ASSESSMENTS AND TAXES.

Te-day, September 6th, is the last day on which citizens can be assessed to enable them to vote at the Nov ember election. All who have not been assessed within two years must be assessed or they will loose their votes at the next State election.

Citizens who have not paid State or county taxes within two years most pay their taxes on or before Saturday, the 6th day of October next. The constitution requires that voters must be assessed two months and pay their taxes one month be-

The Peculiar Old Mystery!

It was one of the peculiarities of the old-fashioned Doctors that they never would tell patients what they were prescribing for them. They said it would do the patients no good to know, and that it would only be gratifying a foolish curiosity. In order to keep patients from knowing, they would write the prescriptions in dog-Latin, so that most patients could not read them. All that sort of thing is now over. The patient wants to know what he takes. He is weak, and wants to be strong, or he is dyspeptic, and wants to digest well. Or he has a troublesome liver which he wants to put to rights. So he takes Brown's Iron Bitters about which there is no mystery at all. This is the best preparation of iron in the world, in combination with gentle yet efficient tonics. It gives strength. It builds up enfeebled systems. It enriches impoverished blood. It removes feminine weaknesses. It casts out debility. It is what you want, and your druggist
