

Morning Star and Catholic Messenger. NEW ORLEANS, SUNDAY, OCTOBER 17, 1875.

letters to the Freeman in reply to the attacks of that journal upon his vain and conceited self. All he does is to abuse and to promise to go on with his "no Protestants" project. He says that the reason that the Freeman has attacked him is that he had expressed privately more than once his opinion that the Freeman's advocacy of Catholic rights was but half-hearted, and that a more truly Catholic paper was required. I need not say that the Freeman has been always a thoroughly Catholic organ, thoroughly trusted by the priests and bishops of Ireland; which, by the by, the Dublin Evening Post—Mr. McSwiney's beau ideal of a Catholic newspaper—was not, as is proved by the fact that after it had gone into bankruptcy several times, it died at last a few weeks since. Next, the Freeman and the Nation this week are enabled to declare positively that every bishop in Ireland received a copy of the Lord Mayor's circular, and replied by silence, and that the circular had been similarly treated by the priests of Ireland generally. Mr. Butt, M. P., and Mr. O'Shaughnessy, M. P., (a Catholic), addressing their constituents on Thursday night in Limerick, denounced it as a fantastic vagary and as a violation of one of the great principles of O'Connell's career; and at the meeting at which they spoke, and which was, of course, almost entirely composed of Catholics, a Catholic clergyman presided and several other Catholic clergymen were on the platform. Finally, amongst the Catholic journals which have, since the date of my last letter, added their voices to the chorus of condemnation of the circular are the Dublin Weekly News and the Liverpool Catholic Times; and even the London Tablet objects to the mixing up by Mr. McSwiney of the question of Repeal with that of Education.

THE ARCHBISHOP OF TUAM had a narrow escape of being killed a few days ago. He was driving in his carriage, in the neighborhood of Tuam when the horses took fright and ran away. Fortunately, before they struck against anything, they were seized by some spectators and brought to a standstill. I need not say what joy there is over his Grace's escape. And by the way, it is said that on yesterday (Friday) week, during the deliberations at Maynooth, the Archbishop—so strict a disciplinarian is he even at the age of eighty-six—never took anything to eat or drink till after the close of the day's business, and was, consequently, so much exhausted that he fainted.

Bianconi, the Italian who ran coaches so extensively in this country, died a few days ago in Tipperary. He commenced life as a picture-dealer, traveling through the country, and died worth an immense amount of money. He was a prominent Catholic and O'Connellite, and in private life was greatly respected.

LETTER FROM TRIBODAUZ

TRIBODAUZ, LA., Oct. 5, 1875. Editor Morning Star: The public exercises for gaining the Plenary Indulgence of the Jubilee commenced last Sunday, 3rd, in our parish, of which the Very Rev. C. M. Menard is pastor. At 9 o'clock, the several Societies having taken their places in church and an immense congregation being present, Mass was celebrated by Rev. Father Faivre. The choir, under the leadership of Prof. Chol, distinguished itself for the excellence with which they sang the Mass. Father Menard announced the order of exercises and with great earnestness exhorted the congregation to comply faithfully with all the conditions prescribed for gaining the Indulgence.

Immediately after Mass the procession was formed in the following order: The Holy Angel's Society, composed of girls between six and eleven years of age; Society of St. Valerie; Children of Mary; Nuns of Mount Carmel and the Dames de Bienfaisance; the ladies of the parish; St. Aloysius' Association of boys; St. Joseph's Society; gentlemen of the parish; St. Joseph's brass band, under the leadership of Prof. J. A. O'Sullivan; Acolytes, bearing lighted tapers; Rev. Clergy and colored members of the congregation. Each Society had a banner, while over the band floated the green flag of Ireland. The march extended from the church on the right to the backgrounds, through beautiful paths bordered on either side with oaks and catalpas, and back to the church again by the left. This march was made four times, on each return to the church five Paters and five Aves being recited. Throughout the march hymns were sung. Next Sunday and Sunday after next the same exercises will be repeated.

I am happy to announce that in preparation for this great event nearly all the congregation received Holy Communion at the 7 o'clock Mass, and that on the last Sunday there will be a general Communion of all who have taken part in the exercises.

We are pleased to note the return of our young and energetic friend, William Lawrence, to the feed and Western produce business, in which he has had so many years experience that he not only fully understands it but is thoroughly identified with it. He has reopened at his old stand, No. 732 Magazine street, one door above Third street, where he has now a large, fresh and desirable stock. He selects his own goods, which insure their being of the best quality and at the lowest possible prices. Mr. Lawrence is a prompt, courteous and reliable merchant, with whom our readers will find it a pleasure to deal, and he has clerks who are polite and attentive to the wants of his customers.

ALABAMA GOLD LIFE INSURANCE COMPANY OF MOBILE.—Special attention is called to the card, on our fifth page, of the general agents of this company. The Gold Life is established on a most solid basis, having a large capital and surplus and its officers being among the most wealthy and intelligent of the citizens of Mobile. The company will write term, debtor and all other forms of policies. It has also made arrangements in New York to obtain loans on policies, etc. Messrs. Stuart & Livingston, whose office is at 173 Common street, will make very favorable arrangements with good agents to work in the city or country.

If you want good boots and shoes for yourself, your wife or your children, remember that George J. Wagner has a splendid stock at the corner of Ursulines and Dauphin streets, and that at the expense of a few nickles for car fare you will save many dollars, so low are the prices.

TELEGRAPHIC SUMMARY.

ROME.—Cardinal McCloskey left on the 12th. He will visit Cardinals Manning and Cullen before returning to America. He ordered an altar in Rome at a cost of \$40,000 for the Cathedral in New York. The Pope will send two mosaics representing the Madonna and St. Agnes, to the Centennial Exhibition, Philadelphia.

GERMANY.—The Kaiserhof Hotel, Berlin, the finest structure of the kind in Germany, was burned on the 11th.—Bismarck is sick, and will not accompany the Emperor on his visit to Italy.—It is reported that the Government will demand this year an addition of 6,000,000 marks to the war estimate.

BAVARIA.—The National and Catholic party, now in a majority in the Bavarian Chamber, have demanded of the King the dismissal of the ministry. The King refused to comply with the demand and it is reported that the Chamber will be dissolved.

SPAIN.—The Imparcial states that the Government, in reply to the communications of the Vatican, declare they will respect the Concordat except where it interfered with the internal affairs of Spain. The Government, while admitting that the Concordat has been violated, must accept accomplished facts and maintain the status quo.—The bombardment of San Sebastian by the Carlists, continues.—The Carlist General Sebaste, having failed in his last expedition, has gone to Switzerland. 500 Carlists, who entered France, have been disarmed.

TURKEY.—Under the pressure of the great powers Turkey is diminishing her troops on the Serbian frontier. Servia has ceased the mobilization of her forces.—A Berlin special to the Pall Mall Gazette says, it is now proposed in the execution of the contemplated reforms, that the administration of the disaffected provinces be entrusted to a governor general enjoying the confidence of the Christian subjects of the Porte. The proposal seems likely to succeed, though it is not likely the great powers will guarantee the reforms, not withstanding the insurgents insist on it. The Consuls at Mostar are negotiating and endeavoring to pacify the insurgents through the medium of the clergy.

BRAZIL.—The session of the Brazilian Parliament has been closed by the Emperor in person, who in his speech on the occasion, declared that the relations of Brazil with the foreign powers were satisfactory. The amnesty granted to the bishops would restore harmony with the Holy See.

UNITED STATES.—THE ELECTIONS IN THE WEST.—The principal topic of interest during the past week has been the election in Ohio. Party lines were greatly disturbed because the Democrats of that State had not adopted a platform in accordance with the principles of the party and the present views of nine tenths of its members in other States. They declared against a contraction of the currency and a speedy return to specie payments. Hence Democrats elsewhere were inclined to look favorably upon the defeat of the Ohio Democracy, feeling assured that this would destroy the financial heresy, and even the most intense partisans only wished to see Gen. Allen (Dem.) re-elected by the skin of his teeth. The election took place last Tuesday, and resulted in the success of the Republican party, by an average majority of about 3500 in a very full vote.—In Iowa, always a thoroughly Republican State, the Republican majority ran up to about 30,000.

KILLING OF THE NOTORIOUS JOHN GAIR.—The notorious negro, John Gair, who has been a terror to the people of East and West Feliciana, was arrested recently in Baton Rouge for investigating his sister-in-law, Catharine Matthews to poison Dr. Sander's of Clinton. The Doctor narrowly escaped death and Catharine confessed her crime. On the night of the 13th, while a posse was taking Gair from Baton Rouge to Clinton, it was overpowered by 70 masked men who shot Gair to death and afterwards hung the woman Catharine.

MISSISSIPPI.—The troubles at Friar's Point, Coahoma county, are at an end. A committee composed of whites and negroes, has issued a circular calling on all good citizens to help to preserve the peace. It appears that the negroes, after a long and sometimes previous to the attack, been telling the negroes that the torch was the only remedy they had against the whites, and that several valuable build ings had been destroyed in the country. On the night of the 12th, three negroes were attacked by some ruffians on the streets of Vicksburg, one being killed outright, one mortally and the third seriously wounded. When news of the affair spread through the city, the citizens were loud in their denunciations of the assassins. In the evening an immense meeting was held, at which resolutions were passed condemning the outrage and pledging all to support the laws and see justice done.

MISCELLANEOUS.—The Inman steamer, City of Berlin, lately made the trip from Queenstown to New York in 7 days, 15 hours, and 45 minutes; the fastest time on record.—Heavy frost and thin ice around Memphis on the 12th.—October 1st, according to official Washington data, there were in operation in the United States 1784 distilleries with a daily capacity of 189,283 gallons. Gen. Bartlett having declined the Democratic nomination for Lieut-Governor of Massachusetts, John Quincy Adams has been placed on the ticket.—The negroes of Liberia have gained five victories over the neighboring savages who attacked them.—The Western Union Telegraph Company's receipts last year amounted to \$3,564,574 69; expenses, \$6,335,414 77; profits, \$2,339,159.

OPENING OF FALL MILLINERY.—Wednesday was a beautiful day, fortunately for the ladies, who had anxiously looked forward to the grand opening of fall and winter millinery at the elegant parlors of Mrs. F. R. Hardon, No. 29 Chartres street. From early morning until late in the afternoon the representatives of the wealth, beauty and refinement of our city thronged to this popular store, and were amply repaid by the magnificent display of hats, ribbons and feathers—a stock selected with that care, skill and good taste for which Mrs. Hardon's establishment has always been celebrated. The styles are very handsome, especially the Bonbrant, Orleans, Terese, Lucia and Elf. Straw and felt are both used, and in the trimmings birds and flowers are very prominent. It was a gala day with the fair sex, all of whom seemed well repaid by their visit to Mrs. Hardon's fashion Parlors.

We call our readers' attention to the advertisement of the well-known and popular piano dealer, Mr. L. Grunewald, of Grunewald Hall, 16, 18, 20 and 22 Baronne street. As very few persons are capable of judging for themselves of the qualities of a piano, organ, or other musical instrument, it is of the utmost importance to the purchaser to buy from a responsible and conscientious dealer, one whose word can be depended upon. Such a man is L. Grunewald, Esq., and any article from his store is warranted and bound to give satisfaction. Mr. G.'s exclusive and sole agents for the leading pianos of the world, such as Steinway, Pleyel, Knabe, Westmeyer, etc., also of the best organs, such as the Mason & Hamlin, Trayer and others. Second-hand instruments sold at a sacrifice.

The best thing for coughs, colds and catarrh affections is Laplace's Indian Turbip Pectoral Balm. For sale by all first-class druggists at \$1 a bottle. B. Laplace, chemist, 23 Elysian Fields street, proprietor; Dubose & Co., 20 Water street, agents in Mobile. See advertisement on page five.

A NEW DISCOVERY.—The Deutsche Reichszeitung announces "an unquestionable authority" that a German Jesuit, Father Martin Egger, has discovered an electromotor. It would seem that for the last fifteen years Father Egger has been endeavoring to find out a way of making electro-magnetism useful in machinery in the same way that steam is employed. He has at last succeeded in exciting a machine in which electro magnetism will be employed as the moving power, just as steam would be employed. He laid his project before the Imperial Society of Arts and Sciences at Vienna, which, upon examination, pronounced it practical, and decided to furnish the inventor with the means for fully completing his machine. The inventor has obtained an Imperial patent, and is now engaged in completing his invention, which, when finished, will be sent to the Universal Exhibition in Philadelphia. The Imperial Academy seems to take very great interest in this discovery, which, if it does not prove too costly, seems destined to effect great changes in machinery and the means of locomotion. Father Martin Egger was born in 1832 at Zell in the Zillertal, in the Tyrol, made his preliminary studies at the Gymnasium of Salzburg. He became a Jesuit in 1852, and was ordained priest in 1866. He made his divinity studies at the University of Innsbruck; and has been for many years Professor of Mathematics and Physics at the Jesuits' College at Mariaschen, in Bohemia.

The Bankrupt.—It is estimated that of the number who launch their bargains on the stormy sea of commerce, nine out of ten become bankrupt. Many things conspire to effect this result. Prominent among them is "living beyond your means," exhausting your financial strength. So it is in the physical world, passion, anxiety and dissipation of a long life, we launch out in the quest of pleasure. We live beyond our means; undermining our constitutions by extravagance in eating and drinking; by disregarding the natural laws of health, and ere we are aware of it we are bankrupt in body—Dyspepsia and Rheumatism, or Liver Complaint, or shattered nerves, or Kidney Disease or Dropsy exhausts our physical capital and we are unable to meet the heavy drafts upon our constitution. But you may resume. Check your extravagance and, by the aid of TUTT'S PILLS, your broken constitution will be restored, and the drafts on the exchequer of health will never be dishonored.

IN MEMORIAM: DIED in Mobile, Ala., on Tuesday, October 19, 1875, ANDREW POED, aged thirty-eight years, a native of Andover, County Galway, Ireland, and a resident of Mobile for the past twenty years. His life was a living illustration of all the virtues that make a true husband and a loving father. That the prayers of a devoted wife and children, a loving sister, and many affectionate friends in his behalf may be heard with favor at the Throne of Mercy, is the earnest prayer of his friend. P.
