PRAYER HELD IN ENGINE HOUSE

Meeting in Allison Fire Company Quarters Conducted by "Billy" Shannon—Executive Committee Holds Session

The executive committee of the Stough evangelistic campaign held a long session last evening, when the routine work of every department was under review. It was near midnight when the meeting adjourned. Wilmer Crow, chairman of the press committee, tendered his resignation, it being decided to merge this department with the publicity department, under the chairmanship of K. F. Webster. Mr. Webster was authorized to begin newspaper advertising at once. The decorating of the tabernacle, which will be done by the young men's and young women's committees next week, was tentatively arranged for.

Another meeting of the executive committee will be held next Tuesday to complete the last details incidental to the opening of the tabernacle meetings on the following Sunday. Another special call for volunteer nail-drivers is being made for next Saturday, when the seats will be put in the tabernacle. The volunteers will be fed in the same way as last Saturday, when they put up the framework of the tabernacle. The dinner will be cooked in the kitchen of the Ridge Avenue Methodist church and served free to all of the workers. To-morrow any number of volunteers can be used to help put the waterproof covering on the roof.

William S. Roebuck, chairman of the tabernacle committee, which has the erection in charge, said that he had been fortunate enough to obtain the help of Samuel Garland, who is an expert roofer. Mr. Garland will have charge of the work to-morrow and will have three experienced roofers under him. Each experienced roofer will have charge of one squad of volunteers. It will take 6,500 square feet of material to cover the roof of the big structure.

BRONCHIAL COUGHS

When the bronchial tubes are affected with that weakening, tickling cough, they need immediate and sensible treatment. The breath seems shorter because of mucous obstructions; usually fever is present and your head jars with every cough. Your chest aches and the inflammation often spreads to the lungs.

The food- tonic that has proven its worth for forty years—is Scott's Emulsion. It drives out the cold, which is the root of the trouble, and checks the cough by aiding the healing process of the encrusted membranes.

If you are troubled with bronchitis or know an afflicted friend, always remember that Scott's Emulsion builds strength while relieving the trouble.

DR. BRUMBAUGH VISITS CHESTER

Pledges the Republican Party to Constructive and Comprehensive Legislation

SHIFT OF THOUGHT IS RECOGNIZED

He Repeats That He Was Never Bossed and Never Will Be Bossed—Palmer and Penrose Assail Each Other

(Special to the Star-Independent.) Chester, Pa., Oct. 21.—Dr. Martin G. Brumbaugh, Republican candidate for Governor, spoke before a large audience at the Y. M. C. A. last night. He was introduced by State Senator William C. Sprull.

Dr. Brumbaugh was greeted with a big ovation when he arose to speak. He said he was not a stranger in Chester, having frequently spoken at the school institutes here; that he was used to asking for things for other people, but now he was experiencing the novel sensation of stamping through the State asking the citizens of the Commonwealth to vote for him for Governor.

Dr. Brumbaugh said in part: "All the traditions of our parties have been broken in the last two years. Every party has felt the shift of public sentiment and the chastening of the public will. The Republican party comes from that experience just as virile, just as earnest and just as strong as any party dare come from it, and offers now through its candidates here before you as fine a program of social, educational and moral reform as any party in this Commonwealth dare offer it to you."

"We offer it with this peculiar difference that instead of dreaming about it and theorizing about it we have the practical judgment and power to make good in our party. I therefore, appeal in no apologetic mood or attitude, as we have no apologies to make.

Says He Will Not Be Bossed "We are an aggressive and virile people fighting for the rights of the Commonwealth of Pennsylvania. I want you to understand that and help us to put before the people of this State with some degree of definiteness and clearness and force the fact that if elected to the office of Governor of this State, I will pledge to you and I will pledge to the party, that I will go into the office with my views on constructive and comprehensive and advance legislation and an administration as progressive as any reasonable people in this Commonwealth can ask for."

"Those who have known me in my school work and those of you who have been my pupils or my associates; those with whom I have touched elbows in the work of my life, knew very well this one thing: that I never was bossed and never will be bossed; that if elected Chief Executive of this Commonwealth, under my own conscience and for the people I shall endeavor to deal justly and rightly by all who live in this Commonwealth."

Speeches were also made by Thomas S. Grege, candidate for Congressman at Large; Frank B. McClain, candidate for Lieutenant Governor, and William Ramsey, candidate for the State Assembly from the Chester district.

Penrose Assails Palmer South Bethlehem, Pa., Oct. 21.—Before a crowd of more than twelve hundred voters, principally iron and steel workers, Senator Penrose last night attacked his Democratic opponent, A. Mitchell Palmer, as the author of the metal schedule of the Democratic tariff law, which has thrown many thousands of men in Pennsylvania out of employment. The meeting was one of the most enthusiastic political gatherings Senator Penrose has addressed during the campaign. Northampton county Republican leaders declared that Senator Penrose would carry the county over Palmer.

New Castle, Pa., Oct. 21.—Gifford Pinchot addressed nearly 10,000 persons in Lawrence county yesterday, making a hurried tour through them and surrounding boroughs during the day and speaking here at night. Pinchot told his audiences he would surely be elected, but devoted most of his time to discussions of Senator Penrose's official acts.

Mr. Palmer is a most estimable man, who has no chance to win, according to Pinchot's expressions here yesterday. The Congressman Henry W. Temple, the Progressive Congressman of this district, accompanied Mr. Palmer and spoke with him in every place visited.

Democrats in Sharon Sharon, Pa., Oct. 21.—An attack on Senator Penrose as "an assassin of business," charging him with uttering falsehoods about the condition of business in the State in order to create business depression and utilize it as a weapon against the Democratic Administration, was made last night by A. Mitchell Palmer, Democratic candidate for United States Senator, in his address at the Opera House here.

Mr. Palmer declared that Senator Penrose had been going about the State in the present campaign and telling the people of one community that business in some other community in another part of the State was at a standstill, in his effort to substantiate the "calamity" charges against the Administration.

At Grove City, Mr. Palmer and Mr. McGorm's were introduced to an audience that numbered more than 500 by Dr. A. T. Ormond, president of Grove City College, President Ormond, a classmate of Woodrow Wilson at Princeton in the famous class of '79, was long professor of Philosophy at Princeton, and an intimate friend of Grover Cleveland whom he strikingly resembles in personal appearance.

The greatest trouble of a man who is minding his own business is that so many want to help him.

DEMOCRATIC COLORED CLUB

Efforts Now Under Way to Effect Organization

Announcement was made this morning that efforts are under way for the organization of a colored Democratic club in the Third ward of the borough to take part in the present campaign. A similar organization was started in this ward two years ago, but it soon disbanded.

At Monday evening's meeting of the local Democratic and Washington party executive committee several prominent colored Democrats from Harrisburg and Steelton discussed the situation. It is expected that the local club will enroll many of the younger voters in the Third ward.

THIN FOLKS MADE FAT

Good, healthy flesh can only be gained by the use of the proper food, together with natural action of the organs of assimilation. Nine people out of ten in order to weigh as much as they ought and be perfectly healthy, should use Samose, the great flesh forming food and health restorer. Weigh yourself before commencing to use these little tablets, and see how your weight increases from week to week.

Samose does not contain a particle of starch or pepsin, nor is it any nauseating preparation, such as is usually recommended to make people fat and which does not build up good health tissues. Samose has valuable flesh-forming properties, tones up and strengthens the whole system, helps the food that is eaten to be assimilated in a natural manner and absolutely restores health to all the organs.

If you are not perfectly satisfied with the results from Samose, H. C. Kennedy will return your money without any quibbling. Adv.
