SNYDER COUNTY COURTS.—The Courts of Snyder County are held on the fourth Mondays of February, May, and September, and the second day of December.

Our friends throughout the county will please send us the news in their respective towns, villages and neighborhoods. Send us the news, and we will dress them up, as the saying is, and we will always be open to those who wish to speak through them on general or local questions of public interest; but we will not hold ourselves responsible for the opinions they may express.

NOTICE TO SUBSCRIBERS.

Look at the figures on the label of your paper. Those figures tell you the DATE to WHICH YOUR SUBSCRIPTION IS PAID. Within 3 weeks after money is sent, see if date is changed. No other receipt is necessary.

Table with columns for DISTRICTS, Governor, Lieut. Gov., Auditor Gen., Sec. in Affairs, Com. at Large, Congressmen, Assembly, and Co. Surveyor. Lists names and numbers for various districts.

Moses Fry, of Franklin township, brought to our office this week six ears of corn raised from two grains planted in the spring. The ears contained 3,068 grains. Not all grains did so well as some fell among thorns, some on rocks, but these fell on good ground, sprung up and brought forth 1882 fold.

Brick Pomeroy says, there are had men in State prison, small men in office and mean men in church, but no man is so bad, small or mean as he who has not enough ambition and regard for the county and town he lives in, and whose business supports him, to take and pay for his local newspaper.

To HON. CHAS. WOLFE, Sir:—Allow me to condole with you upon your Waterloo. I see one place open. The Mt. Sherry Manufacturing Company have no agitator for their fertilizer grain drill. With due deference to no one, I am,

Very respectfully yours, WM. HADING.

H. H. Leitzel and Lillie Ayers who were joined in the holy bonds of wedlock on Tuesday evening started on a honeymoon trip to visit friends in Union and Centre counties the same evening. We are under obligations or a piece of the wedding cake. May they dwell in peace, plenty and prosperity.

This is the latest: A young woman travels about selling watches on the installment plan, collecting two dollars at the time of delivery. A confederate comes and claims the stock was stolen, giving its number in proof. The victim has the watch taken away from him and loses the two dollars he has paid. A small swindle, but it seems to pay, judging from the extensive manner in which it is practiced in neighboring towns.

"Why should not the time come when the name of Dr. David Kennedy shall be associated in the public mind with the purification of the blood, as the name of Harvey now is with its circulation. For certainly no other medical man has done so much to that end as he has. And it is also important that people should know that the result of his labors are within reach of all in the form of Dr. Kennedy's Favorite Remedy."—Evening Journal.

Of course when a man is sound and well he don't care a copper for all the medicine on the face of the earth. He has no use for it. But when disease is eating his life out he wants the right prescription and he wants it right away. For that reason all who know what Dr. Kennedy's Favorite Remedy is turn to that for help, and it never disappoints them. And it is just as beneficial to new friends as it is to old ones. Pleasant to the palate, and gentle in its action.

Dr. G. Edgar Hassinger, so well and favorably known as a practitioner by the people of this county, has located at Newton, Kansas. Judging from the knowledge we have of the West, the doctor has made a decided hit in the place he has selected to practice his profession—as towns of Newton's spirit it always warmly welcome honest, intelligent, sober, industrious, ambitious young men, and they certainly have it in Dr. Hassinger. We wish him the brilliant success his qualifications merit, and hope ere long to hear of him at the head of his profession in the state.

There is no particular harm in reading novels, provided the young people who are fond of this sort of literature are willing to ask and take counsel of older and wiser people than themselves. Some of the most instructive and elevating literature in the world is in the form of the novel. But the person who becomes so attached to light literature that he turns impatiently away from history, biography or other instructive and solid literature, is in great danger. The story taken in moderation is good; taken to the exclusion of everything else it is apt to breed intellectual shallowness and feebleness and to do lasting harm to its victim.

HEADACHE IN SCHOOL CHILDREN.—Prof. N. J. Bystruff has examined 7,478 boys and girls in the St. Petersburg schools during the last five years, and found headache in 898; that is 11.6 per cent. He states that that percentage of headache increases in a direct proportion with the age of the children as well as with number of hours occupied by them in mental labor; thus, while headache occurred in only five per cent. of the children aged eight, it attacked from twenty-eight to forty percent. of the pupils aged fourteen to eighteen. The author argues that an essential cause of obstinate headache in school children is the excessive mental strain enforced by the present education programme, which leaves out of consideration the peculiarities of the child's nature and the elementary principles of scientific hygiene. The overstrain brings about an increased irritability of the brain and consecutive disturbances in the

if you want a genuine pair of Wat-sontown Boots or Shoes, Keek's is the place to get them. Quite a number of Chester county farmers have been fleeced by lightning-rod sharpeners recently. The men represented they would put up rods containing nine points of buildings for two dollars and sixty cents, as an advertisement. When the work was finished they asked the parties whom they had supplied with rods to sign their names to contracts for the two dollars and sixty cents, which were to be returned to the company's office. Later several farmers in the vicinity learned they had signed notes for \$280 some of which had been discounted. Detectives are now on the track of the frauds and have traced them to Baltimore.

On Wednesday evening a special car was sent to this place to convey Judge Bucher to his home in Lewisburg, who, it was reported had broken both of his legs while on a fishing excursion in Lackawanna county. At 9:45 the L. & B. train arrived at this place with the Judge and Dr. Levi Rooke, of Winfield, on board, when it was learned that his honor had only sprained his right ankle severely. By the aid of A. Hawley and his fishing companion, Dr. Rooke, he was helped from the L. & B. car to the special car and taken to his home in Lewisburg. After he got on the special, he remarked, "I have suffered the most excruciating pain, and I am exceedingly glad you are here with the special to take me home."—Northumberland Press.

Well, the campaign is ended and we are confident that none are more glad than we are—hardly excepting the candidates. We appreciate the fact that it is very distasteful for readers to find their home journal crammed with politics and we don't blame them for throwing it away in disgust with the remark, "nothing but politics." Nevertheless it is every man's duty to be informed in the politics of the Nation and we don't believe a man can be a good Christian without such knowledge. It is his duty to not only pray for the success of the Nation but to act, and how can he act without knowing what to do? It is, therefore, our opinion that our brethren of the press were prompted more by these feelings than by the hopes they entertained of the success of their candidates—and especially so with the Democratic editors since the returns are in.

IN MEMORIAM.—Henry Mink died Monday Oct. 18, 1886, aged 52 years. Mr. Mink was born in Switzerland in July 1834, emigrated to the United States at the age of 18 and settled in Philadelphia, where he worked at his trade (tailoring) for about four years. He then moved to Reading, Pa., and in 1859 was there married to Sarah Bachman. He resided in Reading until 1868, when he moved with his family to Myerstown, Pa., where some years later his wife died, leaving two daughters, the eldest of whom is the wife of W. C. Snyder of Oseola Mills.

Mr. Mink moved to Middleburgh in 1879 and worked diligently at his trade until the Spring of 1883, during which time he became well and favorably known as a quiet unassuming man, a good citizen, an excellent tailor, and conscientious business man. In the Spring of 1883 he moved to Oseola Mills, Clearfield county, Pa., and there engaged in tailoring successfully until the Spring of 1885 when he moved back to Middleburgh and opened a fashionable clothing store.

Here, possessed of the confidence of the entire community, he continued in business until his last sickness. He had been suffering from ill health for several months, when about three weeks prior to his death, his arms and throat became partially paralyzed, in consequence of an apoplectic attack.

This rendered it difficult for him to wait upon customers or to speak with distinctness, yet an indomitable will bore him up until five days before his death, when, yielding to the advice of friends, he arranged his business affairs and went to the home of his daughter at Oseola Mills, Pa. Here he was seized with a second and violent attack of apoplexy which resulted in his death.

Mr. Mink was a quiet, unobtrusive man—extremely careful, neat and methodical in his business—so completely had his business been ordered, that, in spite of his physical sufferings he was able on the day he left for his daughter's home, to furnish his Attorney with full and detailed information about his business affairs, and this alone saved his estate from serious loss and embarrassment. He thus furnishes a striking illustration of the great advantage, from a financial point of view, of neatness and method. He died in the faith of the German Reformed Church.

Let us drop a tear to the memory of him who came among us a stranger, but became our fellow citizen and neighbor.

It is the common error to suppose that a large proportion of the rheumatism and neuralgia extant is traceable directly to the diseased condition or imperfect action of the kidneys and liver; therefore a remedy which cures the resulting disease must have found and smitten the first cause. Many persons using Athliphors for rheumatism and neuralgia have been surprised to find that chronic disorders of the liver and kidneys have also been greatly relieved and they have written for an explanation. The fact is, that the remedy smites directly on these organs, cleansing them from all irritating substances and regulating their action. Taken in connection with Athliphors Pills this is, without exception, the most valuable kidney and liver remedy in the world, and will cure a large proportion of those who have these diseases.

Copake Iron Works, Copake, N. Y. For the last five years have been subject to severe attacks of rheumatism which would cause me the most excruciating pain in my chest; was obliged to put myself under the doctor's care for two or three months at a time, and even then it was almost impossible to get any relief. The last time I was taken my son was at home, and I requested him to call the doctor, but he said he had heard of a new remedy for rheumatism called Athliphors and advised me to try it. I did and you can imagine my surprise, was relieved of all pain after taking one bottle and have not been troubled since. It saved me quite a sum of money, and what is better, I was not obliged to endure weeks of suffering; would not be without it in the house. Have recommended it to others and it never fails to give relief. L. H. PATTERSON.

Every druggist should keep Athliphors and Athliphors Pills, but where they cannot be bought of the druggist the Athliphors Co., 112 Wall St., New York, will send either (arrange paid) on receipt of regular price, which is \$1.00 per bottle for Athliphors and 50c. for Pills. The liver and kidney disease, dyspepsia, indigestion, weakness, nervous debility, disease of women, constipation, headache, impure blood, etc., Athliphors Pills are unequalled.

Journalism in the far West has its vicissitudes. The celebrated *Race-hits Sentinel* in a recent issue remarks: "We are thankful to a kind Providence for pulling us through a bad case of shot-in-the-leg, and we once more this week resume our editorial duties. The son of a coyote who shot us, we are thankful to state, only lived an hour after we had him in rags. Now is the time to subscribe."
