FREIGHT RATES TOO HIGH TO BOY STEEL EXPORTING

The Pig Iron Market Appears to Have Reached the Crest of the Buying Wavelet Last Week, Says Report of 'The Iron Age'

New York, Dec. 11.—'The Iron Age' says December buying of steel products which was expected to follow rather promptly upon the appearance of a 1.05c, Pittsburgh, price for bars, plates and shaps is not yet large...

It is still true that when any considerable business is done prices suffer. But there are rather plain indications that the response to 1.05c, Pittsburgh, quotations has not been enough to convince the mills that the market can be lifted by temporarily going under it...

The pig iron market acts as though the crest of the buying wavelet was seen last week. With a few exceptions, the purchases by foundries were of moderate size and some of them were based also on expectations of usual casting contracts...

The Santa Fe railroad has increased its rail orders for 1915 to 67,000 tons, adding to the 12,000 tons being rolled at Chicago an order for 54,000 tons for the Colorado mill...

Exports of steel are hampered by high freights and a more marked scarcity of vessel room. To England 25s to 30s is the current market, which at \$23.75 for sheet bars in the Swansea Valley makes such exports far from attractive to American mills...

AMUSEMENTS MAJESTIC To-night, "Billy, the Kid" Tomorrow afternoon and evening, "Damon and Pythias" ORPHEUM Every afternoon and evening, high class vaudeville. COLONIAL Daily continuous vaudeville and pictures. "Billy, the Kid" "Billy the Kid" will warm the heart of every loving mother in the audience at the Majestic this afternoon and evening. "Billy" is a character which appeals to all classes, young and old. His devotion as a son, his gallantry and love-making as a sweetheart have captured the female element all over the country. It is one of those plays, so replete with real human interest, that it will probably live for years. Berkeley Haswell is starring in this production of "Billy, the Kid." Not in years has there been a drama which in any way approaches this one in popular interest. Adv.*** "Damon and Pythias" In the most enthusiastic endorsement of the Supreme Lodge of the Knights of Pythias has hailed this wonderful moving picture as the greatest work of its character America has yet produced. Not only is it of special appeal to Pythians, but no incident in earth's history, no love of man for man, has been so idealized as by the example of these noble warriors of Greece. Again, it is they that answer the eternal question, "Who is my friend?" You ask yourself, you ask your friend "can friendship be as constant as this?" See this wonderful story for an answer that has illuminated all ages. This surpassing spectacle will be presented in six parts at the Majestic to-morrow matinee and night, and its scenes of massive and elaborate investiture are filled with action, intense dramatic fire and most appealing sentiment. The strongest cast yet assembled for a picture production appear and Damon and Pythias are most ideally realized. Adv.*** At the Orpheum "Pekin Mysteries" of the Orpheum this week is as wonderful as it is unique. Admirers of the quaint Orient are bound to delight in this troupe of performers, not only because of the distinctly foreign atmosphere they bring with them, but because their feats are so skillful and by all odds the best we have seen. In the act of "Pekin Mysteries" it is not a case of how many feats they perform as it is the excellence of each of them. There is no stalling, no mediocre tricks just to fill in, but each one of them is extraordinary. Equilibrium, magic and Oriental dances are all happily blended into a rattling entertainment. Supporting this Oriental novelty is Betty Bond and Jimmie Cass, son in their delightful and nifty song dance and patter skit; Nane, the Parisian dancer, appears in a splendid Parisian dancing novelty; Cameron and Gaylord present a surprise comedy that is richly humorous; J. C. Nugent and company serve up a comedy with touches of sentiment, entitled "The Squarer" that calls in clever playing, interesting situations and bright lines. The Orpheum's bill is replete with merit and clever entertainment. Adv.*** At the Colonial A regulation "big time" vocal offering, in fact one that is seldom seen on popular priced vaudeville bills, is the rattling act that the Salon Singers are offering at the Colonial for the last half of the week. Such delightful harmonious, six of them, together with pleasing personalities and excellent stage pictures, is equal to any attraction of its kind that Harrisburgers have seen. Other clever Keith acts of the bill include Walsh, Lynch and company in a comedy playlet, entitled "Huckin' Run"; Dawson and Gilette, comedy, song and patter artists, and Musical Irving, novel instrumentalist. Adv.*** It Would Make a Difference Schoolmaster—Now, if your mother were to give you a large apple and a small one and told you to divide with your brother, which apple would you give him? Johnny—If you mean my big brother or my little brother?—London Trot-Bits. War is a most expensive luxury, and it is not much of a luxury at that.

THE TORTURES OF RHEUMATISM

are always aggravated during damp, changeable weather and ordinary treatments are often useless. Such conditions need the oil-fool in Scott's Emulsion to reduce the injurious acids and strengthen the organs to expel them. Scott's Emulsion, with careful diet for one month, often relieves the lame muscles and stiffened joints and subdues the sharp, unbearable pains when other remedies have failed. NO ALCOHOL IN SCOTT'S.

GAIN BY ALLEGHENY RECOUNT

Governor-elect's Total Increased 1,999 and Penrose's 6,800 Votes Pittsburgh, Dec. 11.—Judges Evans and Haymaker, who presided in Common Pleas Court during the computation of the vote in the recent election by the official returning board of Allegheny county, yesterday gave out an order amending official totals for this county for various candidates for United States Senator and Governor. The new totals computed on adding machines gives Boies Penrose 56,396 votes, instead of 49,497, or an increase of 6,899; A. Mitchell Palmer, 20,274, instead of 20,333, a decrease of 59, and Gifford Pinchot, 34,109, instead of 33,990, an increase of 119. For Governor the corrected returns are: Vance C. McCormick, 45,913, instead of 45,229, an increase of 684; Martin G. Brumbaugh, 63,466, instead of 61,467, an increase of 1,999. The recount was made as the result of the filing of a petition by Walter J. Christy, chairman of the Republican County Committee. The corrected figures have been certified to the Secretary of the Commonwealth.

A Natural Question Our small daughter is very fond of her bath, writes a contributor to Harper's Magazine, but she objects vigorously to the drying process. One day, while we were remonstrating with her, she said: "Why, what would happen, mamma, if you didn't wipe me dry? Would I get rusty?" Curvature of the Earth The earth's curvature is very nearly eight inches for the first mile, thirty-two for the second, seventy-two for the third, 128 for the fourth, and so on. Law: Curvature of the earth's surface on a true plane at sea level is close to the product of eight inches multiplied by the square of the number representing miles. Thus 128 equals eight multiplied by four squared equals eight multiplied by sixteen.—New York Journal.

NEW DISCOVERY FOR SKIN DISEASES. Doctors Having Great Success With Amolox. Amolox, the new remedy for the cure of eczema and skin diseases, is applied externally. Does not soil or stain, dries instantly, is soothing and antiseptic, penetrating the skin, killing the germs that cause the disease. It is the prescription of a well-known physician, who has used it with remarkable success in his private practice. Cases of chronic eczema, tetter, psoriasis, acne are now being cured after all other remedies have failed. It will positively kill the germ and heal the skin in barber's itch in a few days. Stops the skin soft and soothes it, renders the skin soft and soothes it, the sufferer can burn and sleep. Geo. A. Gorgas and H. C. Kennedy will refund your money, if you are not satisfied. Best results are obtained when both liquid and ointment are used. Trial size 50c. Adv.
