

RECOMMENDS INCREASE IN ARMY TO PROTECT CANAL

General Wetherpoon Says Present Forces Are Also Inadequate to Take Proper Care of the Philippines in Case of War

By Associated Press.

Washington, Nov. 18.—Declaring it would be impossible to defend the Panama canal and American territorial possessions against attack with present or proposed garrisons unless they could be rapidly reinforced, Major General Wetherpoon, retired chief of staff, in his report today recommended the increase of the regular army to a strength of 205,000 enlisted men. He proposed that that force be augmented, through a system of reserves, until there was created a mobile strength of 500,000 first line troops equipped for a six months' campaign.

General Wetherpoon said there was need for more forces to protect rear approaches to American coast defenses and those points not covered by fortresses and urged that the organized militia be developed to a strength of 300,000 men. "It is manifest," General Wetherpoon asserted, "that the great waterway of the Panama canal cannot be protected against the operations of a first-class military power by the present or proposed garrisons we contemplate placing there, without the power and ability to reinforce them rapidly from the United States."

RAILROAD ACCIDENTS LESS

Big Decrease in Number of Collisions and Derailments

By Associated Press.

Washington, Nov. 18.—A great decrease in the number of collisions and derailments of railroad trains for the quarter ended June 30, 1914, as compared with the preceding quarter, was reported today by the Interstate Commerce Commission. As compared with the corresponding quarter of 1913, there was a decrease of 737 in the number of train accidents. Defective roadway and defective equipment together caused more than 72.3 per cent. of all derailments reported.

NAME CARD LEADS TO ARREST

Found in House Where Cornet Mysteriously Disappeared

Andrew Sticker, charged with breaking into the home of Harry C. Fuller, 1313 North Front street, and stealing a cornet valued at \$20, was held under \$200 bail for court by Mayor Royal this afternoon.

Strickler, according to the police, dropped a note book in Fuller's house, which contained a card with the former's name on it. This led to his arrest last night by Detective Ibach.

Winston-Salem Has Big Fire

By Associated Press.

Winston-Salem, N. C., Nov. 18.—Three buildings in the Casher block, on the main business street here, were destroyed by fire early today. The damage is estimated at more than \$85,000. A defective motor is believed to have started the conflagration.

Big Fire at Fort Myers, Fla.

ANOTHER TRUANT OFFICER

Detention School Teacher, Whose Salary Goes In, Is Put to Work Chasing Bad Boys

Without official board action and preliminary planning of any kind the Harrisburg Board of School Directors finds itself with a second truant officer because of the vagaries of an instrument known as the school code of Pennsylvania and the abolition of the truant school.

Daniel T. Fackler, teacher in the truant school, who has a yearly contract with the school district, as required by the laws of the State, found himself jobless—but not salaryless—when the truant school was no more. There was no teaching vacancy that Mr. Fackler could fill, so he was put to work chasing truants, which he has been doing literally, too.

He trailed four boys, whose names cannot be learned because they were not prosecuted, to Rutherford, where they spent their days instead of in school, and was instrumental in getting them back to their studies before they overstepped the limit. Mr. Fackler's salary is \$15 higher than that of the other truant officer, Henry A. Swartz.

MIDDLETOWN

John E. Garber, Aged 78 Years, Died Yesterday Morning

Special Correspondence.

Middletown, Nov. 18.—John E. Garber died at the home of his daughter, Mrs. William Bedger, on Tuesday morning at 5 o'clock from complication of diseases, aged 78 years. THE GERMAN ATTACKS ARE SUCCESSFUL, SAYS REPORT

Berlin, Nov. 18, Via London, 3.45 P. M.—An official communication issued today by the German headquarters says:

"Fighting in West Flanders continues and the situation on the whole remains unchanged.

"In the forest of Argonne our attacks continue successfully. French sorties to the south of Verdun were repulsed.

"An attack was made against our forces which had moved forward on the western bank of the river Meuse near St. Mihiel and, although it was originally successful for the enemy, it broke down completely later on.

"Our attack to the southeast of Cirey compelled the French to surrender some of their positions. The Chateau Chatillon was stormed and taken by our troops.

"New battles have developed in Poland in the region north of Lodz, but no decision yet has been reached.

"To the southeast of Soldau (east Prussia) the enemy has been forced to retreat in the direction of Mlawa. Upon the northwestern wing a strong Russian cavalry force which was defeated on November 16 and November 17 has been driven back through Tikhwin.

GERMANS EVACUATE LEFT BANK OF YSER, IS REPORT

London, Nov. 18, 7 A. M.—The correspondent of the "Times" in Flanders telegraphs that the Germans have completely evacuated the left bank of the Yser canal and that the floods are seriously jeopardizing the German position at Dixmude. The French are nominally holding the south end of the town of Dixmude and the Germans on the north side. There is much hand to hand fighting.

"Recent days have been entirely favorable to the allies," the correspondent says, "and it may be taken as certain that the retreat of the enemy is simply a question of time. Between our forces and the enemy, the whole way from Neuport to Dixmude, there is a protective sheet of water and all hopes of a German advance have been frustrated."

AUSTRIANS TAKE CZAR'S FORTS AND ALSO DEFEAT SERVIANS

Washington, Nov. 18.—Austrian sorties from Craoew yesterday captured Russian fortifications to the north of the Austrian border according to dispatches received today from Vienna to the Austro-Hungarian embassy. The dispatch also mentioned a Serbian defeat which permitted the crossing of the river Kulebra.

The Vienna dispatch said: "German victory at Kutno begins already to influence the whole situation in the eastern war theatre. Austrians advancing from Craoew yesterday took the fortification line of the enemy to the north from the frontiers of the empire. One of the regiments took 500 prisoners and captured two detachments of machine guns. In Serbia our victorious armies crossed the river Kulebra, pursuing the enemy."

BRITISH NAVAL CASUALTIES UP TO DATE ARE OVER 6,000

London, Nov. 18, 3.12 P. M.—Lord Spencer Churchill, the First Lord of the Admiralty, stated in the House of Commons today, in reply to a question, that the British naval casualties to date were:

Officers killed, 222; wounded, 37; missing, 5.

Men killed, 3,455; wounded, 428; missing, 1.

This list, the First Lord said, did not include the missing officers and men in the Royal naval division at Antwerp and on the British cruiser Good Hope sunk by the Germans off the Galien coast, which totalled 1,000 and 875, respectively.

More Red Cross Units For War

Washington, Nov. 18.—Two more American Red Cross hospital units will start from New York for the Austro-Serbian battlefields on the steamer Finland on November 21. The Kansas City Red Cross chapter is supporting four of the nurses; the New Hampshire chapter will support two; President Hibben, of Princeton University, and George B. McClellan each will pay the expenses of one.

Probe Cost for U. S. Armor Plate

Washington, Nov. 18.—Plans for investigating the cost of a government armor plate plant were discussed today by the special commission authorized by Congress. Under the law, a report must be made to the coming session of Congress. It is understood the report will contain an estimate for a plant of 20,000 tons annual capacity and for one with a capacity of 10,000 tons.

P. A. B. Widener Quits Directorates

Philadelphia, Nov. 18.—P. A. B. Widener today resigned from the boards of directors of the Reading Company, the Reading railway and the Reading Coal and Iron Company at a meeting of the boards of those companies. He was succeeded on all three boards by his son, Joseph E. Widener.

NEWS OF THE SPORTING WORLD

PENN RELAYS WILL LAST TWO DAYS NEXT SPRING

Limit of Single Day's Sport Was Reached Last Year—A Pentathlon and a Medley Relay Race for Colleges to Be Added

Frank B. Ellis, 1416 South Penn Square, Philadelphia, has sent the following to managers of track teams throughout the country:

"The University of Pennsylvania A. A. desires to announce that the twenty-first Annual University of Pennsylvania Relay Race Carnival will take place Friday and Saturday, April 23 and 24, 1915. For twenty years these famous races have developed consistently and remarkably. Last year entries were received from colleges and schools from the Atlantic to the Pacific. In addition, Oxford University of England sent over a four-mile relay team. The result of the race is now athletic history for it proved to be one of the most remarkable races ever won. Jackson, of Oxford, the famous Olympic 1,500 meter champion, won the race in the last relay by a hair from McCurdy, of Pennsylvania, the intercollegiate two-mile champion of 1913. This race was the culmination of a meet that was record breaking in many ways. When you are told that nearly 100 colleges and nearly 200 schools were represented at the meet; that it required 2,200 contestants' tickets to admit at the gate the athletes in the various events; that there were 55 events not counting the heats, and that the whole program was run off between 1 o'clock and 6 o'clock of one afternoon, you will not be surprised to note that the coming Carnival will be made to cover two days. The absolute limit of a one-day meet was reached last year, and as there is sure to be an increase both in schools and colleges next spring, it is necessary to have a two days' meeting.

"Definite details of the events to be held on each of these days will be sent you some time in January. It is sufficient now to give you merely an idea of this matter. Though the management has been forced into having the meet

on Friday and Saturday, they are pleased as it will give them an opportunity to hold a meeting on a scale such as might be expected in a country where college track and field sports are so well organized. The idea of the management for many years has been to use this meeting as far as possible in the line of developing material for the Olympic games which take place every four years. A two days' meet will permit them to do this more fully than in the past. So, in addition to running off most of the Philadelphia Grammar School races, and some of the college and school relay races for institutions near to Philadelphia on Friday, a pentathlon for college men will be given on that day. The events will correspond to those in the Olympic pentathlon, namely, a running broad jump, throwing the Javelin held in the middle, throwing the Discus, 200 meters flat and 1,500 meters flat. This pentathlon will be judged by the rules that prevail in the Olympics, and it is hoped that some all-round athletes will be developed in the colleges through making this an annual event at the relay races.

"We shall hold contests in two other Olympic events, viz., a running hop, step and jump, and a 56-lb. weight for distance. We are sending this notice at this early period so that your athletes may have time to prepare for the contests.

"A new College Relay Race Championship of America will be instituted and held on Friday. This race will be a medley relay race with one man to run a quarter mile, the next a half mile, the third three-quarters of a mile and the last man a mile.

"It is also possible we may hold a 400 meter hurdle race on Friday as held in the Olympics, if the time schedule will permit.

"On Saturday the college relay races and the intercollegiate and intercollegiate relay championships will be given as in the past. The long established special events will also be held on Saturday as usual, these consisting of the two track events (the 100 yards dash and the 120 yards hurdle), and the hammer, shot, discus, pole vault, high and broad jumps. The javelin (held in the middle) will be transferred to Friday's contests."

"The local high schools, Steelton and Harrisburg Academy expect to enter relay teams in the Penn relays next spring.

SECOND MEETING OF TECH AND STEELTON SATURDAY

Game Will Be Played on Island Park—Kickoff at 3 O'Clock—Both Teams in Excellent Shape—Central High at Wilkes-Barre

Football fans are turning their attention today to the second meeting of the Tech and Steelton teams on the Island Park grounds Saturday afternoon. While Tech rules a favorite, still it is not a foregone conclusion that the game is won beforehand, for Taggart, the Steelton coach, is a man full of ideas and he can be depended to spring them Saturday.

Steelton, too, has the added advantage of being able to use every-thing at her command while Tech must still hold something back for Thanksgiving Day for the Central High school. Of course, Tech will spring all she has for Steelton, should it be necessary to win. It is a safe bet that some Central scouts will be on hand to watch Tech.

Steelton did not come out of the game with the Wilkes-Barre team without some injury to some of its players, but none of them were hurt so badly that they will not be able to play Saturday and unless practice cripples some of the regulars all of the first string men will get into the contest against Tech.

The Tech team, on the other hand, which has suffered least of any local team from injuries is in such excellent shape that the players are being given some light practice interspersed with scrimmage to keep them in good condition for the Thanksgiving Day struggle. The Maroon backfield, Britsch, Beck, Harris and Beach have rounded into a capable scoring machine. Coach Dunkle is teaching his charges a defense against the backfield shift employed by Steelton. Tech uses this shift successfully and it should not be hard to develop an effective defense.

Coach Taggart and his assistants are working the Steelton team overtime these evenings to get them into proper playing for the Tech game. They are out on the Cottage Hill field from the close of school until darkness settled down getting familiar with plays for the big game.

The Tech cheering section will get a chance to show in this game as the students at the local school are preparing for a big concerted turnout for the afternoon. The Tech band, which has been one of the surprises of the football season, will assist in the cheering. Steelton High will come to Harrisburg with a large number of rooters for the game.

While a local game such as Tech and Steelton can put up its bill to attract most of the local fans, still the result of Central High's game with Wilkes-Barre, at Wilkes-Barre Saturday afternoon, will be watched with interest.

This is by far the strongest level on the older school's schedule and there is little hope of winning. Steelton was roundly trounced by the Wilkes-Barre crew and besides Central High will not be able to play its stars, who are still out with injuries. Smeltzer and Dittenbach may get into the game, but Roy's chances are slim. Indeed his chances of getting into the Thanksgiving Day game are slim, his shoulder, which was injured in the first Steelton game, being still too sore for football. Rote, however, follows the Central team in signal practice and has learned the plays so that he will be familiar with them in case he can get into the game.

PREPARE FOR PITT GAME

State College, Nov. 18.—Old Penn State players are rallying to the team's support for the final struggle of the season with University of Pittsburgh at the Smoky City, Yeekley, captain and halfback, of the 1906 eleven, and Engle, tackle on the 1911 team, reported yesterday to assist Hollenback and Harlow. Sayre and several others are expected early this week. The former stars donned their toffs yesterday and went through a stiff half-hour scrimmage against the sophomore eleven. All the varsity men were rested to recover from bruises and sprains received in the battle with the Michigan Aggies on Friday. The entire squad of first and second string players were excused from practice.

Barron, the right end, was taken to Bellefonte hospital last night suffering from a serious attack of blood poisoning. It is doubtful whether he will be in shape to face Pittsburgh on Thanksgiving Day. Infection from his jersey is thought to be the cause of Barron's ailment. Ewing, the Pittsburgh all-scholastic star, is on crutches with a bad leg. He has little chance of playing in the last game. Higgins and Clark are improving slowly, and should be able to take their regular places along with Captain Tobin and Whitey Thomas.

SET NEW CASINO RECORDS

In winning by 190 pins in the Casino League game last night from the Nationals the Senators broke former high game records and Montgomery set a new single game record for the Casino alleys. The Senators' mark of 1,066 for the third game is 8 pins better than the Monarchs' record of last week. Montgomery rolled 277 for high single game. The score:
