

# AEROPLANE RAID ON ZEPPELIN SHED

## Details of the Daring Attack Made by Airmen Hovering Over Friedrichshafen

# ONE MACHINE IS FORCED TO EARTH

## German Gunfire Brings One of the Raiders, a British Naval Officer, to the Ground—Several Persons Killed in the Raid

Geneva, Via Paris, Nov. 24, 12:40 A. M.—Details of the aeroplane raid on Friedrichshafen have been received here from Romanshorn, a Swiss town eleven miles from Constance. From this account it appears that two French and two English aviators, the former mounted on monoplanes and the latter on biplanes, arrived above Friedrichshafen at 1 o'clock Saturday afternoon, flying at great speed and keeping at a great height. Suddenly two of the machines plunged down to about 400 yards above the city and, amidst a hail of shells and bullets from six quick-firers worked by the men of the Bavarian regiment, circled about for half an hour, during which they threw about ten bombs in the vicinity of the Zeppelin shed. One of these bombs struck home, destroying part of the shed and some machines therein. It is reported that one of the largest Zeppelins, which was ready to be launched, was badly damaged, but the Germans deny this.

The thousand or more workmen employed about the place were at dinner when the raid occurred or the loss of life would have been greater than it was. One house was destroyed by the bombs and several persons were killed, including two soldiers.

The gunfire of the German soldiers brought one of the aviators to earth with his machine. He proved to be a British naval officer. The three other machines disappeared, but one of them, supposed to be manned by the other Englishman, is reported to have fallen to the lake and the aviator was drowned. Another report says the second machine was forced to land in Wurttemberg. In any event, only two machines were seen later flying toward Belfort, which is 125 miles in a direct line from the Zeppelin establishment.

The raid is said to have caused much anxiety in Friedrichshafen. The number of quick-firers has been doubled and all foreigners, it is said, have been expelled, as it is believed spies gave the information that another Zeppelin had been completed. The lake is being searched for the aviator who has not been accounted for.

The British official report on the air raid at Friedrichshafen, as announced in the House of Commons yesterday by Winston Spencer Churchill, First Lord of the Admiralty, declared that only three aeroplanes, all manned by Englishmen, took part in the raid. Mr. Churchill announced that one of the aeroplanes was brought down by the German gun fire and that the aviator, Commander E. P. Briggs, of the naval air service, was wounded and was taken to a hospital as a prisoner. The other machines, with their aviators, returned safely to French territory, he said.

# EARL TO MEET SANTA SHIP: GIFTS TO CHILDREN WELCOMED

London, Nov. 24.—In order to emphasize the government's appreciation of the gifts which the people of the United States are sending in the Santa Claus ship Jason, the government has decided to have one of its members, the Earl of Beauchamp, First Commissioner of Works, meet the vessel on its arrival and welcome the American commissioners and receive the toys intended for British children.

The Earl of Beauchamp will be accompanied by Francis Dyke Acland, Parliamentary Under-Secretary for Foreign Affairs. They will leave London for the port of the Jason's arrival Wednesday morning and Wednesday evening will entertain the American commissioners and the officers of the Jason at dinner.

# Gen. Von Hausen in Hospital

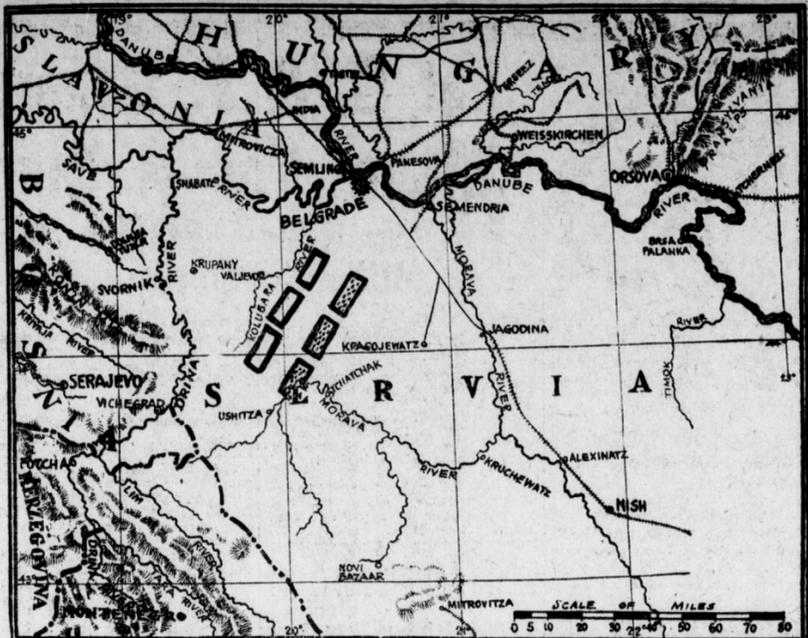

Amsterdam, Nov. 24.—The Cologne "Gazette" says it learns that General Von Hausen, former commander of the Second Army Corps, who was displaced by General von Eimann in September, has been sent to a sanitarium at Paterkerken. General von Hausen, who is 68 years of age, has previously been reported on sick leave.

# Monument to "Bobs"

London, Nov. 24.—Acting upon the proposal of Premier Asquith, the House of Commons yesterday agreed to erect a national monument to the late Lord Roberts, Parliament paying the cost.

# HOW PARIS STYLES MAKE MUCH HAIR FROM LITTLE

You have noticed the prevailing hair styles, which are Parisian, make it impossible to use false hair because of the simple lines which conform to the natural shape of the head. It therefore becomes necessary to make your own hair look as heavy as possible. This is not a difficult task if you are careful to keep it perfectly clean. In washing the hair it is not advisable to use a makeshift, but always use a preparation made for shampooing only. You can enjoy the best that is known for about three cents a shampoo by getting a package of catbox from your druggist; dissolve a teaspoonful in a cup of hot water and your shampoo is ready. After its use the hair should be rapidly washed with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.

**AUSTRIANS CROSS THE KOLUBARA, SERBIANS RESISTING IN GOOD POSITIONS.**

The Serbian armies, which a few weeks ago were within striking distance of Sarajevo, later fled across the border. The Austrians pursued them and, according to official despatches, have crossed the Kolubara River. The Serbians are resisting in well chosen fortified positions. A Berlin report mentions Kragejowatz, sixty miles south of Belgrade, as a place where the Serbians are likely to make a desperate stand. If the Serbians are defeated the Austrians will be able to attack the capital from the south.

# ARMY OF CROWN PRINCE IS CLOSE TO WARSAW WHEN REPULSED BY RUSSIANS

London, Nov. 24, 2:20 A. M.—The "Telegraph's" Petrograd correspondent intimates that the German Crown Prince's Army during the last five days threatened Warsaw but was severely repulsed. The correspondent says, however, that his forces arrived alarmingly close to Warsaw before they were finally checked.

"At Plock," the correspondent continues, "five German corps were opposed by only two Russian corps which, after putting up a desperate defense, were compelled to retire. This left the road to Warsaw open and the Germans pushed ahead, staking all on arriving at Warsaw before reinforcements could be brought up, leaving their line of communications to take care of itself.

"The Russians made a stand on the Bzura river, though the position was not the most favorable. The Germans were always in superior numbers but a number of Russian corps were moving steadily against immense difficulties of transportation toward the threatened quarter.

"But for the German skill in retirement they would be in a perilous position. They are in a long tongue of land between the Vistula and the Warta, depending entirely on these walls of water to defend their flanks. No commanding general would take such chances unless he knew that it was impossible to smash through on his flank. This is not impossible," General Rennenkampf is operating in the North.

# GERMANS LOSE SUBMARINE BOAT AND A DESTROYER

London, Nov. 24.—The Official Press Bureau announced last night that the German submarine U-18 was rammed on the north coast of Scotland by a British patrolling vessel.

The submarine was later sighted on the surface flying a white flag. Subsequently she foundered. The U-18 was seen off the coast of Scotland before the patrolling vessel discovered and rammed her.

The patrolling ship rammed the submarine at 12:20 o'clock yesterday afternoon. The U-18 appeared again at 1:20, displaying a white flag. Shortly after this she foundered, just as the British destroyer Garry came along side. The destroyer rescued three officers and twenty-three of the submarine's crew, only one being drowned. The captured German officers are Captain Lieutenant von Henning, Engineer Lieutenant Sprenger and Lieutenant Neuberg.

A dispatch to the Exchange Telegraph Company from Copenhagen says the Danish steamship Anglo-Dane was in collision Sunday night in the Sound with the German torpedo boat destroyer S-124, which foundered.

Two German sailors, according to the correspondent, were taken from the water seriously hurt, but they soon died from their injuries. The other members of the destroyer's crew were drowned.

A dispatch to Reuter's Telegram Company from Copenhagen says that the crew of the S-124 has arrived at Copenhagen. The Exchange Company's dispatch reported one drowned but the two who died of later injuries.

The S-124 was one of six destroyers launched in 1904. She carried a complement of 49 men. Her length overall was 290 feet and she was 23 feet on the beam. The maximum trial speed of this vessel was 29.2 knots.

The Sound is the narrow body of water which connects the Baltic and the Kattegat.

The submarine U-18 was built in 1912. She had a cruising radius of 2,000 miles and a speed of 14 knots above water and 8 knots submerged.

# DECREE FIXING PRICES OF POTATOES IN GERMANY ISSUED BY BUNDESRATH

Berlin, Nov. 24, via The Hague and London, 10:47 A. M.—The Bundesrath to-day issued a decree fixing the price which growers are to charge for potatoes throughout the empire.

For purposes of classification the country has been divided into four sections. The first consists approximately of the territory to the east of the Elbe and here the price is fixed at 2.75 marks, (66 cents) per decaliter, (9.08 quarts). The second section is the kingdom of Saxony and the district of Thuringia where the price is 68 1/2 cents per decaliter. In the third section, which is northwestern Germany, the price is 71 cents and in the fourth section, comprising the western and southern portions of the empire, 73 cents. These prices are for the best qualities. For inferior qualities the prices are six cents less.

Another measure adopted by the Bundesrath was to prolong by thirty days the time for protest on bills of exchange in Alsace, Lorraine, East Prussia, and a few cities in West Prussia. The regular time of protest taken with this extension gives at present a protest period of 150 days. The Bundesrath decreed also that every attempt to buy or sell the gold coins of the empire at prices above their nominal value, or the aiding in such transaction would be punished by imprisonment for one year and a maximum fine of 5,000 marks (\$1,250). At the same time the coins destined for such transactions will be confiscated.

A decree has been issued for the city of Berlin and the province of Brandenburg, which sets forth that it is the duty of everybody to supervise with care the use of wheat flour, bakeries, hotels and restaurants at present a protest period of 150 days. The Bundesrath decreed also that every attempt to buy or sell the gold coins of the empire at prices above their nominal value, or the aiding in such transaction would be punished by imprisonment for one year and a maximum fine of 5,000 marks (\$1,250). At the same time the coins destined for such transactions will be confiscated.

# AUSTRIA OFFICIALLY SAYS NO DECISION IN POLAND

London, Nov. 24, 4:04 A. M.—An official statement issued by the Austrian general staff is contained in a telegram from Vienna via Amsterdam to Reuter's Telegram Company. It says:

"In Russian Poland till now there is no decision. We continue our attacks east of Czenstochwa and north-east of Cracow. While occupying Piliica (in Russian Poland, 33 miles northwest of Cracow), our troops captured 2,400 Russians. The firing of our heavy artillery is of great effect.

"The Russian troops which had crossed the lower Danajec were unable to proceed further. The general situation has brought it about that some of the passes of the Carpathians were temporarily left in the hands of the enemy.

"On Friday a sortie from Przemysl threw back the Russians from the west and southwest point of the fortress. The enemy is now out of range of our cannon."

# ANTICIPATES FRESH GERMAN ATTEMPT ON ALLIES' LINES

London, Nov. 24, 3:13 A. M.—A "Times" correspondent in Flanders, writing under date of Sunday, says he anticipates a fresh German attempt to break through the allied line to Calais and considers that this will certainly be their final attempt because all preparations have been made for a retreat in the direction of Bruges, Ghent or Brussels immediately. His message continues:

"Strong positions have been established in the vicinity of these towns and necessary transportation arrangements have been made.

"The new forces gathered in Flanders under the Duke of Wurttemberg are at least a fourth new selection made since the commencement of the North Sea campaign and German officials estimate that their casualties during the battle along the Yser total 200,000."

# "BABY M'KEE" PAYS FINE

White House Infant, Harrison's Grandson, Arrested in Chicago

Chicago, Nov. 24.—"Baby McKee" has been fighting. It's true, he has grown up to be a man, who has fists and biceps and independent ideas of how much taxicab drivers should charge for rides. "Baby McKee" is Benjamin Harrison McKee, grandson of former President Benjamin Harrison, and gained his title and fame because he was born in the White House, while his grandfather was President.

"The White House baby" was arrested early Sunday morning, in front of the University Club, during an altercation with a taxicab driver. He objected to being arrested, but the policeman was obstinate.

Yesterday he appeared before Municipal Judge Gemmick and was fined upon conviction of two charges—failure to pay a taxicab bill and resisting a policeman. The two fines aggregated \$11 and costs.

# BRITISH OCCUPY ISLAND LONG LEASED BY GERMANY

London, Nov. 24.—The Island of Helig, one of the Channel group and a half mile off the coast of Guernsey, which is less than one square mile in area, has been occupied by British troops as a precaution against its possible use by Germany. Some time ago a mild agitation was started on the ground that the island was leased to Prince Von Blicher, a descendant of the famous German commander at the Battle of Waterloo. A wireless plant was found there shortly after the outbreak of the war and was destroyed.

Reginald McKenna, Home Secretary, explained in the House of Commons that a German company had leased the island as far back as 1889. This company in turn leased it to Prince Von Blicher, who, although placing certain restrictions, allowed some tourists to land. The island has been inspected, Mr. McKenna said, and no evidence was found of military preparations. The authorities of Guernsey have been asked to take steps to terminate the lease of the German firm.

# Kaiser's Son Recovering

Amsterdam (via London), Nov. 24.—Prince August Wilhelm, fourth son of the German Emperor, who was injured in a motor car accident, is improving, but his complete recovery will take a long time," says the Berlin correspondent of the "Telegraph." The correspondent adds that reports that the Crown Prince has been wounded are unfounded.

**MEALTIME IS HERE, BUT NO APPETITE**

YOU SHOULD TRY

**HOSTETTER'S STOMACH BITTERS**

It tones the stomach—brings back the appetite—assists digestion and assimilation—promotes liver and bowel activity—prevents Bloating, Heartburn, Indigestion, Biliousness and Malaria. Get A Bottle This Very Day

# GUILTY OF MISDEMEANOR

Prosecution Fails to Convict Henry Siegel of Larceny

Genevieve, Nov. 24.—The jury in the Supreme Court here, where Henry Siegel has been on trial for grand larceny since November 9, found him guilty of a misdemeanor in obtaining credit on false financial statements. The offense is a violation of Section 1293 of the Penal law passed in 1912. In finding a verdict on this charge the jury took a course outlined by Justice Clark in his final instructions.

Justice Clark said he had serious doubts as to the validity of the grand larceny case and permitted the jury to find Siegel guilty of the less serious offense.

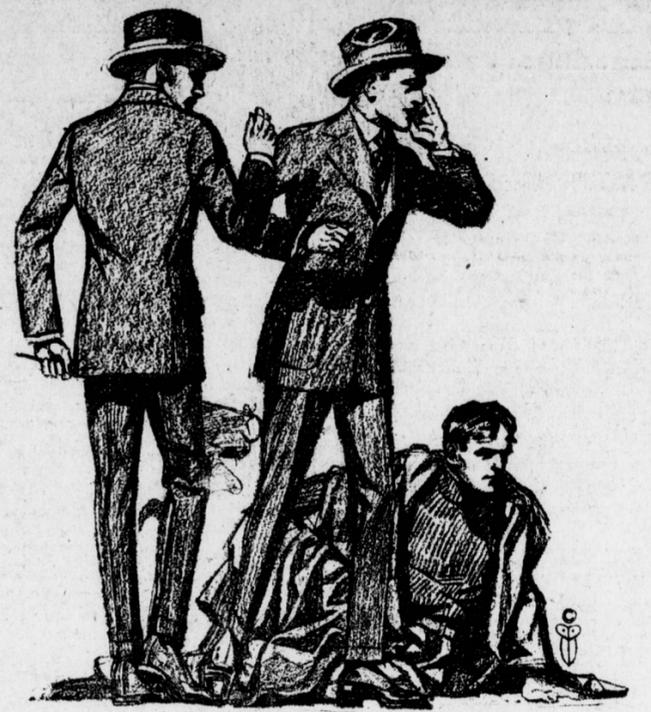

# Church Presented With Bell

Marietta, Nov. 24.—The Bible class of the Kinderhook United Evangelical church, presented to the congregation at the service Sunday evening a handsome bell which will be hung in the tower of the church and came as a great surprise and highly appreciated by the congregation. H. M. Eisenberger is the teacher of the class.

# Remarkable! This Disposal of Sheets--About One-Fourth Off

Manufactured by the well-known Utica and Mohawk Steam Cotton Mills (Utica, N. Y.).

But just because they have slight oil marks or perhaps are a little soiled from handling, they are classed as seconds. They are seamless and every one is perfect in texture; will appear as "firsts" after a visit to the wash tub, and since it is customary for many housewives to wash all sheets before using, this lot will be disposed of quickly, with one-quarter of the price taken off.

- 45c, value 59c; 54x90 inches
- 49c, value 69c; 63x90 inches
- 63c, value 80c; 72x90 inches
- 75c, value 85c; 72x90 inches
- 55c, value 75c; 76x90 inches
- 69c, value 89c; 81x90 inches
- 79c, value 99c; 81x99 inches
- 89c, value \$1.09; 81x108 inches
- 89c, value \$1.19; 81x108 inches

We call your especial attention to three different sheets that are going to be sold at less than you can buy material by the yard, and less than you have ever sold sheets of the same quality and size.

- 55c, value 75c; 76x90 inches
- 79c, value \$1.19; 81x108 inches
- 80c, value 90c; 72x90 inches

Pillow Cases to match Utica and Mohawk Sheets at proportionate prices.
