throughout the county are receiving applications and the mails this morning brought hundreds of license tag requests to the treasury.

Women Take Out Licenses

Treasurer Bailey, who had been to New York City on a three-day business trip, returned to his office last evening and to-day joined his corps of clerks in handing out licenses. He also decided to keep the office open each evening this week, having posted a notice this morning that he will be on hand to honor license applications between 7 and 9 p. m. Thursday, Friday and Saturday.

Records show that F. P. Stine, residing just beyond Millersburg, is the smallest Dauphin county hunter to take out a license this year. Mr. Stine is 56 years old and is but 3 feet 3 inches tall. He is a former school teacher and is recognized in his home community as an expert huntsman.

When the treasury closed last evening 2,887 licenses had been issued and at noon to-day that number had been increased by 414, making the total 3,301. A dozen or more women have obtained licenses to hunt in Dauphin county.

NEGRO CHARGED WITH ARSON

Constable Charles Smith last night arrested Charles Madison, colored, charged with trying to burn down his sweetheart's home, on a warrant issued by Joseph Donnally, a State deputy fire marshal.

On Sunday Policeman Thompson arrested Madison, charging him with carrying concealed weapons and threatening the life of an alleged rival. He had been released on his own recognizance from the patrol on Sunday he tried to escape from Policeman Bush, but was caught.

Last night, after Constable Smith had arrested Madison on Market square and was taking him to Alderman Hilton's office for a hearing, he tried to escape from the constable on Walnut street by slipping his coat, but Smith was too quick for him. Alderman Hilton held him for court under \$2,000 bail.

The police say Madison went to the home of his sweetheart, Anna Brisco, 1216 North Seventh street, on the night of September 24 and there discovered he had a rival. It is alleged he returned to get revenge early the next morning and set fire to the Brisco house. The prompt arrival of the firemen was all that saved the house.

The police also claim that Madison called at the Brisco home early Sunday and threatened to shoot his rival.

Public to Inspect Y. W. C. A. Hundreds of persons have asked permission to go through the new Y. W. C. A. building at Fourth and Walnut streets, and on Thursday, October 22, the public will be welcomed to inspect it. Immediately after the public inspection the Rainbow campaign for new members will begin. The organization needs 2,500 members, who will pay at least \$1 a year. That will make them members of the institution, give them the privileges of the building and also allow them to attend the Current event class conducted by Mrs. Mabel Cronise Jones. Members may enroll for this class either by calling personally at the Y. W. C. A. or by telephoning their names.

"The Quality Store" EXCEPTIONAL OFFERINGS For Friday's Shoppers

Men's Tan Rubberized Raincoats—well made and guaranteed in every respect. A regular \$6.00 value. Special for Friday at... \$2.50

Ladies' Tan Rubberized Raincoats, strictly waterproof, exceptional values. Special for Friday at \$5.00

Swift & Co's Wool Soap, worth 5c. Special for Friday at 3 cakes for... 10c

Sanitol Tooth Powder. Special for Friday at... 12 1/2c

L. W. COOK

NINE MORE SHOP MEETINGS

Arranged for Yesterday by the Ladies' Committee Meetings—To Be Held in Factories Weekly

One thousand five hundred people over 16 years of age are wanted to do one hour's work for the Stough evangelistic campaign on Sunday, October 25.

This large number of people is wanted to take a religious census of Harrisburg. They will be provided with blank cards and explicit directions as to the details of the work. The Stough party says that it will not take more than one hour if the desired number respond. Those willing to aid are to send their names immediately to Ralph E. Boswell, 30 North Seventeenth street, telephone 2880-W, chairman of the census committee. Benjamin Whitman, of the young men's work committee, and A. Ramsey Black, of the men's work committee, also are leaders in the work.

The following captains were appointed: Clarence Kirk, First ward; William E. Jones, Second ward; E. W. Lindsay, Third ward; H. J. Bayles, Fourth ward; James O'Hall, Fifth ward; John Lease, Sixth ward; Carl Swope, Seventh ward; W. P. Starkey, Eighth ward; R. E. Boswell, Ninth ward; D. E. Manahan, Tenth ward; J. R. Roth, Eleventh ward; C. W. Kunkle, Twelfth ward; Dr. C. E. L. Keene, Thirteenth ward.

Nine more shop meetings were arranged for yesterday in factories where girls are employed and several more will be arranged for later. The meetings will be held in these factories on each week. The ladies' committee, which made the arrangements for the meetings, said that they were treated most cordially at all of the factories that they were able to visit yesterday.

William S. Roebuck, chairman of the tabernacle committee, and who will have charge of its erection on Saturday, says that all is in readiness to commence work at 7 o'clock on Saturday morning. The tabernacle will be erected by ten different squads, each squad containing about 100 volunteers and one captain. Full details of the erection will be announced later.

TORONTO PARTY LEAVES

Reception Given Visitors in St. Paul's Church Last Evening

Mayor H. C. Hocken and his party of Toronto city officials, who spent yesterday in the city looking over Harrisburg's accounting system, left for Buffalo on the return trip last night at 11:25 o'clock well pleased with Harrisburg's reception.

The party was given a reception in St. Paul's Episcopal church last evening. The rector, the Rev. Floyd Appleton; Bishop Darlington and Mayor Hocken spoke. More than 150 members of the parish were present. J. Horace McFarland spoke to the visitors at dinner at the Senate hotel last evening.

Artistic Printing at Star-Independent.

CORNELL GRADS ORGANIZE

Central Pennsylvania Alumni Association Was Organized Last Night and Officers Were Elected
