The Progressista party in Spain is determined to do all it can to oppose the Church and to insult the feelings of Catholics. According to the most recent telegrams, the provincial governors have received directions from Senor Zorilla to set aside portions of the cemeteries in all the towns provisionally for the use of non-Catholics until new regulations shall have been made by the Cortes. Their endeavors to promote civil marriages have been boldly met by the Archbishop of Toledo, who has instructed his clergy to refuse the Sacraments to all thus married, and to treat the parties as if they were living in a state of concubinage. A few strong measures of this sort will, it is heped, tring the dapes of the so-called Liberal faction to their senses.

The Green Spet.

Lord Seaforth, who was born deaf and dumb, was to dine one day with Lord Melville. Just before the time of the company's arrival Lady Melville sent into the drawing room a lady of her acquaintance who could talk with her fingers to dumb people, that she might receive Lord Seaforth. Presently Lord Guilford entered the room, and the lady, taking him for Lord Seaforth, began to ply her fingers very nimbly; Lord Guildford did the same and they had been carrying on a conversation in this manner for about ten minutes when Lady Melville joined them. Her female friend immediately said, "Well, I have been talking away to this dumb man." "Dumb." cried Lord Guildford; "bless me, I thought you were dumb."
