pectation of new repressive measures by
the Government.

appropriated \$1,000,000 to relieve the suf-
fering poor of France.

deliver Mr. Redheffer, whom Mrs. Walling-
ford claims married her, to the New York
authorities.

The Surgeon General of the United
State Marine Hospital has issued a circular
for the guidance of persons desiring
to enter the medical corps of that service.

The Republican papers of Kansas prove,
on a count, to be about equally divided
between Grant and Blaine as presidential
candidates.

Ex-Secretary of War McCrary expects
to leave Washington early next week to
assume the duties of United States Judge
of the Eighth Judicial Circuit.

The officers of the new French Cable
Company deny that there is any defect in
the cable, and declare that the line will
be opened for traffic shortly.

Three thousand four hundred and fifty-
one acres of white pine and white oak
timber land in Centre county has been

Among the converts made to temper-

When the Treasury Department was

restored to the old figure.

The present purpose of the Democracy

and adjourn by May 1. There is not
likely to be a revision of the tariff or other
general legislation. The majority are on
their good behavior and have become rid-
iculously demure.

The Postmaster General yesterday is-
sued an order to the postmasters in New
York forbidding the payment of any pos-
tal money order drawn to the order of
Simpson & Co. at No. 49 Exchange Place,
New York, and to return all registered
letters addressed to this firm to the post-
masters at the offices where they were
originally mailed. The order is based
upon investigations of a special agent of
the Post Office Department, who reports
that Simpson & Co. are engaged in con-
ducting a scheme or device for obtaining
money through the mails by means of
false and fraudulent pretenses.
