

INQUIRER & CHRONICLE

BEDFORD, Pa.

Friday Morning, Nov. 20 1857.

"Fearless and Free."

DAVID O'NEAL, EDITOR AND PROPRIETOR.

ADMITTED.

On motion of Alex. King, Esq., Robt. W. Ryan, C. M. Barton, and Jas. L. Rnsh, Esqrs., were admitted to practice in the several Courts of Bedford County, on Wednesday evening last.

We understand that they passed a very creditable examination.

The present week being Court, we have not been able to pay as much attention to our paper as we ought.

Young Billing, tried at the present term of our Court for the murder of young Fluck, was acquitted on Wednesday evening last.

LOCOCOFO SPECULATORS.

A story is going the rounds of the press which will show the real consideration that the demagogic leaders of the Democracy have for the Irish, on other subjects than that of voting. We condense from the Chicago Tribune of Oct. 23. It seems that a body of speculators had long looked upon the site of Superior City, Wisconsin, as one they wished to possess. They were Douglas, Frank Pierce Sidney Webster, Vice President Breckenridge, Jesse D. Bright, and others. Before the land was brought into market and before it was even surveyed, when it could only be held by occupation, these speculators employed an agent to induce a company of Irishmen to build on the ground. They did so, erected their huts, and staked off and cultivated their gardens. They fulfilled the requirements of the Pre-emption Law, excepting in recording their intention to claim the land. When the land came into market, no legal claim to it could be found on record, and the agent of these speculators hid it, and ordered the Irishmen to decamp with their pigs and property. Now, it was the intention of the Pre-emption Act to protect this very class of ignorant settlers, against the non-resident speculators. Under it, a lawyer for the Irish brought a suit before the General Land Office in Wisconsin to recover the land, on the ground of prior settlement. The suit was decided against Messrs. Douglas, Breckenridge & Co., but will probably be carried to the General Land Office at Washington.

GLOOMY PROSPECTS.

The New York Tribune predicts that by the 1st or middle of next December, at least one hundred thousand persons in the city of New York will be out of employment and nearly out of means. The ship yards in New York are nearly idle, the foundries but half working, and the great clothing stores are doing very little. It is stated that women have recently come to New York from places 100 miles away in quest of work from the clothing stores, only to be turned off with none, and compelled to beg their way home again. The Tribune adds, that places have looked for servant girls for some time past; soon servant girls will look earnestly for places, and be very glad to find them. It is predicted that soup-houses for hungry laborers who can find no labor will be wanted before January! The Journal of Commerce is of the opinion that hardly, since 1837, has so gloomy a prospect yoked upon the laboring classes of New York.

CAUSE OF MR. PORTER'S DEVALGATION.

When it was announced that Mr. Porter, Corresponding Secretary of the American Sunday School Union, a man of simple tastes and habits, with a salary of \$2,000 a year was a defaulter to the amount of nearly \$30,000, every body asked: "What has he done with the money?" Part of the acceptances were made to accommodate a friend who was a paper dealer. But this left over \$50,000 yet to be accounted for. The Philadelphia Presbyterian, of last week, states another fact that throws light upon the mystery. Twenty years ago Mr. Porter went into the morous multicausal speculation which, it will be remembered, was going to enrich so many people all of a sudden. He used the funds or credit of the Sunday School Union. He lost, like the rest of his neighbors. Finding that he had sunk ten thousand dollars of money not his own, and not having the moral courage to confess his delinquency, he used the credit of the society—being authorized to give acceptance in its name—to meet the debt and the interest. He has been doing this for twenty years—the amount of course growing all the time. If this statement is true, it shows most impressively the folly of trying to right one wrong by another, and the infatuation of a man who once begins to try to finance himself out of difficulty.

THE LAND SPECULATORS.

An article in the Chicago Tribune informs us that sheals of people from New England and the Middle States are travelling westward to look after the farm lands and building lots

in which they invested so much money last summer and spring, at a time of great inflation, or upon the security of which they lent money to western men. The Tribune adds that these investments are hopeless now, and will be so for years to come. But this probably depends upon whether the holders of such lands and lots continue to expect good prices. The article we quote from, says that the amount of land now for sale is immense, in fact out of all proportion to the demand at present, or any prospective demand for the next ten years. As for building lots, nine-tenths of them might as well be sacrificed at once by their owners for any price they will bring. From the tone of the western papers it is quite clear that none of the land now held by speculators will be salable for a long time to come unless thrown into the market for whatever it will bring. Then emigrants and settlers will be attracted to the regions which the eager appetites of speculators had swallowed up. But if not then, the next tide of emigration will pass over them entirely and they will be forgotten.

The Fredericksburg, Va., News gives us the adventures of a hundred dollar bill, and the good it accomplished. A merchant of that city went to Caroline Court on a certain occasion with a \$100 note of a certain denomination. Shortly after he got on the green he paid it over to a farmer. The farmer soon discharged an indebtedness to some one else, and thus the note kept on its mission of liquidation until near the heel of the evening, when it was again paid back to the same merchant who took it there, and he brought it back to Fredericksburg. Having the curiosity to trace its workings, he found that \$1,000 worth of debts had been paid by that \$100 note on a single day!

An evidence of the hard times which are prevailing everywhere, the Newark (N. J.) Advertiser relates the following incident: "A young mechanic on Saturday evening was arrested for stealing a piece of meat from a butcher's stall. He said he had been without work several weeks, and being without money or credit, and not proud to beg, he preferred to steal to save from starvation a wife and two children, who had been without food since Friday morning. An investigation into the case proved the truth of his statement, and he was released, given the meat, and told to come for more, and was also presented with a purse of \$6, which was made up for him."

THE WORKINGMAN'S FRIEND.

Our democratic exchange publishes the following, as an item of news: "It is reported from Washington that President Buchanan intends to introduce a system of rigid economy, and among other things to stop all work, and to dismiss the workmen employed upon the various Custom Houses and other public buildings in the course of execution. The workingman can see from this that the President has for them, at this particular time, when money is tight and industry paralyzed. To deprive them of labor, for which the Government has made appropriations, may be democratic, but there is neither humanity nor economy in the movement.

"THE FEARFUL JUDGMENT."

The last information on the subject of the man sitting on a chair for blasphemy, throws some light upon the origin of the story. It is said that a man in Union county, and not at Mt. Union, while winnowing grain, became exasperated on discovering that the weed had destroyed a portion of his grain—that he indulged in some tall swearing—went into the house and sat down, and the excitement brought on a severe attack of apoplexy, from which he ultimately recovered. This was the basis of an enlarged and wonderful story, and such papers as copied our article will do well to set their readers right on the blasphemy question.—Hollidaysburg Standard.

BURIED TREASURES COMING TO LIGHT.

The Peninsula (Del.) News says: "The people of the lower part of Sussex county, continue to pick up silver coins along the coast. A friend informs us that, according to the best information he can collect, there have been from eight to nine thousand dollars collected altogether. The coin dates, as far down as 1718, and is in circulation all over Baltimore Hundred. The prevailing opinion is that it is the money which was buried by Gibbs and Walsley, the two notorious pirates, who after conviction, confessed that they had buried money in the sand in that neighborhood."

WHAT BECOMES OF THE GOLD?

The product of gold in California for 1856 was \$77,114,858; of which \$69,136,922 were exported to foreign countries. It is largely transported from Liverpool to London; thence to France, Germany, and other parts of Europe, to be manufactured into watches, jewelry, &c. Gold has become an article of product and of export from the United States, as much as cotton, maize or wheat. Prior to the discovery of the California mines, the average export of precious metals was scarcely five millions of dollars per annum, now the annual average amount exported exceeds forty millions.

DEBT OF VIRGINIA.

It appears, from a statement of the Auditor of Virginia, that the actual public debt of the State, on the 1st of October, was \$27,482,915.63.

The most skeptical people can be convinced that all the family medicines are not hawking, and that among the thousands of butterfly life there are a few of great merit, and undoubted worth. Of these, Dr. Sanford's Invigorator of Liver Remedy stands first and foremost among the remedies of the day that can be relied on as a medicine that is all it is recommended by its proprietors. It advertises itself on every trial, for there are none who use it but tell their friends to do so, and so it goes from mouth to mouth till all the people of the Union have learned the good of this truly valuable medicine. It is recommended with testimonials to prove its virtue for the cure of liver complaints of every kind, from the worst Dyspepsia to a common headache, and is particularly adapted to Jaundice, Drowned Stomach, Bowel Complaints, and diseases of children.

One or two doses are said to cure a cold with scarce a failure. It is worth a trial for this alone. It is particularly adapted to the use of ladies, particularly those of febrile habits. Some ladies of the highest standing in society have given their certificates of its efficacy, and we say to all who are ailing, try one bottle, and you will never be without it. For sale by Dr. B. F. Harry.—Nov. 13, 1857.

TO THE MILLION.—Prof. Wood, of St. Louis, has, after years of deep study and untiring research, succeeded in presenting to the public an article superior to any now in use, and indeed it is truly a wonderful discovery. We advert to his Hair Restorative, the only article that has been completely successful in erasing age of his gray locks, removing dandruff, itching, scurfiness, &c. It restores the gray head to more than the original beauty, adds new lustre to locks already luxuriant, having the effect on coarse, harsh hair to render it glossy and watery; fastens permanently hair that is loose or falling, and many other qualities which will become known as soon as used. For sale by Dr. B. F. Harry.—Nov. 13, 1857.

HERMAN'S TINWARE can't be beat.—His shop is a few doors West of the old Globe Hotel. He is an old and good mechanic, and makes all his work himself, and sells cheaper than anybody else. All who want tinware will save money by calling on him. He follows no other business and pays all his attention to making and selling good, substantial, and cheap work. May 22, 1857.

WOODWARD'S CREAM.—A Pomade for beautifying the Hair—highly perfumed, superior to any French article imported, and for half the price. For dressing Ladies' Hair it has no equal, giving it a bright glossy appearance. It causes Gentlemen's Hair to curl in the most natural manner. It removes dandruff, itching, and gives the hair the appearance of being fresh shampooed. Price only fifty cents. None genuine unless signed.

THE MARKETS.

PHILADELPHIA Nov. 19.—The receipts of Flour have increased, the inspections of the past three days amounting to about 10,000 barrels, and with unfavorable European advices and accumulating stock, prices are less firm. There is some little inquiry for export, with further sales of 1000 barrels superfine at about \$5 25 per barrel, and 600 barrels Ohio extra at \$5 55. Sales in lots to the retailers and bakers at \$5 37 1/2 up to \$6 for common and extra brands, according to quality, and \$6 50 7/8 for fancy lots. Nothing doing in Rye Flour or Corn Meal. We quote the former at \$4 50 and the latter at \$3 25 per barrel.

GRAIN.—There is a fair amount of Wheat offering, and the demand for it is limited, and we reduce our quotations 2 cents per bushel. Sales of 1250 bushels good and prime Pennsylvania and Southern red at \$1 23 1/2 per bushel, and 1400 bushels prime Delaware white at \$1 33, about 200 bushels Rye sold at 75 cents, at which rate there is a fair inquiry for distilling. Corn is in good request, but supplies come forward slowly.—sales of 2500 bushels old yellow at 80 cents, and 600 bushels prime dry new at 60 cents. Oats are unchanged.—sales of Southern at 33 3/4 cents per bushel.—Barley is dull at 87 cents. 700 bushels Barley Malt sold at \$1 10.

MARRIED.

On Thursday morning, 12th inst., by the Rev. F. Benedict, ISAIAH CONLEY, Esq., of Schuylburg, to Miss CARRIE A. MILLER, of Bedford.

Accompanying the above, we received a large and delicious wedding cake, and what was better still, a very pretty little "yellow boy," in the shape of one of Uncle Sam's new-coined gold dollars. The example is worth following by all about to "commit matrimony," and will be duly appreciated by the printer. The young and happy couple have our best wishes for their future happiness. May naught but our continued stream of joy follow them through life's pilgrimage.

At Yellow Creek, on Thursday evening the 12th inst., by the Rev. Wm. M. Dentrick, Mr. WM. LINGENFELTER to Miss BARBARA D. FINK, of the former place.

On the 12th inst., by D. B. Troutman, Esq., Mr. JOSHUA EMMICK to Miss INDIANA DAVIS, all of Somerset County, Pa.

DIED.

On the 26th ult., in West Providence Township, Mrs. JANE WILLIAMS, wife of William Williams, in the fifty-eighth year of her age.

Her sufferings during her last illness were protracted and severe, but borne with Christian fortitude. She was an intelligent, and eminently pious Christian, hence, the closing days of her life were peaceful.—She died in hope of a blissful immortality beyond the grave; therefore, we sorrow not as those who have no hope, and comfort our hearts with the reflection that our loss is her eternal gain. Communicated.

In Friends Cove, at the house of her son, Mr. Joseph Diehl, on the 9th inst., Mrs. ANNA MARIA DIEHL, relict of the late John Diehl, Sen., aged 84 years, 3 months and 24 days. She leaves 11 children, 86 grandchildren and 88 great grandchildren.
