MINERS RESPECT THE SABBATH.

Shamokin Reports No Disorders in the Outlying Mining Hamlets.

Shamokin, Sept. 17.—From reports at hand from Dauphin, Columbia, Schuylkill and Northumberland counties at least 50 per cent of the men, principally between here and Centralia, went on strike this morning, and the collieries cannot be operated successfully. Because of the close of the week the United Mine Workers expect to have most of the operations in the district at a standstill.

Despite the fact that a considerable sum of money had been disbursed by the Mineral and Union Coal companies Saturday evening, there has been little if any intimation amongst the miners and no disorder has been reported from any of the outlying mining hamlets. Everything was quiet at the collieries between Trevorton, this place and Centralia yesterday. No miners were at work and no one was in the mines excepting the pumpmen and fire bosses. In this place last night the streets were deserted save by people on their way to and from the churches. The miners remained at home anxiously awaiting for the developments of today.

A mass meeting was held yesterday afternoon, which was attended by between 4,000 and 5,000 miners. They were very enthusiastic over speeches by Samuel Gompers, president of the National Federation of Labor, and John Fahy, president of the Ninth anthracite district. Mr. Fahy advised the men to stay away from the mines, and not to indulge in intoxicating drinks, and to avoid quarrels, which would tend to injure the cause of the miners.

President Gompers informed his hearers that by reason of their great patience in seeking to induce operators and coal carrying companies to grant a conference and by the cheerfulness of the miners to meet them with the sympathy of the American public was a just case, and by mutual action they would win.

MUST BELIEVE IT.

When Well Known Danville People Tell It So Plainly.

When public indorsement is made by a representative citizen of Danville the proof is positive. It is not believed that the testimony of every backache sufferer, every man woman or child with any kidney trouble will profit in the reading.

Mrs. H. A. Millard of 122 East Front street, says:—“I was doctored for Bright's disease but could get no permanent relief. Owing to rheumatism I was not able to walk without a cane and in addition to this I was very much bothered with pain across my loins and an embarrassing weakness of the kidneys. I took almost everything I could find to get relief, but without success. Doan's kidney pills did me more good than any other remedy I ever used. They positively relieved the aching in my loins, and the rheumatism in my kidneys. They gave me relief not afforded by any other medicine.”

For sale by all dealers, price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no substitute.

Bloomsburg Fair Oct 9 to 12, 1900.

This great Fair is second to none in this state. From the present outlook the management expect to have a larger and better exhibit than ever before. Nothing has been spared to make it a great success. A large addition has just been built to the grand stand. The attractions secured are novel and up to date. Something new presented between every heat of the races. Racing begins Wednesday with the 2:18 pace, 2:24 trot, 2:30 pace and 2:40 County race. Thursday the 2:14 class, 2:30 trot and 2:34 pace. Friday, the closing day, the Free for All race, 2:20 trot and 2:27 class. For premium lists write the secretary.

A. N. YOST, Sec'y.

In late years men have made fortunes out of the tailings of gold mines. The mills in which the ore formerly was crushed and the crude processes then in vogue metal to escape, and that loss amounted in some cases to a fortune. The stomach is just like a stamp mill in this respect, that when it is not in perfect order it allows the escape and loss of nutrients. The condition in Dr. Pierce's Pleasant Pellets will speedily and permanently cure the disease.

THE WORK OF BELLEF.

Already over a Million and a Quarter Has Been Contributed.

Austin, Tex., Sept. 15.—Governor Sayers yesterday was in conference with relief committees from various points along the storm swept coast. As a result of a conference with a Galveston committee it was decided that the state adjutant general, Gen. Sawyer, should be left in command of the city, which is still to be considered under military rule, and that he was to have the exclusive control in every ward, and though there is a multitude surrounding every bureau, applicants are rapidly being taken care of. There seems no present likelihood of inability on the part of the committee to furnish all the rations that are asked for. There is, of course, a scarcity of fresh beef and of milk, but bread is being provided in abundance, as well as hams, potatoes, rice and other articles.

Stood Death Off.

E. B. Mumlay, a laywer of Henrietta, Tex., once felled a grave-digger. He says:—“My brother was very low with malarial fever and jaundice. I persuaded him to try Electric Bitters, and he was soon much better, but continued their use until he was wholly cured. I am sure Electric Bitters saved his life.”

This remedy expels malaria, kills the germs of cholera, cleanses the bowels, aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints, gives perfect health, only 50c at Paules & Co., drug store.

New Foundland's Storm Fatalities.

St. John's, N. F., Sept. 19.—Reports of marine disasters during last week's gale continue to pour in from remote localities. Yesterday's advices show 17 more vessels ashore and 13 lives lost. Considerable damage was done to property along the seaboard. Hope for the safety of four other vessels, with crews aggregating 25, is almost abandoned.

Two Actresses Appointed.

Paterson, N. J., Sept. 19.—Lizzie Hamilton, aged 20 years, and Grace Gough, 25 years old, members of the Victoria Burlesque company, died yesterday of apoplexy in their room at a boarding house here. It is not known how the gas was turned on.

Advice to Consumptives

There are three great remedies that every person with weak lungs, or with consumption itself, should understand.

These remedies will cure about every case in its first stages; and many of those who are more advanced. It is only the most advanced that are hopeless. Even these are wonderfully relieved and life itself greatly prolonged.

What are these remedies? Fresh air, proper food and

Scott's Emulsion

of Cod-Liver Oil with Hypophosphites. Be afraid of draughts, but not of fresh air. Eat nutritious food and drink plenty of milk. Do not forget that Scott's Emulsion is the oldest, the most thoroughly tested and the highest endorsed of all remedies for weak throats, weak lungs and consumption in all its stages.

20c and 50c all druggists. SCOTT & BOWNE, Chemists, New York.

THE EUROPEAN BORROWERS.

Both Germany and Sweden Looking to New York For Loans.

New York, Sept. 19.—For the first time in New York's financial history American investors were appealed to yesterday at almost the same moment in behalf of two distinct foreign government loans. The German loan circular giving details of the terms on which Kuhn, Loeb & Co. and the National City bank will receive bids for the offering were published just at the time the Swedish government loan prospectus was being circulated. While the latter offering is not open for general subscriptions, being circulated informally among certain institutions by the National Park bank, arrangements have been made to pay the coupons in this city if a sufficient amount of the bonds should be placed in the United States.

The German loan offering will probably rank among the most successful ever placed by a foreign government in the United States, owing to the instant success of the movement following the announcement of the New York Life's heavy subscription.

While no date has been fixed upon for closing subscriptions, it is believed that responses already received call for pretty much all of the issue.

The Swedish loan, £2,000,000, consists of bonds bearing interest for ten years from Aug. 15, 1900, to Aug. 15, 1910, at 4 per cent per annum, and after that date at 3 1/2 per cent per annum. The Swedish government binding itself not to redeem the said loan before Aug. 15, 1920.

A Shocking Calamity.

Lately befell a railroad laborer, writes Dr. A. Kollet, of Willford, Ark.—“His food was badly crushed, but Backley's America Salve cured him. It's simply wonderful for Burns, Boils, Piles and skin eruptions. It's the world's champion healer. Cure guaranteed. 25c Sold by Paules & Co.

The Spirit in the Junior Mechanics.

Philadelphia, Sept. 19.—The war between the two factions of the Pennsylvania State Council Junior Order of American Mechanics over the per capita tax resulted yesterday in a decisive split. Both factions met together with the expressed hope that unity would be the result. All was harmony until the 126 recognized by the National Council stood in the presentation of a motion that the national body's ruling be endorsed. The other faction, numbering 269, did not rise. The 126 withdrew to another part of the room and each faction nominated officers.

Battle With River Pirates.

New York, Sept. 19.—A fierce battle was fought Monday night between a posse of special officers of the Lehigh Valley Railroad company and a gang of river pirates who were in the act of stealing coal from a tow of barges in Staten Island Sound, off Rosville, N. J. About 100 shots were exchanged, and one of the thieves, who was captured, was found to be wounded in the leg. Another who was shot managed to escape in a small boat. Key-locks, according to the companions who were captured, were drowned. Four are under arrest.

Working Night and Day.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. These pills change weakness into strength, listlessness into energy, brain-fog into mental power. They are wonderful in building up the health of the weak. Only 25c per box. Sold by Paules & Co.

RETURNING CAPTURED BATTLE FLAGS.

An incident in connection with Presentation of Tablets to Battleships.

Portsmouth, N. H., Sept. 19.—The ceremonies incident to the presentation of bronze tablets to the battleships Kearsarge and Alabama were made memorable by a pretty incident that took place at last night's banquet. The speakers at the banquet were Governor Rollins of New Hampshire and Johnston of Alabama, Secretary of the Navy Long and ex-Secretary Chandler and Herbert and Admiral Farquhar.

The banquet closed by a very interesting speech by Governor Rollins, who presented to Governor Johnston a fragment of two battle flags, all that are left of the flagship of the USS Monitor, which was captured by Private Peter Mitchell, of Conway, N. H., and Sergeant James R. Morrison, now of Portsmouth, Fla. In returning the battle flags Governor Rollins asked Governor Johnston to ascertain to what regiments and states they belong, saying “this action on the part of New Hampshire should be as a token of love and friendship.”

Governor Johnston accepted the flags in words that came from his heart, and from the verge of tears the entire assembly went to the strains of enthusiasm as the tattered emblems were raised up.

New York Brokerage Firm Fails.

New York, Sept. 19.—The announcement is made on the Stock Exchange of the suspension of the brokerage firm of Hatch & Foote. The failure is understood to have been hastened by the illness of one of the partners, and is not considered an important one. It is believed that the firm has in its early days had a large business, but was carried down by the crash of Ward panic in 1884, and since its resumption has not been in any way prominent in Wall street affairs. Mr. Foote went to Canada early in August last year and has not been heard of since. He was away for four or five weeks' stay a complete physical wreck. He is now at Oceanic, N. J., and it is stated that he will hardly live another 24 hours.

Osteopathy Cures

In ninety cases out of an hundred. If you would like to know more about it write Drs. Matthews & Hook, founders of the Atlantic School of Osteopathy and the Matthews & Hook Dispensary, 11 Ross St., Wilkes-Barre. They will send you four valuable books free. They will also send you a free diagnosis of your case upon receipt of a brief history of the same.

NEGGETS OF NEWS.

The population of McKeesport, Pa., is 24,227, in 1890, 29,741.

Seventy-two new coal mines have been opened in Prussia this year, increasing the output for 1900 by 2,000,000 tons.

Express train ran into a freight near Red Key, Ind. Fireman McClellan and a trainee were killed near Montague had both legs broken.

The yellow fever situation in Havana is decidedly unfavorable. Mr. Andrew B. Patterson, of Wheeling, W. Va., died yesterday of the disease.

A Night of Terror.

“Awful anxiety was felt for the widow of the brave General Barnham of Machias, Me., when the doctors said she would die from pneumonia before morning,” writes Mrs. S. H. Lincoln, who attended her that for two days, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of Consumption.

After taking this sleep all night, further use entirely cured her. Her marvelous medicine is guaranteed to cure all throat, chest and lung troubles. Only 50c and \$1.00. Trial bottles free at Paules & Co's., drug store.

Regardless of Age.

The kidneys are responsible for more sickness, suffering, and death than any other organ of the body.

They are especially afflictive to people to day, and are the cause of kidney troubles. It provides all classes of society, in all climates, regardless of age, sex or condition.

The symptoms of kidney trouble are unmistakable, such as rheumatism, neuralgia, sleeplessness, pain or dull ache in the back, a desire to urinate often day or night, profuse or scanty supply.

Uric acid, or brick-dust deposit in urine are signs of clogged kidneys, causing poisoned and germ-filled blood. Sometimes the heart acts badly, and tube casts (existing of the kidneys) are found in the urine, which if neglected will result in Bright's disease, the most dangerous form of kidney trouble.

All these symptoms and conditions are promptly removed under the influence of Dr. Kimmel's Swamp-Root. It has a world-wide reputation for its wonderful cures of the most distressing kidney troubles, no one need long without it as it is so easy to get at any drug store at fifty cents or one dollar. You can have a sample bottle of this wonderful discovery, Swamp-Root, by a book telling all about it, both sent to you absolutely free by mail. Send your address to Dr. Kimmel & Co., Birmingham, N. Y., and kindly enclose a 3-cent postage stamp. A general order in the MONTOUR AMERICAN.

Another Tennessee Feud Murder.

Madisonville, Tenn., Sept. 19.—The Howard-McGee feud resulted in another murder yesterday. In a crowded hotel dining room Charles and Joshua Jones met Calvin and Tom Howard, and both sides began firing. Charles Jones was killed, Joshua Jones and Calvin Howard mortally wounded and Tom Howard dangerously wounded.

Tom Howard married a member of the McGee family two years ago, against his family's protest. Ernest and Will Howard and George Morrow were killed by the McGees two days later. The Jones boys are brothers-in-law of the McGees. The McGees were placed on trial for the Howard murders today.

Admiral Seward's Funeral.

Rome, N. Y., Sept. 19.—The funeral of Rear Admiral Montgomery Seward was held yesterday at the old Floyd homestead in Westerville, it being a very simple and plain ceremony, without military honors.

GOLF LINKS.

Sunday golf when played by good people in citizens' clothes does not seem so wicked.—Milwaukee Sentinel.

Yes, the women are playing great golf this season. The ball is getting to be their special playmate. It is not only the man, the man with the golf club, but he may work longer hours.

Chicago State Register.

It is a common-sense point worth pointing to the fact that no church has felt called upon to question the morality of the game, in spite of the temptation to play it on Sunday.—Washington Star.

The golf walk is the very latest. It is described as a loose jointed stride. Flapping arms, a “poked” neck and head and a queer flat chested carriage are its hall-marks. You are nobody, of course, unless you have it.—Cincinnati Commercial Tribune.
