Xmas Is Just Around the Corner: Start Shopping To-morrow

There Is Always Work for the Worthy

Although this adage has been handed from great-grandmother to grandmother, and on down through the years, it still holds true to-day, and particularly during the Christmas season.

During the next few weeks we shall take on extra help in almost every department, to insure prompt service to our patrons, and invite young men and women to apply to the superintendent, at once.

We prefer young married women who have had experience in store work in the past.

Over 350 New and Beautiful Models Have Arrived for This Extraordinary Disposal of Women's Coats

'Twas not a wee bit of good fortune that brought us these three hundred and fifty coats of the very latest styles.

But the story is simple.

A leading New York manufacturer of coats—a creator of styles—discovered that he had on hand a quantity of imported coatings that could not be duplicated, and of which he had insufficient yardage of each to accept orders.

He ordered the entire lot to be made up into smart coats, and these he divided among three of his best customers—and we got our share.

There is not the least doubt that had they been made up earlier, the retail prices would have been \$15.00 to \$35.00.

To-morrow the entire lot will be on sale at

\$9.98, \$10.98, \$11.98, \$12.98, \$13.98, \$15.98 and \$16.98

Important Facts Concerning These Splendid Coats

- They are made of materials usually found in coats costing nearly twice the special prices.
- They are right up to the minute in design
- Many are new creations.
- In many of the lots, only one of each model.
- Of others there are two and three.
- Of none are there many duplicates.
- The season's favored shades predominate.
- None will be sent on approval to-morrow.
