CAPITOL HILL CHANGING THE BLANKS IN CORPORATION REPORTS

Beneficial Changes for State and Corporation Are to Be Made by Auditor General Powell for the Next Year

Important changes, beneficial alike to the State and to the corporations affected, have been made in the forms of some of the blanks furnished to companies for the making of capital stock reports to the Auditor General.

The greatest differences are in the blanks for the use of manufacturing companies and of companies engaged in the transportation, telegraph, telephone or electric light business.

Changes already made were decided upon after the Auditor General had consulted with the officers of a number of corporations, with the accountants of the Interstate Commerce Commission and with the Federal income tax accountants.

One entirely new form of capital stock report blank has been introduced this year. It is to be used by distilling and brewing companies and follows almost exactly the form of the blank for manufacturing corporations, except that it does not provide for a petition for exemption under the act of June 8, 1897.

PEN. FOR ROBBING COLLEGE ROOPER

Defendant in Non-Maintenance Case Says \$1.25 a Week Is All He Can Pay His Wife—Ordered to Give Her \$1.50 Weekly

"Until my sister-in-law came into our home everything went lovely. I don't think we could have lived happier even if my husband had been wealthy," said Lila Wise, the wife of Harvey Wise, when she appeared before Judge Kunkel this morning and asked for a maintenance order against her husband in favor of herself and their two small children.

"What is this woman to whom you refer?" asked the court.

"It is Emma Rhan. She and my husband disappeared on the same day several months ago, and they were seen together in Cleveland, Ohio. They also were seen in Carlisle and in Hagerstown, Md."

The woman added that the separation between her and her husband followed quarrels growing out of his going to the Rhan home, presumably to play cards. The court directed Wise to pay \$6 a week for the support of his family. The sheriff informed the court that the Cumberland county authorities have lodged a detainer against Wise, in connection with a suit brought by Mrs. Wise, in which the husband is wanted on a serious charge.

He Stole a Cornet

For stealing a cornet and a watch, Andrew Strickler, employed in a Market street lunch room, got four months. As an excuse for walking out of his boarding place with his roommate's overcoat and shoes, John Smith, 19 years old, a Southerner, said: "I'd bin drinking." He was given seven months.

When the choir of Wesley A. M. E. church decided to give a concert in Carlisle several weeks ago, Stauley Jackson, one of the members, was figuring on a scheme by which to get carfare to that city. He pawned a \$25 overcoat belonging to William B. Luckett, his roommate, for seventy-five cents. Jackson said he thought Luckett would not miss the coat since he had two. Jackson got three months.

Edward Bradley struck Grace Van Buskirk in the face "because she cussed me" and got thirty days. A similar sentence was imposed on Oliver Curtis, who confessed to striking Susie Willis.

"She tore my shirt and I soaked her," he said.

JACOB FAHS FATALLY HURT

Native of Pennsylvania Fell From Load of Wood in Kansas

Jacob Fahs, who was born in Lancaster county, Pa., in 1838, died last Tuesday, Holton, Kan., from the effects of injuries he received in falling from a load of wood a few days previous. While driving along a country road the wagon went over a little ditch, throwing Mr. Fahs off. He struck on his face and a sack of corn upon which he was sitting struck him on the back of the head, rendering him unconscious. His injuries consisted of concussion of the brain, a broken collarbone and rib and internal injuries. He died without regaining consciousness.

His son, William, and wife, of Illinois; a sister, Mrs. F. J. Keller, and husband, of this city, and a nephew, Ed Fahs, of Abilene, Kansas, reached Holton Sunday evening and were present at the time of Mr. Fahs' death and burial. He was buried in Holton cemetery nine days ago, and was in the garden and held in high esteem by all who knew him.

"The Senator's Brother," a two-act Vitagraph drama, written by the famous Novelist, Gouverneur Morris, will be shown at the Photoplay to-day. Miss Leah Baird, a former Vitagraph player who has recently returned to the Vitagraph Company, plays the leading role, supported by an All-Star cast.

The Senator, very ambitious for political honors, succeeds in getting to the Capitol. Thinking his wife would be out of place in the social set, he poses as a single man. Later, his brother, befriends the young wife and her child, and after the death of the wife, brings up Dorothy in ignorance of her parents. This is just a beginning of this interesting drama of Gouverneur Morris. The rest will be shown at the Photoplay to-day. Adv.

LATE WAR NEWS SUMMARY

Continued From First Page. Informants had postponed the decision.

Germany accounts the battle in Russian Poland as virtually won, and is already estimating the effect upon future military operations. An announcement to-day from the German general staff is to the effect that a decision is at hand and that conditions everywhere are favorable from its point of view.

In Berlin it is said the outcome of the main battle with the Russians may decide not only that phase of the main-sided war, but with the whole European struggle. A decisive triumph in the east, it is pointed out, would free part of the German army engaged there to assist the forces which are facing the British, French and Belgians in the west.

Upon what information the confident Berlin predictions were based was not fully apparent. An official German statement to-day said merely that the fighting in Poland continues. Russia admits that the Germans have won partial successes, but there is nothing to show that the continued German advance toward Warsaw is influencing the Russian campaign to the north, in eastern Prussia, or to the south near Cracow, Galicia.

Unofficial reports from Petrograd state that the Russians are continuing their advance in east Prussia and have captured Gumbinnen, a fortified city 66 miles from Koenigsberg. According to all accounts, the main battle, between the Vistula and Warta rivers, is still in progress and, although the Germans are pressing forward steadily, the Russian army is still offering determined resistance.

In the west the fighting in Belgium, which has been slow for several days on account of the weather, has broken out with renewed ferocity at Ypres, with the artillery playing the main part. London suggests that this may be the prelude to another German attempt to pierce the line, as in the past onslaughts by German infantry have been preceded by heavy artillery attacks.

From the other fields of battle reports were meagre. The Turks were said to have reached the Suez canal after defeating British forces.

The British steamer La Correntina, missing for several weeks after she sailed from Buenos Aires for Liverpool, is now said to have been sunk by the German converted cruiser Kronprinz Wilhelm. Her crew having been taken by a German steamer to Montevideo. The French bark Union, it is said, also was sunk by the Kronprinz Wilhelm.

ROCKEFELLER FOUNDATION RELIEF WILL START AT ONCE

London, Nov. 23, 2.36 P. M.—The relief work of the Rockefeller Foundation in Austria, Serbia, France and some sections of Russia will be undertaken actively at once. Dr. Wickfield Rose, head of the Rockefeller commission, said to-day that he and his associates would soon visit these countries, where the needs of the people are perhaps as great as in Belgium, although less has been heard of the conditions there.

It is the purpose of the Rockefeller committee, Dr. Rose explained, to discover the localities in which the needs of the people are greatest, regardless of the country, and send immediate relief. Ambassador Page and Dr. Rose have learned that the conditions are especially bad in some sections of Serbia.

WOMAN DOCTOR TO CARE FOR HOMELESS BELGIAN CHILDREN

Chicago, Nov. 23.—Dr. Caroline Hedger, formerly in charge of the infant welfare work in Chicago, and her assistant, Miss Janet Hall, will leave to-morrow for Belgium to take charge of the work of caring for homeless children under the Belgian Red Cross.

The Chicago Women's Club to-day donated \$2,000 to Dr. Hedger and her assistant to defray their expenses. They will carry 10,000 doses of typhoid vaccine, prepared and donated by a Chicago woman physician at a cost of \$5,000. In New York Dr. Hedger will be given 10,000 vaccine needles and \$700 worth of dressing by the Red Cross.

CHILE WILL STOP NEUTRALITY BREACHES, EVEN AT WAR COST

Lima, Peru, Nov. 23.—It is declared here to-day on what would appear to be good authority that the Germans have been maintaining what is described as a naval station outside of Valparaiso, Chile. Here they brought together a number of vessels having on board coal and provisions.

Chilean papers reaching here say the government is determined to stop these breaches of neutrality even at the cost of war.

20 KILLED IN BOMBARDMENT OF LIBAU BY GERMAN SHELLS

London, Nov. 23, 4.44 A. M.—According to Libau newspapers, during the German bombardment of Libau last Tuesday 700 shells were thrown in four hours, says the Petrograd correspondent of "The Times."

"Twenty people were killed and 40 others were injured, most of whom were women and children. No panic occurred and only that portion of the town within the zone reached by the guns was evacuated. In the other districts the people continued at their work as usual."

CENTRAL COMES OFF PERCH

Rescinds Order Concerning the Honoring of Mileage Books

Washington, Nov. 23.—Notice given by the New York Central lines that mileage books sold before October 1, when the rate was raised, from two cents a mile to two and a quarter, would not be honored for passage, has been withdrawn.

Although the railroad proposed to redeem the unused portions of such books, the Interstate Commerce Commission suspended its regulation, holding it was a violation of the contract of purchase. To-day the railroad withdrew the regulation and the commission vacated its order of suspension.

ASKS GERMANS TO TABOO HOSTILE NATIONS' GOODS

San Francisco, Nov. 23.—Baron E. H. Von Schack, imperial German consul, urged Germans throughout America to boycott goods manufactured by nations hostile to their country, in an address last night at a benefit for German wounded soldiers, widows and orphans.

"The allies," he said, "always envious of Germany's present occasion, have utilized the present occasion to slander German industry. With cold-blooded contempt of all commercial treaties and of their own laws, they are suppressing German commercial houses within their own countries and are annulling, or plainly stealing, German or Austrian patents of invention."

"Here in the United States are twelve million Germans or German-Americans. Placing the buying capacity of these at only \$150 per annum, their yearly purchasing power is \$1,800,000,000."

"Let me suggest a better system of buying. You should buy articles of German or Austrian origin if you cannot obtain American-made wares. Before buying ask where the article was made. Be loyal to America and loyal to your Fatherland."

BERLIN PAPERS HOPEFUL OVER OUTCOME IN POLAND

Berlin, Nov. 23, via The Hague and London, 11.10 A. M.—All the Berlin newspapers comment favorably this morning and very hopefully on the possible outcome of the fighting in Poland. They express the opinion that these engagements may decide the entire Russian campaign, if not the outcome of the war.

The "Lokal Anzeiger," has published an interview with an officer who speaks for the military authorities. He says that in consequence of the rolling up of the Russian right wing by General von Hindenburg and the simultaneous attack of the Austrians on the Russian left, a general Russian retreat with the evacuation of Lemberg is only a question of time. In their previous attack, this officer says, the enemy operated in accordance with their program but to-day they have been forced to give up their war plans and face an entirely different situation. Existing conditions were foreseen by the German and Austrian commanders. According to the same authority the Russians lack artillery and rides.

FRANK'S LAST HOPE GONE

U. S. Supreme Court Refuses to Review Murderer's Case

Washington, Nov. 23.—Justice Lamar to-day refused to issue a writ of error to bring to the United States Supreme Court for review the conviction of Leo M. Frank for the murder of Mary Phagan, a factory girl, in Atlanta, Ga., in 1913.

Frank is under sentence of death. His attorneys applied to Justice Lamar for the writ on the ground that a right under the Federal Constitution had been denied him when the jury's verdict was returned during his absence from the court room.

EXPERT IN ANESTHESIA LECTURES TO PHYSICIANS

Medical Club of Harrisburg Proffers Services of Dr. Robert Ferguson Who Returns in Several Days to Military Hospitals of Europe

The Medical Club of Harrisburg, following its custom of procuring as lecturers experts in the various lines of medicine and surgery, and realizing the importance of careful and skillful etherization as a factor in successful surgery, were able to secure the services of Dr. Robert Ferguson, international expert on anesthesia, who lectured at the regular meeting of the organization on Friday night.

Members of the club had been searching for one of the greatest authorities on the subject, to give Harrisburg physicians the latest word on etherization, when they learned that Dr. Ferguson had just returned from Europe. Although Memphis and other large cities desired his services, he decided to come to
