

HEADACHY, BILIOUS, STOMACH SOUR? REGULATE YOUR BOWELS. 10 CENTS

You're bilious! You have a throbbing sensation in your head, a bad taste in your mouth, your eyes hurt, your skin is yellow with dark rings under your eyes, your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile and constipated waste not properly passed off and what you need is a cleaning cathartic. Don't continue being a bilious, constipated nuisance to yourself and those who love you, and don't resort to harsh

physics that irritate and injure. Remember, that your sour, disordered stomach, lazy liver, and clogged bowels can be quickly cleaned and regulated by morning with gentle, thorough Castorax; a 10-cent box will keep your head clear and make you feel cheerful and bully for months. Get Castorax now—wake up refreshed—feel like doing a good day's work—make yourself pleasant and useful. Clean up! Cheer up!

SHE DARKENED HER GRAY HAIR

A Kansas City Lady Darkened Her Gray Hair and Stimulated Its Growth by a Simple Home Process. She Tells How She Did It

A well-known resident of Kansas City, Mo., who darkened her gray hair by a simple home process, made the following statement: "Any lady or gentleman can darken their gray or faded hair, stimulate its growth and make it soft and glossy with this simple recipe, which they can mix at home. To half pint of water add 1 oz. of bay rum, 1 small box of Barbo Compound and 1/2 oz. of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair every other day until the gray hair is darkened sufficiently, then every two weeks. This mixture relieves scalp troubles and is excellent for dandruff and falling hair. It does not stain the scalp, is not sticky or greasy and does not rub off. It will make a gray haired person look 10 to 20 years younger." Adv.

DEMOCRATS HOLD BIG RALLY

Central Club Leads Parade to Kelker Street Hall Where Campaign Speeches Were Made

West End Democrats, after a walk-around, much red fire and enthusiasm, likewise with music from two bands, had a grand rally at Kelker street hall last night, at which addresses were made by all of the advertised speakers except William H. Berry, who failed to appear, having been whisked off to the Cumberland Valley to make a speech at Carlisle.

The Central Democratic Club, headed by the Commonwealth band, and numbering 83 uniformed marchers, led the parade, followed by the Colonial band heading a large delegation of a hundred unattached voters carrying Democratic banners. Much red fire lined the route of parade to the hall, where an organization was made by the selection of Mayor John K. Royal as chairman. In opening the meeting Mayor Royal read a letter from Mr. Berry, expressing regret that he could not be present, but announcing that he was on the fringe line in an adjoining county.

Addresses were made by John M. Moore, of Lancaster; Henry C. Niles, of York; James I. Blakslee, of Washington, Fourth Assistant Postmaster General; John A. Marshall and Jesse J. Lybarger, candidates for the Legislature, and David L. Kaufman, candidate for Congress. All of the speeches counseled support of the entire Democratic ticket, and Mr. Blakslee predicted the election of Mr. McCormick for Governor by 50,000 majority, the first prophesy concerning the entire state that has yet come from one of the Democratic leaders who assisted at the organization of the party. All through the speeches the cheering and applause was continuous.

Former State Treasurer Berry will speak at a big Democratic meeting at Hershey to-morrow night. Democratic meetings will also be held at Fishersville on Thursday night and Uniontown on Saturday night. A big Democratic meeting was held at Linglestown last night, addressed by B. Frank Nead and William Burgoon.

Books Made by Slaves Some publishers in ancient Rome could turn out books rapidly and cheaply. A publisher of the Augustan era produced 1,000 copies of the second book of Martial in ten hours, and these, sold at about 12 cents apiece, gave him a profit of 100 per cent. This was done by employing slaves carefully trained to write swiftly and legibly. Working in batches of 100, with an overseer dictating the book in hand, the task was completed in a very short time. As soon as the copies were written they were revised,

THE VALUE OF GOOD BOOKS

Practical Education to Be Gained by Familiarity With One's Own Library

Few there are who realize the extensive knowledge that can be gained through an occasional reference to what might be termed commonplace books. There is probably not a family in Harrisburg that does not possess at least one such volume that is seldom referred to, or that is possibly concealed in some hiding place where it is not even seen, except at such times as there is a general house-cleaning. Run over in your mind the titles of some of these books in your own home. Doubtless you have a copy of the Bible. Do you ever refer to it as a historical work or as a work of reference? You know Abraham Lincoln said: "No library is complete without two certain books—the Bible and Shakespeare; hardly a quotation used in literature that is not taken from one of these works," and Lincoln was a self-educated man—a man of practical learning, whose words of wisdom will be handed down to posterity.

The Bible thus becomes a work of more than ordinary educational value to the everyday citizen; to men and women, boys and girls, old and young alike. The Star-Independent is now offering the New Illustrated Bible, a volume that is unique in that it completely illustrates the subject which each picture accompanies. The illustrations alone cost \$50,000. It is possible to embellish a book without actually illustrating it. This Bible is not merely embellished; it is truly and accurately illustrated. Other Bibles there are containing pictures; none other in which the individual texts are actually illuminated, as though by the touch of inspiration. Comparison is impossible for this new Bible stands alone—there is no other of its kind. Therefore, praise of this superb new book means no disparagement of the many excellent editions published heretofore. Nor is this superiority surprising; for more than 100 of the world's greatest artists, working under the advice of archaeologists and historians of wide renown, have contributed the choicest products of their skill and genius to produce this grand triumph of artistic beauty and perfection in historical detail. These pictures are not mere reproductions of medieval frescoes and more or less familiar modern photographs, inserted at random; they have been specially made, in the light of exact knowledge, to illustrate selected texts in accordance with the matured beliefs of the greatest living scientists. It must be remembered that this new Bible also contains every essential special feature that gives pe-

A SIGHT WITH ERUPTION ON HEAD

Broke Out With Pimples. Hair Came Out in Spots. Itching and Burning. No Rest. Used Cuticura Soap and Ointment. Got Well.

R. F. D. No. 2, West Alexander, Pa.—"My daughter's head broke out all over with pimples of a yellowish color. Then her head became almost a solid sore. Her hair came out in spots and she was an awful sight. Her head was itching and burning and smarting all the time and she had no rest day or night. It lasted about two weeks and then pus formed. She scratched and it spread very fast. "All the medicines we used failed till we got the Cuticura Soap and Ointment. We washed her head with the Soap and then applied the Ointment all over the eruptions twice a day, morning and evening, and she got well. "Her hair came in nicely and she never was bothered after that." (Signed) Wiley Earnest, Apr. 22, 1914.

Swimming Accident Fatal

Easton, Pa., Oct. 28.—John B. Cannon, 27 years old, died yesterday from a broken back, sustained three months ago at Hampton, N. J., when he leaped from a board and struck head foremost the bottom of a shallow stream.

L'Aiglon's Grave Neglected

"L'Aiglon," the son of Napoleon, was unfortunate throughout his brief life, and his very memory is now neglected. He lies buried in Vienna and his tomb is described by the correspondent of a French contemporary as a "melancholy spectacle." Only a copper plate attests to the fact that the little king of Rome is buried there, and not a flower decks the grave. This neglect is the more vivid inasmuch as the surrounding royal tombs, including that of his mother, who was an Austrian, are richly ornamented and surrounded with a luxurious growth of flowers.—London Globe.

COMBING WONT RID HAIR OF DANDRUFF

The Easiest and Best Way Is to Dissolve It

The only sure way to get rid of dandruff is to dissolve it. Then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. Do this to-night, and by morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. If you want to preserve your hair, do by all means get rid of dandruff, for nothing destroys the hair more quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everyone notices it. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work. Adv.
