ONE CENT LETTER POSTAGE BEING ACITATED

One cent postage rate on letters is again being brought into prominence and many high officials declare that it is sure to come in the near future. All classes of business would be greatly benefited by its adoption, and estimated statistics show there would be such an increased demand for stamps that the apparent loss of revenue would be more than made up.
It is an impossibility to place an estimated value on health, it being a most priceless possession. Perhaps you have been careless or negligent and have allowed weakness to develop until you are now in a badly run-down condition, with poor appetite, impaired digestion and constipated bowels.

In order to get back to health and strength you must first help Nature restore the Spleen, Liver and Bowels to a normal condition. This suggests the friendly aid of Hostetter's Stomach Bitters. You will find it an excellent tonic, appetizer and strength maker and well worthy of your confidence.
It is an absolutely pure medicine, adapted to all ordinary family ailments, and your health will be greatly improved by giving it a fair trial. Be sure you get the genuine Hostetter's Stomach Bitters with our Private Stamp over the neck of the Bottle. Adv.

A Beauty Hint for Women
It may truly be said that a woman's personal appearance depends greatly upon herself. It is important that the digestive organs be kept efficient or the whole system becomes deranged with disastrous results.
In the first place, rich foods, over-eating and artificial living weaken the digestive organs. As soon as they are overtaxed, one of the organs becomes inactive—the food is only partly digested—it clogs the bowels—ferments—and all the poisonous wastes are thrown back on the blood.
This results in dull eyes, muddy skin, blotches, pimples and other disfiguring marks of poor health. The way to obtain quick, sure relief and to tone up the entire system is to take Beecham's Pills.
For Clear Complexion, Bright Eyes and Fresh Appearance
be sure to take Beecham's Pills upon the first sign of a disordered digestion. They act immediately on the stomach, liver and bowels; regulate them and keep them in a healthy condition. They clear all the poisons from the system and remove pressure from the organs—a great help to women at all times.
Beecham's Pills are mild, harmless and dependable. They are compounded entirely of the products of well-tried medicinal herbs. Contain no drastic drugs or anything to promote the physicating habit.
Over sixty years of experience have shown that Beecham's Pills are of wonderful benefit and never produce disagreeable after-effects.

LOCAL BOYS WILL GIVE CONCERT AT COLONIAL

A group of some forty little musicians, all Harrisburg boys, who are bound to make good, and who have already made good to the extent of having one of the best boy's bands in America, are Kilgore's Colonial Kids, and these progressive little fellows, who have put in a whole year of constant practice since their last engagement at the Colonial, are going to go on the stage again next week to show Harrisburg music lovers what they have accomplished.
The Colonial Kids are going to be featured the first half of the coming week at the Colonial. Wilmer & Vincent have promised the boys all of the

JOSEPH GOLDSTEIN, One of the Colonial Kids

profit of that week to help them buy new uniforms, and the little musicians were filled with expectancy in the hope that the Colonial will break all records while they are there.
It ought to be a source of much pride to Harrisburg to have a boys' band that ranks with the best in the country. When they appeared at the Colonial a year ago the boys gave splendid concerts, and it is predicted that this year will show so much improvement, as a result of their long and ceaseless practice, that all Harrisburg will be talking about the wonderful juvenile organization early in the week.

BURSTING SHELLS IN BATTLE

They Sometimes Kill a Soldier Without Even Hitting Him
The London "Lancet" tells of several cases of soldiers who have been killed by shells, although the men were not touched.
"M. Seneert," it says, "reports to the Societe de Chirurgie the case of a man who was killed without being hit, though he was less than a yard away from the point of explosion of a bursting shell of large caliber. He had not even been grazed by metallic fragments and had no external wound, but at the autopsy both his lungs were found to be burst."
"Many deaths under similar circumstances have been noted since the outbreak of the war, for which various more or less complicated explanations have been given. Fulminating toxic gases from the explosion and sudden nervous shock have been suggested as causes. M. Seneert points out that these hypotheses are unnecessary and that a purely mechanical cause is a sufficient explanation."

MARIE STODDART, SOPRANO, WHO WILL ASSIST CHORAL SOCIETY

The officers and members of the Harrisburg Choral Society are exerting every effort to make this year the best in the society's history. On Thursday, April 29th, the society will celebrate the twentieth anniversary of its existence, with an afternoon orchestral concert by the Russian Symphony Orchestra of New York, and an evening choral concert by the Choral Society, orchestra and distinguished soloists. The orchestra is composed of fifty musicians under the direction of Modest Altschuler. Last year was the first year the orchestra played here and there is no doubt from the impression then made that crowded houses will greet them again. The afternoon concert will begin promptly at 3 o'clock. The soloists at the afternoon concert will be Louis Ellin, the orchestra's concert-meister, and his violin soloist; Jacob Altschuler, viola; Miss Marie Stoddart, soprano, and a quartette of vocalists who will sing the famous quartette from "Rigoletto." The program will be announced within several days.
In the evening the Choral Society will sing Handel's oratorio "Samson." This magnificent oratorio is probably not so well known as Handel's "Messiah," but it has been ranked as high as "Messiah" by no less a judge than the composer himself, for when he was asked which of the two works he thought the greater, he replied that he did not know to which he could give the preference. The poem was written by Milton. The text and music thus furnished a striking coincidence and show what majestic things can be done by those who are without sight. The blind Milton and the blind Handel have given here a really majestic work. The soloists for the evening concert will be Miss Marie Stoddart, soprano; Miss Marie Morrissey, contralto; George Harris, tenor, and Wilfred Glenn, bass.
Patrons are requested to be in their seats promptly by 3 p. m. for the afternoon concert and by 8.15 for the evening concert. Late arrivals will not be seated during the rendition of a number. They must wait until the number being played is finished, so that the enjoyment of those who are present on time will not be interfered with. This rule must be enforced as present indications are that the theatre will be crowded at both performances.
