

The Morning Star and Catholic Messenger.

NEW ORLEANS, SUNDAY, APRIL 25, 1875.

reference between your position and in this: that while they follow which, of course, they think are right, yet those churches themselves are false; and, therefore, churches may be equally good or better: you are children of the Catholic Church, and her God has promised that He will be faithful in the teaching of His Church. Consequently, all churches that necessarily contradict the word of God, all nations to observe all things which the Lord commanded you: and behold I (St. Matt., xxviii., 20.)

It is a pity that you non-Catholic who flow in all good offices to them: their erroneous religious, let no man move you to violate the charity of God. Take for your guide the Holy Spirit expressed on another occasion in the name of the Holy Pontiff: "Let your hearts be united, and your faith exclusive."

On the 14th inst. the Legislature met in special session at the old St. Louis Hotel. Mr. M. Hahn took the Speaker's chair. The claims of those members who had been elected, but were deprived of their seats by the infamous Returning Board, were then referred to the Committee on Elections, which reported in accordance with the terms of the Wheeler award. After the adoption of the report, the members were sworn in, and an election for Speaker took place. Mr. E. D. Estillette, Compromise Conservative, was elected by a coalition of the Radicals with a majority of Compromise Conservatives. Mr. Estillette appointed all the standing committees anew, giving a majority on each, and the chairmanship of most of them, to the Conservatives. Four Radicals who had been declared defeated by the Returning Board, but who had been admitted to the Hahn House to make up a quorum, were then unseated and the legal representatives sworn in. All these changes occupied the first six days of the session, and were attended with some excitement, but without the slightest effort at disturbance by either party. The House then settled down to work, an immense number of bills being at once presented for its consideration. Many of these have already passed, but the vast majority of them are still under examination in committee. Meanwhile the House has, by a sweeping majority, resolved to impeach Chas. Clinton, who for the past two years has held the office of Auditor, for high crimes and misdemeanors.

In the Senate there was much less trouble experienced in proceeding to business. Here, under the terms of the award, it was only necessary to secure the seating of Mr. F. S. Goode (Conservative) in place of Crozier (Radical) as Senator from the 22d district, and this was accomplished with little delay.

So far no substantial results have been obtained from the Compromise, except it be those which arise from the knowledge that a majority of the Representatives have agreed not to attempt to disturb Mr. Kellogg in his possession of the gubernatorial chair, and that they will use their best endeavors, with such means as the dominant Radical party have kindly left at their command, to secure the repeal of bad laws and the enactment of good ones.

It is possible that the extra session will be prolonged for eight or ten days.

GOOD ADVICE.—We intend to give our readers most excellent advice, and we hope they will take the necessary steps to profit by it. Almost every person in this city knows of the existence of the New Orleans Homestead Association, though but very few know of the astonishing success which has attended its workings since its organization one year and a half ago. Within this short time it has loaned to its members thousands of dollars, thereby enabling them to purchase homes, or to keep the little places they have struggled so hard to secure from going under the auctioneer's hammer, to satisfy a mortgage claim. Moreover, the profits which are distributed to every member, borrower or non-borrower, have been so large as to excite the wonderment of even its most enthusiastic admirers. The Directors, influenced by these facts, and knowing there is a sufficiency of stock already subscribed to insure an extensive, safe and profitable business, have published, in our special notice column, their intention of having a meeting of all the stockholders on May 7th, 1875, for the purpose of reducing the capital stock of the Association. Let it be expressly stated here that the movement is not to reduce the value of each share, but only the number of shares at present stipulated in the charter as constituting the capital stock. To those who have reflected upon the proposed amendment, the change is most acceptable, for they say: it means more profit and a speedy termination. Remember, you have only until May 7th, 1875, inclusive, to take stock. Should you neglect the opportunity now presented, and desire hereafter to avail yourself of the manifold benefits to be derived, you will have to pay a pretty heavy premium before any stockholder now in it will transfer his stock to you. So call and see the Secretary, Mr. T. J. O'Sullivan at the office, 116 Poydras street, as soon as you can. If you enter this Association you will receive such unexpected benefits therefrom, that you will consider yourself greatly indebted to us for the suggestion we have just made.

TO SAVE IS TO GAIN.—This is true in more ways than one, and in none more surely than in that which leads a Christian to lay up treasures in heaven by prayer and spiritual reading. For this reason we advise our pious friends to call on Mr. P. F. Gogarty, the popular and affable proprietor of the Catholic book store, 151 Camp street, opposite St. Patrick's Church, and examine the fine stock of new books he has just received. As an evidence of Mr. Gogarty's enterprise it will be seen, by his advertisement in another column, that he will sell all books published by the New York Catholic Publication Society at twenty per cent below catalogue prices. He is also selling a book containing instructions and prayers for the Jubilee for five cents a copy.

New Hamburg work, new white goods, new Summer coat and pants stuff, new colored linen and cotton lawn, in fact, everything new in the dry goods line at the great Cash House of Brannaman & Adams, corner Magazine and St. Andrew streets.

THE WHIRLIGIG OF TIME brings about strange reprobates. The *Kreuz-Zeitung*, which used to be the special organ of Count Bismarck and the "Junker-party," has just been tried for exciting to rebellion against a decree of the President of the Grand Consistory, and for libellous invectives against that official. The Decree in question ordered the Protestant clergy to celebrate religiously the marriage of divorced persons, although their divorce were not such as have hitherto been recognized by the Evangelical Communion of Prussia. Six months' imprisonment was demanded by the Government prosecutor, but the accused editor repeated in his speech all his charges, and got off with a conviction for the libel only, and a fine of 800 marks. The organ of orthodox Prussian Protestantism has assumed an attitude of very marked opposition to the religious policy of the Government.

Our Lady friends will be delighted to hear that Levy Bros., 280 Magazine street, have received their new and well selected stock. This store is a favorite, as the clerks are always polite and obliging, and prices are very moderate.

The New Louisiana Remedy, for hoarseness, colds, coughs, catarrh, asthma, bronchitis, blood-spitting, consumption, etc., from our swamps, cures when everything else fails. Home proofs will convince any sworn jury. Examine them at 105 Camp street, New Orleans. Splendid for children, as soothing syrup or otherwise. No poison—delicious. Life tonic for the appetite, blood, debility, chills and fever, diarrhea. Prevents fevers. Sold by druggists and country merchants.

THE CHANGE OF SEASONS and the incoming of new vegetables and fruits render Bowel Complaints, especially in children, very prevalent. There is no medicine in the world superior to DR. BROWNE'S ANKERING CATHARTIC, for this class of disease. It is a specific for Diarrhea, Summer Complaint, Cholera Morbus, Flux, Cholera, etc. It is pleasant to the taste and free from any injurious quality. No household should be without a bottle of Browne's Cathartic at any time, but particularly at this season, when attacks of cholera, cholera morbus, etc., are so sudden and require instant treatment. For sale by all druggists.

THE FAMILY SEWING MACHINE.—The invention of the Wilson Shuttle Sewing Machine exerts an influence over domestic comfort unequalled by any invention of the last hundred years. As an economical arrangement it enables one person to do the work of ten in a superior manner, and with unparagonable comfort. Salesroom, 189 Canal street, New Orleans. This Company want a few more good agents.

OAK, ASH AND PINE WOOD AND PITTSBURG COAL. FULL LEGAL MEASURE, LOWEST MARKET PRICES AND PROMPT ATTENTION GUARANTEED. SEND ORDERS THROUGH POST OFFICE, OR OTHERWISE, TO MRS. FRY'S WOODYARD, 125 CALLOPPE STREET, BETWEEN CAMP AND MAGAZINE. L. E. MEEHAN, MANAGER.

MARRIED. EGAN—McGUINN.—On Wednesday, April 14, 1875, at St. Joseph's Church, by the Rev. T. J. Smith, C. M., Annie M. McGuinn and Thos. J. Egan, both of this city.

COOK'S

THIRD EDUCATIONAL TOUR.

Under the above title, Messrs. COOK, SON & JENKINS are forming a party of ladies and gentlemen, who will leave New York either on the 19th or 26th of June (as may be found most convenient), on one of the newest, largest and fastest of the Trans-Atlantic steamers. The party will be conducted by Mr. JOHN RIPLEY, a gentleman who has for the past twenty-five years been conducting parties of tourists through every part of Europe, and is therefore thoroughly qualified for the position. The conductor will relieve the traveler from all the discomforts and troubles of buying tickets, hotel arrangements, carriages, etc., enabling him to travel in the easiest manner possible.

The party will keep together through the Highlands, Lakes and prominent places in Scotland and to London, when the party will be divided into three divisions, each conducted by an experienced conductor. The first division will proceed to Paris, where it will remain eight days, and then (unless the traveler wishes to remain longer at his own expense) return to New York via Glasgow.

The second division takes in Antwerp, Brussels, the Rhine, Baden Baden, Switzerland and Paris. The third division, Brussels, Cologne, the Rhine, Switzerland, Venice, Rome, Pisa, Milan, Florence, Geneva, Turin, Mt. Cenis and Paris.

The persons who compose the party will be selected and from every part of the United States, while the cost is very moderate compared with what it would be under the ordinary mode of traveling. All accommodations being of the best.

Those wishing further information can have full particulars and program from

SMALL POX AND SCARLET FEVER.

The MIC-MAC INDIAN REMEDY is warranted as a sure cure for and preventive of Small Pox, Scarlet Fever, or other eruptive diseases.

Physicians, Clergymen, heads of Religious Orders, Ship-masters, and others, testify to its never-failing efficacy, even under the severest tests to which it could have been put.

Mr. JAMES A. McMASTER, Editor of the New York Freeman's Journal, having with his own eyes witnessed the effect of its curative powers, gives it the most urgent editorial commendation for the benefit of his readers.
